United Arab Emirates Policy Making Contemporary:

The United Arab Emirates Kristian Ulrichsen, 2016-12-01 Led by Dubai and Abu Dhabi the UAE has become deeply embedded in the contemporary system of international power politics and policy making Only an independent state since 1971 the seven emirates that constitute the UAE represent not only the most successful Arab federal experiment but also the most durable However the 2008 financial crisis and its aftermath underscored the continuing imbalance between Abu Dhabi and Dubai and the five northern emirates Meanwhile the post 2011 security crackdown revealed the acute sensitivity of officials in Abu Dhabi to social inequalities and economic disparities across the federation The United Arab Emirates Power Politics and Policymaking charts the various processes of state formation and political and economic development that have enabled the UAE to emerge as a significant regional power and major player in the post Arab Spring reordering of Middle East and North African Politics as well as the closest partner of the US in military and security affairs in the region It also explores the seamier underside of that growth in terms of the condition of migrant workers recent interventions in Libya and Yemen and latterly one of the highest rates of political prisoners per capita in the world The book concludes with a discussion of the likely policy challenges that the UAE will face in coming years especially as it moves towards its fiftieth anniversary in 2021 Providing a comprehensive and accessible assessment of the UAE this book will be a vital resource for students and scholars of International Relations and Middle East Studies as well as non specialists with an interest in the United Arab Emirates and its global position

Dynamics of Arab Foreign Policy-Making in the Twenty-First Century Hassan Hamdan Al-Alkim, 2012-04-16 The Arab world's strategic location and its considerable material and human potential should allow it to play a major role in world affairs However in addition to sharing language culture and history Arab states also face common challenges authoritarian regimes ethnic and social cleavages economic underdevelopment and the need for security from the West Hassan Hamdan al Alkim examines the dynamics of Arab foreign policy making in the twenty first century taking account of the current political developments in the Arab world since January 2011 Through an insightful analysis of pivotal issues such as the Middle East Peace Process the food and water crisis and Saudi Arabia's foreign policy Alkim brings us closer to a nuanced understanding of contemporary Arab politics and its role in world affairs This balanced and discerning study is essential reading for policy makers academics and students of Middle Eastern politics

Policy Styles and Policy-Making Michael Howlett, Jale Tosun, 2018-10-26 Richardson et al's respected and seminal *Policy Styles in Western Europe* 1982 shed valuable light on how countries tend to establish long term and distinctive ways to make policies that transcend short term imperatives and issues This follow up volume updates those arguments and significantly expands the coverage consisting of 16 carefully selected country level case studies from around the world Furthermore it includes different types of political regimes and developmental levels to test more widely the robustness of the patterns and variables highlighted in the original book The case studies covering countries from the United States Canada Germany and the UK to

Russia Togo and Vietnam follow a uniform structure combining theoretical considerations and the presentation of empirical material to reveal how the distinct cultural and institutional features of modern states continue to have implications for the making and implementation of public policy decisions within them The book is essential reading for students and scholars of public policy public administration comparative politics and development studies

Policy-Making in the GCC Neil Quilliam, Mark C. Thompson, 2017-09-11 The GCC is a major player in the post 2011 reordering of the Middle East Despite the rise in prominence of individual Gulf states especially Kuwait Qatar Saudi Arabia and the United Arab Emirates and the growth of the GCC as a collective entity surprisingly little attention has been paid to the actual mechanics of policy making in the region This book analyses the vital role that institutions are coming to play in shaping policy in the Gulf Arab states The research coincides with two key developments that have given institutions new importance in the policy process the emergence of a new generation of leaders in the Gulf and the era of low oil prices Both developments along with dramatic demographic change have compelled state and citizens to re evaluate the nature of the social contract that binds them together Contributors assess the changing relationship between state and citizen and evaluate the role that formal and informal institutions play in mediating such change and informing policy The book shows how academic social and economic institutions are responding to the increasingly complex process of decision making where citizens demand better services and further empowerment and states are obliged to seek wider counsel although wanting to retain ultimate authority With contributions from both academics and practitioners this book will be highly relevant for researchers and policymakers alike

Russia and the GCC Diana Galeeva,2022-12-29 In recent decades Russia has played an increasingly active role in the Middle East as states within the region continue to diversify their relations with major external powers Yet the role of specific Russian regions especially those that share an Islamic identity with the GCC has been overlooked In this book Diana Galeeva examines the relations between the Gulf States and Russia from the Soviet era to the present day Using the Republic of Tatarstan one of Russia s Muslim polities as a case study Galeeva demonstrates the emergence of relations between modern Tatarstan and the GCC States evolving from concerns with economic survival to a rising paradiplomacy reliant on shared Islamic identities Having conducted fieldwork in the Muslim Republics of Tatarstan Bashkortostan and Dagestan the book includes interviews with high ranking political figures heads of religious organisations and academics Moving beyond solely economic and geopolitical considerations the research in this book sheds light on the increasingly important role that culture and shared Islamic identity play in paradiplomacy efforts

United Arab Emirates 1975/76-2018 Anthony Axon,Susan Hewitt,2019-06-07 The second volume in a new series the Contemporary Archive of the Islamic World CAIW this title draws on the resources of World of Information a Cambridge based British publisher that since 1975 has published

analyses of the politics and economics of all the Middle East countries The United Arab Emirates is a young country This title covers the first four decades or so of the country s existence looking at the individual emirates their rulers and their tribes Rivalries occasionally became conflicts but year by year differences have diminished and unity prevailed In this title each annual overview gives a comprehensive picture

Defense Engagement since 1900 Greg Kennedy,2020-05-20 There is more to defense than military might and more to the military than a fighting force At a moment of global upheaval domestic turmoil and political uncertainty this timely volume seeks to define and reframe the terms of defense engagement the use of military capabilities to exert soft power influence as opposed to hard power military force Defense Engagement since 1900 is a work of applied military history that brings lessons of the past to bear on current issues In a number of case studies spanning the twentieth century and the globe the authors explore various dimensions of defense engagement Their work which attempts to recast the role of a state s military from wielder of force to employer of power is squarely aimed at tackling the causes of designated security threats and not merely managing their consequences The chapters by scholars and practitioners representing diverse points of view focus primarily on the British experience perhaps the most extensive example of the use of military power in a nonmartial fashion in pursuit of policy goals However the chapters also consider events in the United States Canada Japan the Middle East and Africa Intelligence diplomacy deterrence alliances coalitions and networks all are within the authors scope as they address the need to use a wide range of attributes and capabilities associated with military power in various contemporary conflicts and national security strategies The understanding their work provides will prove critically important to strategic thinkers of our day as democratic states increasingly contend with hybrid subthreshold and Gray Zone warfare

The Middle East and South Asia 2019-2020 ,2019-10-09 More than a quarter of the world s population live in the Middle East and South Asia yet our knowledge and understanding of the region is often limited to news updates about the latest conflicts and crises This 53rd edition of the annually updated volume of the World Today Series provides important insights that take the reader beyond the headlines It offers detailed and up to date information about the politics economies and societies of the twenty four states that make up the region Contemporary events are placed in their historical context through an examination of major civilizations and key historical events This volume introduces major themes that have shaped the region including the struggles of ordinary people to achieve democratic rights the role of oil in shaping society burgeoning environmental threats and the rise and fall of the Islamic State caliphate While there is reason for optimism in regards to the Middle East and South Asia this is tempered by the very real challenges that confront the region The general reader will gain an understanding of these challenges and opportunities through an exploration of current and past developments

Evolution of the Armed Forces of the United Arab Emirates Athol Yates,2020-12-10 While today the military of the United Arab Emirates is described admiringly as a little Sparta just 60 years ago the only security forces in the Emirates were the armed retainers of the Ruling Sheikhs and a small

British led locally raised Arab force Through a combination of direct oversight by rulers investment in its nationals engagement of expatriates and the purchase of cutting edge military hardware the UAE Armed Forces has become arguably the most capable Arab military In the last decade it has also gained considerable experience through its military operations in Afghanistan Libya Iraq Syria and Yemen This book traces the little known history of the country s military from 1951 to 2020 It provides unparalleled detail on the constituent forces that evolved into the UAE Armed Forces in 1976 and how that unified force has evolved to the present It provides essential background information on how the country s geography demographics and political system have shaped its military the enduring roles of the military and the history of each military service It also details the political and command structure governing the military and its manpower and materiel characteristics The book concludes with an explanation of how the UAE has been able to develop such a highly capable military for its size in a relatively short period of time

A Strategic Analysis of the Construction Industry in the United Arab Emirates Viktor Gorgenl,,nder,2011-02 The construction industry is one of the most booming industries in the world In particular in the United Arab Emirates this industry has experienced a constant growth over the course of the last few years Driven by the UAE s oil wealth the country has witnessed an unmatched development and transformation Oil revenues have lead to a driving construction boom and completely change the face of the state The construction industry is still one of the engines of economic growth in the UAE One of the highest concentrations of cranes in the world speaks volumes about the incredible pace of construction taking place particularly in Dubai and Abu Dhabi but also in the other emirates The fact that about 30 000 or 24 percent of the world s 125 000 construction cranes are currently operating in the region speaks for itself The UAE s construction projects stands out clearly from building projects in other parts of the world due to the fact that there is no constraint on constructional imagination and there is no place in the world where construction moves as fast as in the UAE With some of the most innovative mega projects such as Burj Khalifa the tallest building in the world or The Palm Jumeirah The Palm Jebel Ali and The Palm Deira the world s largest man made islands with epithets of world s biggest best and tallest the UAE construction industry remains unbeaten The construction industry is a complex environment in which each organization is faced with numerous opportunities and threats This book provides an in depth analysis of the fast growing construction industry in the UAE while scanning the construction business for opportunities and threats This book implements the PESTEL analysis that will be used to analyze the UAE s construction industry The main objective of the research reported in this book is to identify the factors in the macro environment that might affect an organization Having the PESTEL context this output is used to execute a SWOT analysis The PESTEL factors combined with external micro environmental factors are classified as opportunities and threats in a SWOT analysis Thus this research also aims to identify the opportunities and threats in the construction business This study does not assess company s internal strengths and weaknesses Through strategic analysis of the UAE s construction business this book creates an adequate

framework that helps participants of the construction business to take advantage of opportunities while protecting them from threats

The UAE after the Arab Spring Khalifa Al-Suwaidi, 2023-03-23 Why did the Gulf monarchies and the UAE in particular avoid the upheavals and challenges of the Arab uprisings This book examines how the UAE survived the waves of regional unrest It departs from attributing regime survival to rentier state theory and instead offers a more nuanced approach to understanding the pillars of regime legitimacy upon which the UAE now rests In doing so the book sheds light on the transformation of the UAE from a quietist state which relied almost entirely upon an overseas security guarantor to an assertive regional power in its own right Written by an Emirati author who understands the internal dynamics of the country the book examines the state's proactive foreign policy and the changing domestic and regional environment influencing its decisions The book argues that the UAE leadership encouraged a new national identity to evolve amid the pressures of modernity particularly at a time when young Emiratis had access to information beyond government control via social media This is also part of its shift away from a country based on a rentier economy to a situation where the citizens take more initiative learn more skills and increasingly enter the private sector to help the country prosper This has given rise to a new Emirati identity that is politically conservative economically neo liberal and socially liberal In providing an analysis of the policies of the UAE leadership before and after the Arab Spring this book is a vital contribution to the literature on Emirati domestic and foreign policy and points to where the country might be headed

The Foreign Policy of the United Arab Emirates Hassan Hamdan al- Alkim, Hassan Hamdan Alkim, 1989 Foreign Policy has been crucial to the UAE ever since its birth in 1971 following Britain's decision to withdraw from the Gulf How is the federation's foreign policy formulated What are the internal and external pressures which shape it How can a small Gulf state survive in the modern world Dr Hassan Hamdan al Alkim himself a UAE national has not only studied the Emirates policy making process in depth He has also interviewed some of those closely involved in it His detailed and fully documented study outlines the origins of the UAE and describes the evolution of its policies towards its neighbours the wider Arab world and the big powers Three illuminating case studies examine relations with Saudi Arabia and Iran and the UAE's attitude towards the Palestine question

A Modern Guide to the Economics of Happiness Luigino Bruni, Alessandra Smerilli, Dalila De Rosa, 2021-01-29 Exploring the modern approach to the economics of happiness which came about with the Easterlin Paradox this book analyses and assesses the idea that as a country gets richer the happiness of its citizens remains the same The book moves through three distinct pillars of study in the field first analysing the historical and philosophical foundations of the debate then the methodological and measurements issues and their political implications and finally empirical applications and discussion about what determines a happy life

International Higher Education Hubs in the Global Education Industry Marvin Erfurth, 2022 Education hubs are a recent phenomenon in higher education systems of predominantly Asian countries to innovate local systems through the expertise of foreign actors particularly from English speaking countries To understand

some of the phenomenon's implications on international higher education this empirical study compares attempts to create education hubs in Singapore and the United Arab Emirates First the book explores the analytical potential of current approaches to study the phenomenon and second it investigates how education hubs change policy and governance in the higher education systems of Singapore and the United Arab Emirates The book sheds light on how education hubs lead to the involvement of Global Education Industry actors in local systems and how the phenomenon creates new dynamics for policy making and research Marvin Erfurth ist Wissenschaftlicher Mitarbeiter an der Westfälischen Wilhelms Universität Münster Arbeitsschwerpunkte Internationale und Vergleichende Erziehungswissenschaft Internationale Bildungspolitik Hochschulforschung Bildungsökonomie *The Small Gulf States* Khalid Almezaini, Jean-Marc Rickli, 2016-12-08 Small states are often believed to have been resigned to the margins of international politics However the recent increase in the number of small states has increased their influence and forced the international community to incorporate some of them into the global governance system This is particularly evident in the Middle East where small Gulf states have played an important role in the changing dynamics of the region in the last decade The Small Gulf States analyses the evolution of these states foreign and security policies since the Arab Spring With particular focus on Oman Qatar and the United Arab Emirates it explores how these states have been successful in not only guaranteeing their survival but also in increasing their influence in the region It then discusses the security dilemmas small states face and suggests a multitude of foreign and security policy options ranging from autonomy to influence in order to deal with this The book also looks at the influence of regional and international actors on the policies of these countries It concludes with a discussion of the peculiarities and contributions of the Gulf states for the study of small states foreign and security policies in general Providing a comprehensive and up to date analysis of the unique foreign and security policies of the states of the Gulf Cooperation Council GCC before and after the Arab Spring this book will be a valuable resource for students and scholars of Middle East studies foreign policy and international relations
