Understanding The Historical Books Of The Old Testament Ancient Christian Writers:

Understanding the Historical Books of the Old Testament Vincent P. Branick, 2011 **Israel's Scriptures in Early Christian Writings** Matthias Henze, David Lincicum, 2023-07-20

How did New Testament authors use Israel's Scriptures? Use, misuse, appropriation, citation, allusion, inspiration: how do we characterize the manifold images, paraphrases, and quotations of the Jewish Scriptures that pervade the New Testament? Over the past few decades, scholars have tackled the question with a variety of methodologies. New Testament authors were part of a broader landscape of Jewish readers interpreting Scripture. Recent studies have sought to understand the various compositional techniques of the early Christians who composed the New Testament in this context and on the authors' own terms. In this landmark collection of essays, Matthias Henze and David Lincicum marshal an international group of renowned scholars to analyze the New Testament text by text, aiming to better understand what roles Israel's Scriptures play therein. In addition to explicating each book, the essayists also cut across texts to chart the most important central concepts such as the messiah, covenants, and the end times. Carefully constructed reception history of both testaments rounds out the volume. Comprehensive and foundational, *Israel's Scriptures in Early Christian Writings* will serve as an essential resource for biblical scholars for years to come.

Examination of Religion and Ministry, Volume 2, Issue 1 Darren M. Slade, 2020-05-01

Socio-Historical Examination of Religion and Ministry (SHERM) journal is a biannual, not-for-profit, free-peer-reviewed academic journal that publishes the latest social scientific, historiographic, and ecclesiastic research on religious institutions and their ministerial practices. SHERM is dedicated to the critical and scholarly inquiry of historical and contemporary religious phenomena both from within particular religious traditions and across cultural boundaries so as to inform the broader socio-historical analysis of religion and its related fields of study. The purpose of SHERM is to provide a scholarly medium for the social scientific study of religion where specialists can publish advanced studies on religious trends, theologies, rituals, philosophies, socio-political influences, or experimental and applied ministry research in the hopes of generating enthusiasm for the vocational and academic study of religion while fostering collegiality among religious specialists. Its mission is to provide academics, professionals, and nonspecialists with critical reflections and evidence-based insights into the socio-historical study of religion and where appropriate its implications for ministry and expressions of religiosity.
