Understanding Fundamentalism Christian Islamic And Jewish Movements

Andrew J. Strathern

Understanding Fundamentalism Christian Islamic And Jewish Movements:

Understanding Fundamentalism Richard T. Antoun, 2008-02-21 The second edition of *Understanding Fundamentalism* provides a compelling and up to date picture of religious reactions against the modern secular world Comparing Christian Islamic and Jewish fundamentalist movements anthropologist Richard Antoun shows how all three share common characteristics In each tradition fundamentalists seek purity in an impure world attempt to make the ancient past relevant to their contemporary situation look to move religion out of the worship center and into every aspect of life and actively struggle against the aspects of the modern world they regard as evil The new edition addresses fundamentalism in the post 9 11 world transnational religion and the impact of religious migration on Afghanistan and Western Europe A glossary and Antoun s readable style make the concepts readily accessible for beginning students For classes in religious studies anthropology or sociology of religion *Understanding Fundamentalism* brings a balanced introduction to these often misunderstood religious activists

Understanding Fundamentalism Richard Antoun, 2001-08-07 Fundamentalism conjures up in the popular imagination images of violence intolerance literal readings of ancient scriptures anachronistic ideas of gender and sexual ethics *Understanding Fundamentalism* seeks to provide fuller more accurate pictures of these religious reactions against the modern secular world Comparing Christian Islamic and Jewish fundamentalist movements anthropologist Richard Antoun shows how all three share common characteristics In each tradition fundamentalists seek purity in an impure world attempt to make the ancient past relevant to their contemporary situation look to move religion out of the worship center and into every aspect of life and actively struggle against the aspects of the modern world they regard as evil A glossary Antoun s readable style and an extended set of conversations with a Muslim fundamentalist make the concepts readily accessible for beginning students For classes in religious studies anthropology or sociology of religion *Understanding Fundamentalism* brings a balanced introduction to these often misunderstood religious activists

Muslim Societies and the Challenge of Secularization: An Interdisciplinary Approach Gabriele Marranci, 2010-09-08 Scholars from various disciplines worked together to present the first interdisciplinary book to address the issue of Islam secularism and globalization The book has a clear structure which represents its interdisciplinary approach the first section addresses the philosophical and historical discussion about Islam and secularism the second section discusses the topic from an ethnographical and social anthropological viewpoint and the final section addresses Islam secularism and globalization from a political viewpoint This unique collection not only offers innovative research and new material it also provides empirical examples and theoretical debates and could therefore also be used as a textbook for courses on Islam globalization anthropology politics sociology and law

Understanding Global Politics Klaus Larres, Ruth Wittlinger, 2019-08-13 Contemporary international affairs are largely shaped by widely differing thematic issues and actors such as nation states international institutions NGOs and multinational companies Obtaining a deeper understanding of these multifaceted themes

and actors is crucial for developing a genuine understanding of contemporary international affairs. This book provides undergraduate and postgraduate students of global politics and international relations with the necessary knowledge of the forces that shape and dominate our global political, economic and social cultural environment. The book significantly enhances our understanding of the essentials of contemporary international affairs. Understanding Global Politics takes a pragmatic approach to international relations with each chapter being written by an expert in their respective field. Part I provides the historical background that has led to the current state of world affairs. It also provides clear outlines of the major yet often complex theories of international relations. Part II is dedicated to the main actors in global politics. It discusses actors such as the most important nation states, the UN, EU, international organizations, NGOs and multinational companies. Part III considers important contemporary themes and challenges in global politics, including non-state centered challenges. Chapters focus on international terrorism, energy and climate change issues, religious fundamentalism and demographic changes. The comprehensive structure of this book makes it particularly viable to students who wish to pursue careers in international organizations, diplomacy, consultancy, the think tank world and the media.

Making Sense of Muslim Fundamentalisms
 Nimrod Hurvitz, Eli Alshech, 2020-06-04

Studying Muslim fundamentalisms, this book compares key movements, examining their commonalities, differences and intricate relations, as well as their achievements and failures. Muslim fundamentalisms have the sympathy of approximately half of the Muslim population in the world. Yet they are divided among themselves and are in a constant state of controversy. The research dwells on the leading fundamentalist movements, such as the Muslim Brothers, Tablighi Jama'at, al-Qaeda and ISIS, and illustrates how differently they think about the West and its culture, democracy and women's presence in the public sphere. By identifying these trends and studying them comparatively, the book enables the interested reader to make sense of the plethora of fundamentalist movements which are otherwise lumped together by the media and are barely discernible for the reader. Whereas most studies of Muslim fundamentalism focus on organizational or militant actions that the movements perform, this study concentrates on their efforts to Islamize society through everyday life in a peaceful manner. Identifying the different strands of Muslim fundamentalisms, the book will be a key resource to a wide range of readers, including researchers and students interested in politics, religious, Islamic and Middle Eastern Studies.

Religion and Politics in Russia: A Reader
 Marjorie Mandelstam Balzer, 2015-01-28

Russia is not only vast; it is also culturally diverse, the core of an empire that spanned Eurasia. In addition to the majority Russian Orthodox and various other Christian groups, the Russian Federation includes large communities of Muslims, Jews, Buddhists and members of other religious groups, some with ancient historical roots. All are in a state of ferment, and securing formal state recognition for specific communities is often daunting. This collection provides entry into the diversity of Russia's religious communities. Marjorie Mandelstam Balzer's introduction to the volume illuminates major political, social and cultural anthropological trends. The book is organized by religious tradition or identity, with further thematic perspectives on each set of readings. The

authors include ethnologists sociologists political analysts and religious leaders from many regions of the Federation They analyze the changing dynamics of religion and politics within each community and in the context of the current drive to recentralize both political and religious authority in Moscow Topical coverage extends from reassertions of Russian Orthodoxy to activities of Christian and Muslim missionaries to the revival of many other religions including indigenous shamanic ones

The Anthropology of Religion, Magic, and Witchcraft -- Pearson eText Rebecca L Stein, Philip Stein, 2015-08-07 This book emphasizes the major concepts of both anthropology and the anthropology of religion and examines religious expression from a cross cultural perspective while incorporating key theoretical concepts It is aimed at students encountering anthropology for the first time

Transnationalism Eliezer Ben Rafael, Yitzhak Sternberg, 2009 This book deals with transnationalism and captures its singularity as a generalized phenomenon The profusion of transnational communities is a factor of fluidity in social orders and represents confrontations between contingencies and basic socio cultural drives It has created a new era different from the past at essential respects This is an age of enriching cultural diversity fraught with threatening risks inextricably linked to contemporary globalization National sovereignty is eroded from above by global processes from below by aspirations of sub national groups and from the sides by transnational allegiances This is the backdrop against which this book delves into the fundamental issues relating to the nature scope and overall significance of transnationalism

Spiritual Care in our Multifaith World Daniel S. Schipani, 2024-07-16 Across the helping professions and as a compassionate response to human suffering spiritual care is a special process of companionship Furthermore all forms of spiritual care always consist in connecting diverse wisdom traditions with care receivers spiritual resources longings and struggles in socio cultural and contextually pertinent ways This book thoroughly explicates such understanding with interdisciplinary lenses Its main purpose is to offer a comprehensive response to the new challenges and opportunities for excellent care presented by increasing cultural and religious spiritual pluralization Practical guidelines and case studies are connected with models of spirituality spiritual toxicity and injury communication strategies for engaging difference patterns of caregiving work and profiles of professional competence In addition to offering an overarching orientation to the field the contents of this book invite further reflection dialogue and collaboration among clinical pastoral education and psychospiritual therapy students and supervisors chaplains pastors and other religious caregivers counselors psychotherapists and others interested in spiritual care in our multifaith world It thus reflects the shared hope and indeed the expectation that spiritual care theory and practice across traditions and disciplines will continue to be enhanced in the days ahead

The Contradictions of Israeli Citizenship Guy Ben-Porat, Bryan Turner, 2011-05-24 This book provides an integrated analysis of the complex nature of citizenship in Israel Contributions from leading social and political theorists explore different aspects of citizenship through the demands and struggles of minority groups to provide a comprehensive picture of the dynamics of Israeli citizenship and the dilemmas that emerge at the collective and individual levels Considering

the many complex layers of membership in the state of Israel including gender ethnicity and religion the book identifies and explores processes of inclusion and exclusion that are general issues in any modern polity with a highly diverse civil society While the focus is unambiguously on modern Israel the interpretations of citizenship are relevant to many other modern societies that face similar contradictory tendencies in membership As such the book will be of great interest to students and scholars of political science political sociology and law

Religion, Gender and Citizenship Line Nyhagen,B.

Halsaa,2016-04-29 How do religious women talk about and practise citizenship How is religion linked to gender and nationality What are their views on gender equality women s movements and feminism Via interviews with Christian and Muslim women in Norway Spain and the UK this book explores intersections between religion citizenship gender and feminism

The Scandal of Evangelicals and Homosexuality Mark Vasey-Saunders,2016-03-09 English evangelicals give the appearance of being a community at war with each other and with the world around them The issue of homosexuality is one of the key battlegrounds How has this issue become so significant to evangelicals Why is it provoking such violent responses How is it changing evangelicals and what might this mean for the future This book examines the history of evangelical responses to the issue of homosexuality setting them in a wider historical and cultural context and drawing on the work of Rene Girard to argue that the issue of homosexuality has come to symbolise deeply held convictions within evangelicalism The conflict over the issue that is now becoming apparent within evangelicalism reveals deep divisions within the evangelical community that will have great significance for the future The Scandal of Evangelicals and Homosexuality offers an alternative perspective seeking not to present an answer to the ethical question but rather to examine the way the debate has become scandalised and consider the cost It offers a window into contemporary English evangelicalism and provides an important contribution to international and ecumenical debate

Women in Conflict and Post-Conflict Situations S.

Behnaz Hosseini,2019 This collected volume focuses on women s suffering and the conditions of their societies during conflict and post conflict situations in Iraq Iran Syria and other countries The contributions examine and explore not only general narratives but also various specific aspects of the conflict and post conflict situations in relation to the roles and statuses of these women with a number of scholars reflecting on topics from various disciplines and key areas such as the Middle East This collection also includes some articles on the suffering of women outside of the Middle East thus illustrating the similarity of some general issues women have to face throughout the world

Terror in Our Time Ken Booth,Tim

Dunne,2011-10-17 The 9 11 terror attacks profoundly altered the way in which intellectuals practitioners and the public thought about the meaning of security and terrorism This book evaluates the impact of international terrorism on global order ten years after 911 addressing a series of key issues in short accessible essays

Conspiracy of Silence Azukaoma

Uche Osakwe,2022-08-28 Nigeria is rife with divisions particularly between Christians and Muslims Both groups aim at converting others and so they are in direct conflict with each other The bitterness came to a head when Goodluck Jonathan a

Christian succeeded his former boss Musa Yar Adua upon his death Jonathan would serve as president from 2010 to 2015 The northern oligarchy was infuriated because they depended on rent and patronage which they knew would not be feasible under a Christian president They employed every tactic they could to destabilize his regime and in 2015 he lost the presidential election to the former military head of state Gen Muhammadu Buhari In this book the author lays out how politics in Nigeria is no longer based on what politicians can do for the community Rather the focus is on what they can do for themselves There is no more catching fish for God The religion they follow is based on stealing from the people Buhari was presented as an agent of change but his seven years in charge have only brought pain bloodshed anarchy and more turmoil Something must be done to move Nigeria away from the precipice Praise for Conspiracy of Silence Azukaoma Uche Osakwe's book is another in a growing list of sad narratives on the failure of leadership in Nigeria under the leadership of Muhammadu Buhari's Administration The book painstakingly combs through the many ills of Nigerian society under Buhari and the collapse of such institutions as the police army electoral body government officials and the various ethnic nationalities He accuses these people of conspiring to stay mum amid terrible governance The author charges the citizenry as well as the Igbo Nation which he says are marginalized to buckle up and take what remains of their destiny in their own hands Jude Atupulazi editor in chief Fides Newspaper Awka Nigeria Conspiracy of Silence this book must necessarily take a long title It would indeed be difficult to capture the Muhammadu Buhari era as president of Nigeria with an elegantly titled book The simple reason is that the Buhari tenure was devoid of neither elegance nor finesse Conspiracy of Silence encapsulates this rather dark epoch in fine detail warts and all It's a racy report of Africa's giant caught in the vice grips of mediocrity and mendacity in equal measures It's stranger than fiction Steven Osuji columnist and former member of the editorial board The Nation Nigeria Competing Fundamentalisms Sathianathan Clarke, 2017-03-29 Why do certain groups and individuals seek to do harm in the name of God While studies often claim to hold the key to this frightening phenomenon they seldom account for the crucial role that religious conviction plays not just in radical Islam but also in the fundamentalist branches of the world's two other largest religions Christianity and Hinduism As the first book to examine violent extremism in all three religions together Competing Fundamentalisms draws on studies in sociology psychology culture and economics while focusing on the central role of religious ideato paint a richer portrait of this potent force in modern life Clarke argues that the forces of globalization fuel the aggression of these movements to produce the competing feature of religious fundamentalisms which have more in common with their counterparts across religious lines than they do with the members of their own religions He proposes ways to deescalate religious violence in the service of peacemaking Readers will gain important insights into how violent religious fundamentalism works in the world's three largest religions and learn new strategies for promoting peace in the context of contemporary interreligious conflict **Rehabilitating Inerrancy in a Culture of Fear** Carlos R. Bovell, 2012-02-20 The notion that the Bible is inerrant in everything it teaches is something those

with conservative upbringings are conditioned to take for granted However after being exposed to scholarship in biblical studies and other disciplines some draw the unexpected conclusion that inerrancy as a doctrine is in dire need of serious revamping Unfortunately inerrantist politics and culture are making the constructive restorative process impossible to initiate In *Rehabilitating Inerrancy in a Culture of Fear* Carlos Bovell offers a synoptic overview of the issues to be addressed if inerrancy is to survive as a viable bibliological option The Ashgate Research Companion to Anthropology Andrew J.

Strathern,2016-03-03 This companion provides an indispensable overview of contemporary and classical issues in social and cultural anthropology Although anthropology has expanded greatly over time in terms of the diversity of topics in which its practitioners engage many of the broad themes and topics at the heart of anthropological thought remain perennially vital such as understanding order and change diversity and continuity and conflict and co operation in the reproduction of social life Bringing together leading scholars in the field the contributors to this volume provide us with thoughtful and fruitful ways of thinking about a number of contemporary and long standing arenas of work where both established and more recent researchers are engaged The companion begins by exploring classic topics such as Religion Rituals Language and Culture Violence and Gender This is followed by a focus on current developments within the discipline including Human Rights Globalization and Diasporas and Cosmopolitanism It provides an interesting and challenging look at the state of current thinking in anthropology serving as a rich resource for scholars and students alike **Teaching in a World of Violent**

Extremism Eleazar S. Fernandez,2021-05-21 Violent extremism is not new but we have witnessed its rise to the point that it has become a defining issue of our time We cannot brush it aside any longer it characterizes who we are as a people and as a global society Why is violent extremism rising What are its drivers and triggers These questions must be asked and answered first and *Teaching in a World of Violent Extremism* takes up the questions and the answers In an effort to end violent extremism the next questions that must be pursued are these How shall we prevent and undo extremism especially the militant and violent kind In this world of violent extremism what curriculum designs educational programs and pedagogies shall we employ to develop competent citizens civic leaders and pastors as well as resilient communities **Understanding**

Religious Violence J.P. Larsson,2017-07-05 There is a long standing fear of that which is not understood Since September 11 2001 the fear surrounding the violent elements of religion has led to heightened tensions Research is thus essential to counteract the effects of religious xenophobia In this compelling book J P Larsson investigates religious violence terrorism and armed conflict in order to deliver the understanding required for a more peaceful world and to allow for a framework of conflict transformation This multi disciplinary text will greatly interest those in the fields of international relations theology and sociology
