International Journal of Educational Reform,1999-07-01 The mission of the International Journal of Educational Reform IJER is to keep readers up to date with worldwide developments in education reform by providing scholarly information and practical analysis from recognized international authorities As the only peer reviewed scholarly publication that combines authors voices without regard for the political affiliations perspectives or research methodologies IJER provides readers with a balanced view of all sides of the political and educational mainstream To this end IJER includes but is not limited to inquiry based and opinion pieces on developments in such areas as policy administration curriculum instruction law and research IJER should thus be of interest to professional educators with decision making roles and policymakers at all levels turn since it provides a broad based conversation between and among policymakers practitioners and academicians about reform goals objectives and methods for success throughout the world Readers can call on IJER to learn from an international group of reform implementers by discovering what they can do that has actually worked IJER can also help readers to understand the pitfalls of current reforms in order to avoid making similar mistakes Finally it is the mission of IJER to help readers to learn about key issues in school reform from movers and shakers who help to study and shape the power base directing educational reform in the U S and the world *English Learner Instruction through Collaboration and Inquiry in Teacher Education* James F. Nagle,2013-10-01 In an era of accountability and increased demand of literacy competency this book provides examples of how teacher educators and teachers have come together to learn from each other and from English learners The chapters in this book follow a teacher learning framework that highlights joint work features inquiry into practice and integrates disciplinary content knowledge with culturally and linguistically responsive teaching While the chapters feature different venues for teacher learning they all depict the process of teachers and teacher educators striving to integrate English learner instruction into mainstream teacher education This book will be a resource for faculty in teacher education programs and for administrative personnel in school districts to illustrate the process of building authentic collaborations that can improve teacher learning and understanding about English learner instruction Culturally Responsive Pedagogy: Teaching Like Our Students' Lives Matter Sheryl Taylor,Donna Sobel,2011-07-19 At its core culturally responsive pedagogy represents a professional philosophy that is based on teachers fundamental commitment to students success Authors Taylor and Sobel believe that teachers want to approach their teaching from the pivotal point that each of their students lives matter Working from a broad perspective of culture the authors view culturally responsive teaching as a contextual and situational process for both teachers and students all students including those who are from a diversity of languages cultures racial ethnic backgrounds religions economic resources interests abilities and life experiences as well as students who are members of the society s mainstream cultural linguistic and socio economic background Recognizing that

teachers are conduits of culture regardless of what content they teach the authors assert that when culture is coupled with pedagogy the result involves a complex and comprehensive mix of knowledge and skills for teachers to use to engage a diverse student population This book is intended as a guide and practical discussion for K 12 teachers who are committed to culturally responsive pedagogy and recognize the structural inequalities in society that are reflected in its schools Such teachers acknowledge that schools have a history of failing to serve students who are outside of the mainstream culture For those teachers who recognize the sociopolitical nature of education and the role their own cultural background and privilege play in their work as a professional educator they will find meaningful applications of research based exemplars used to create and manage rigorous learning environments that maximize students opportunities to learn
