

Understanding the Community Management of High Risk Offenders

Understanding The Management Of High Risk Offenders Crime Justice

Kemshall, Hazel

Understanding The Management Of High Risk Offenders Crime Justice:

Understanding Risk in Criminal Justice Hazel Kemshall, 2003-08-16 the Crime Justice series has become a key resource for universities in teaching criminology and criminal justice Professor Kemshall has established herself as a leading figure in the concepts of risk management and public protection issues an invaluable read for those entering Criminal Justice or moving to work in projects or teams at the forefront of public protection Vista How significant is risk to the formation and implementation of penal policy To what extent are the tasks and activities of frontline criminal justice workers informed by concerns to assess and manage risk Has there been a significant sea change in the delivery of criminal justice and if so what are the future implications of this This illuminating text examines the significance of the concept of risk in criminal justice policy and in the role of criminal justice agencies and crime prevention initiatives Particular features of the book include its use of practical examples coverage of previously unpublished research and a full review of current risk assessment tools for use with offenders It is designed with undergraduate courses in mind providing frequent summaries lists of further reading and a glossary The identification assessment and management of risk has become a central theme of criminal justice policy For some penal policy commentators this represents a sea change in crime management to a new era of actuarial justice that is the management of crime opportunities and risk distribution rather than the management of individual offenders By drawing on key areas of criminal justice practice such as policing probation and crime prevention this book examines the actual extent of this change and reviews the case for a new risk based penology The book combines a review of current theories on actuarial justice with a detailed examination of current practices in key frontline agencies The result is an essential text for criminology students and trainee professionals in criminal justice [Understanding The Management Of High Risk Offenders](#) Kemshall, Hazel, 2008-09-01 Drawing on a wide range of cross national literature and original research by the author this timely book reviews current approaches to the community management of high risk offenders [Managing High Risk Sex Offenders in the Community](#) Karen Harrison, 2010-03 This book explores the issues surrounding sex offenders evaluating the measures in use or being considered including drug treatment MAPPA the use of the Sex Offender Register restorative justice techniques and treatment programmes **Dangerousness, Risk and the Governance of Serious Sexual and Violent Offenders** Karen Harrison, 2012-03-29 Dangerousness Risk and the Governance of Serious Sexual and Violent Offenders is a fully up to date comprehensive and user friendly guide on those offenders who are often assessed as being dangerous Outlining evaluating and commenting on specific methods regimes and strategies for dealing with dangerous offenders throughout each chapter this book begins by considering what a dangerous offender is and providing a brief historical account of how the label has been used for different types of offender over the last three or four centuries The book examines sentencing policy in addition to early and current dangerousness legislation evaluating the available sentences specifically designed for dangerous offenders and assessing their use and appropriateness

The role of risk and risk assessment tools is discussed considering what risk assessment is the way in which it works and how over recent times it has become more reliable and valid It looks at the practical realities of how serious sexual and violent offenders are dealt with by the penal system in England and Wales Finally specific offender groups are considered including female offenders children and young people and mentally disordered offenders Each chapter considers whether there are any differences in terms of policy assessment and management strategies when sentencing and managing each distinct group and if not whether any such modifications are required This book will be key reading for students of law criminology social policy psychology and sociology and of interest to criminal justice professionals including the police prison officers probation officers psychologists lawyers and judges

Multi-agency working in criminal justice Pycroft, Aaron, Gough, Dennis, 2010-07-01 This textbook brings together for the first time theory policy and skills relevant to working in a multi agency setting within the criminal justice system It comes at an important time as the professional qualifying arrangements for probation officers are changing along with the development of a mixed economy of correctional practice The book outlines the legislative and policy framework in the criminal justice system and evaluates professional and organisational conflicts within multi agency contexts as well as highlighting key offender groups and issues associated with desistance from crime It is essential reading for all students and practitioners involved in or studying correctional work through the Probation or Prison services or other agencies

Ethnicity And Crime: A Reader Spalek, Basia, 2008-07-01 Basia Spalek has compiled an excellent reader about a much researched and highly sensitive subject Crucially she contextualises ethnicity and crime within broadly defined social and intellectual contexts avoiding the limitation of all too frequently repeated research based solely on statistical measures and policy evaluations Simon Holdaway Professor of Criminology and Sociology Sheffield University Issues in relation to race and ethnicity have generated substantial and ever growing interest from and within a multitude of academic research and policy contexts This book brings together important material in race and ethnic studies and provides different ways of thinking about race and ethnicity in relation to crime and the criminal justice system Ethnicity and Crime A Reader consists of a collection of works that capture the main themes that arise from within this vast area of work It is divided into five sections Race and crime racial discrimination and criminal justice The racialisation of crime Social political and cultural contexts Race ethnicity and victimisation Self and discipline reflexivity Ethnic identities and crime Ethnic identities institutional reflexivity and crime Each section contains recurring and overlapping themes and includes many different ways of thinking about race and ethnicity in relation to crime It spans theoretical approaches that might be labelled as positivist critical race analyses left realist approaches feminist as well as post modern perspectives This is the first title in the new series Readings in Criminology and Criminal Justice and follows the series format of thematic sections together with an editor s introduction to the complete volume and an introduction to each section

Dangerous People Bernadette McSherry, Patrick Keyzer, 2011-11-28 Experienced legal academics and mental health professionals explore the

current approaches to dangerousness and preventive detention The defining characteristics of those deemed dangerous by society vary according to culture place and time and the contributors to this text have gathered to analyze the policies and practices related to current out groups such as sex offenders suspected terrorists and young offenders in the United States Scotland England and Australia Dangerous People is the result of their research workshopping and writing The text is organized logically and begins with a section on Parameters that explores the international human rights and legal limitations related to preventive detention schemes It moves on to Policy where contributors examine legislative policy and Prediction or risk assessment especially in terms of violent crimes in youth The section on Practice focuses on recent schemes to prevent re offending This text is indispensable as a resource that deals with the practical issues surrounding preventive detention and supervision schemes the assessment of the risk of future harm in offenders and different programs and sentencing options for high risk offenders with mental illnesses It contains case examples that bring real life issues to light and sets forth an agenda to provide effective ways to protect communities from harm

Handbook on Sexual Violence Jennifer Brown, Sandra Walklate, 2011-10-19 This book contextualizes the complexity of sexual violence within its broader context from war to the resolution of interpersonal disputes and covers a wide span including sexual harassment bullying rape and murder as well as domestic violence Written by leading academics from a variety of disciplines contributions also include commentaries that relate the research to the work of practitioners Despite advances made in the investigation of sexual offences evidence still points to a continued belief in the culpability of victims in their own victimization and a gap between the estimated incidence of sexual violence and the conviction of perpetrators Adopting an implicitly and explicitly critical stance to contemporary policy responses that continue to fail in addressing this problem this book focuses on attitudes and behaviour towards sexual violence from the point of view of the individual experiencing the violence perpetrator and victim and situates them within a broader societal frame It is through an understanding of social processes and psychological mechanisms that underpin sexual violence that violence can be combated and harm reduced and at this individual level that evidence based interventions can be designed to change policy and practice The Handbook is split into four sections Legacies Setting the Scene offers a critical overview of historical legal and cultural processes which help to explain the origins of current thinking and offer steers for future developments Theories and Concepts examines contemporary thinking on sexual violence and reviews explanatory frameworks from a number of perspectives Acts of Sexual Violence reviews a number of specific types of sexual violence elaborating the range of circumstances victims and perpetrators with a view to addressing the general and pervasive nature of such violence thus contradicting narrow cultural stereotyping Responding to Sexual Violence overviews and evaluates current policies and practices and offers new ideas to develop different types of interventions The editors conclusion not only draws out the key themes and ideas from contributions to the Handbook but also considers the nature of and the extent to which any progress has been made in

understanding and responding to sexual violence This will be a key text for students and academics studying sexual violence and an essential reference tool for professionals working in the field including police officers probation staff lawyers and judges

The Routledge Companion to Rehabilitative Work in Criminal Justice Pamela Ugwudike, Hannah Graham, Fergus McNeill, Peter Raynor, Faye S. Taxman, Chris Trotter, 2019-09-12 All the world's criminal justice systems need to undertake direct work with people who have come into their care or are under their supervision as a result of criminal offences Typically this is organized in penal and correctional services in custody in prisons or in the community supervised by services such as probation Bringing together international experts this book is the go to source for students researchers and practitioners in criminal justice looking for a comprehensive and authoritative summary of available knowledge in the field Covering a variety of contexts settings needs and approaches and drawing on theory and practice this Companion brings together over 90 entries offering readers concise and definitive overviews of a range of key contemporary issues on working with offenders The book is split into thematic sections and includes coverage of Theories and models for working with offenders Policy contexts of offender supervision and rehabilitation Direct work with offenders Control surveillance and practice Resettlement Application to specific groups including female offenders young offenders families and ethnic minorities Application to specific needs and contexts such as substance misuse mental health violence and risk assessment Practitioner and offender perspectives The development of an evidence base This book is an essential and flexible resource for researchers and practitioners alike and is an authoritative guide for students taking courses on working with offenders criminal justice policy probation prisons penology and community corrections

Whose Criminal Justice? Katherine Doolin, John Child, 2011-03-14 Drawing on the different disciplines of law criminology forensic psychology social work and public management the contributors explore the shifts and progress made in criminal justice in England and Wales over the past two decades and highlight the possibilities and pitfalls for the future

Mental Health and Offending Julie Trebilcock, Samantha Weston, 2019-06-21 This book explores the controversial relationship between mental health and offending and looks at the ways in which offenders with mental health problems are cared for coerced and controlled by the criminal justice and mental health systems It provides a much needed criminological approach to the field of forensic mental health Beginning with an exploration into why the relationship between mental health and offending is so complex readers will be introduced to a range of perspectives through which mental health and its relationship to offending behaviour can be understood The book considers the politics surrounding mental health and offending focusing particularly on the changing policy response to mentally disordered offenders since the mid 1990s With dedicated chapters concerning the police courts secure services and the community this book explores a range of issues including The tensions between the care coercion and control of mentally disordered offenders The increasingly blurred boundaries between mental health and criminal justice Rights responsibilities accountability and blame Risk public protection and precaution Challenges involved with treatment

recovery and rehabilitation Staffing challenges surrounding multi agency working Funding privatisation and challenges surrounding service commissioning Methodological challenges in the field Providing an accessible and concise overview of the field and its key perspectives this book is essential reading for undergraduate and postgraduate courses in mental health offered by criminology criminal justice sociology social work nursing and public policy departments It will also be of interest to a wide range of mental health and criminal justice practitioners

Offender Supervision Fergus McNeill, Peter Raynor, Chris Trotter, 2012-08-06 This major new book brings together leading researchers in the field in order to describe and analyse internationally significant theoretical and empirical work on offender supervision and to address the policy and practice implications of this work within and across jurisdictions Arising out of the work of the international Collaboration of Researchers for the Effective Development of Offender Supervision CREDOS this book examines questions and issues that have arisen both within effectiveness research and from research on desistance from offending The book draws out the lessons that can be learned not just about what works but about how and why particular practices support desistance in specific jurisdictional cultural and local contexts Key themes addressed in this book include New directions in theory and paradigms for practice Staff skills and effective offender supervision Different issues and challenges in improving offender supervision The role of families significant others and social networks Understanding and supporting compliance within supervision Exploring the social political organisational and historical contexts of offender supervision Offender Supervision will be essential reading for academics undergraduate and postgraduate students policy makers managers and practitioners interested in offender supervision

Values in Criminology and Community Justice Cowburn, Malcolm, Duggan, Marian, Anne Robinson, Paul Senior, 2015-03-18 The stated values of criminologists policy makers and researchers don't always correspond with their responses to crime This collection parses the many different sides these professionals take on issues relating to victims and offenders punishment and protection and rights and responsibilities Drawing on empirical research crime theory and criminal justice practice the contributors explore such topics as the dynamics of race gender and age the workings of the criminal justice system the ethics of research and current debates about new criminological issues such as the green movement and Islamophobia

Handbook of Public Protection Mike Nash, Andy Williams, 2010-09-27 Public protection has become an increasingly central theme in the work of the criminal justice agencies in many parts of the world in recent years Its high public profile and consequent political sensitivity means that growing numbers of criminal justice professionals find their daily work load dominated by the assessment and management of high risk of harm offenders Developments such as sex offender registers and in the UK Multi Agency Public Protection Arrangements Mappa have made this issue not only a core activity for police probation and prison services but to a range of other organizations as well in particular social work and the health services Partnership has become central to the concept of public protection At the same time the concept of public protection has occasioned increased political debate Protecting the public from high risk or

dangerous offenders has become an international issue and has increasingly shaped criminal justice policy This text brings together leading authorities in the field providing authoritative coverage of the theory and practice of public protection both in the UK and internationally It provides a critical review of contemporary public protection practice as well as up to date research and thinking in the field

What Works in Offender Rehabilitation Leam A. Craig, Theresa A. Gannon, Louise Dixon, 2013-03-27 This comprehensive volume summarizes the contemporary evidence base for offender assessment and rehabilitation evaluating commonly used assessment frameworks and intervention strategies in a complete guide to best practice when working with a variety of offenders Presents an up to date review of what works in offer assessment and rehabilitation along with discussion of contemporary attitudes and translating theory into practice Includes assessment and treatment for different offender types across a range of settings Internationally renowned contributors include James McGuire James Bonta Clive Hollin Anthony Beech Tony Ward William Lindsay Karl Hanson Ray Novaco and William Marshall

Handbook for Practice Learning in Social Work and Social Care, Third Edition Joyce Lishman, 2015-08-21 This fully updated and expanded third edition of a classic text provides a comprehensive introduction to key theory knowledge research and evidence relating to practice learning in social work and social care It outlines the theories that underpin social care practice the main assessment models and interventions and also offers guidance on the effective implementation of assessment across a range of professional contexts Contributors from research policy making and practice backgrounds offer guidance on how to apply policy and research findings in everyday practice while ensuring that the complex needs of each individual service user are met This third edition also features new chapters on group work social pedagogy and personalisation The Handbook for Practice Learning in Social Work and Social Care is an essential resource for ensuring effective evidence based practice which will be valued by students educators and practitioners alike

Emotional Literacy in Criminal Justice C. Knight, 2014-02-04 Emotions remain largely invisible in the management of criminal justice practice This book seeks to uncover some of the underground emotional work of practitioners and make visible the impact of both positive and negative emotions which play a crucial role in practitioner offender relationships Exploring how practitioners understand regulate and work with emotion Knight argues that the soft skills of emotion are more likely to achieve motivation and change in offenders than the hard skills of punishment monitoring and surveillance The book examines some of the gendered implications of this practice and develops an argument for the explicit building of emotional resources within organizations to sustain the development enhancement and support of emotional literacy in the workforce Using practice examples Knight reveals how practitioners can benefit from having an understanding of their own emotions and how these can impact on their practice This unique and accessible book will be a valuable resource to practitioners across the criminal justice sector including probation officers youth justice workers police and prison officers social workers policymakers and managers as well as scholars working within criminology criminal justice and probation

Criminal Justice Peter

Joyce,2016-04-28 This new and expanded edition builds upon material from the highly successful first edition A comprehensive textbook on the criminal justice system the book assesses the main theories concerned with the causes of crime including white collar and corporate crime discusses the operation of all key criminal justice agencies including the police probation and prison services and the legal and youth justice systems and identifies the main themes underpinning contemporary criminal justice policy Key additions include updated material from the first edition incorporating changes to criminal justice policy introduced by the 2010 Coalition government a new chapter that presents an overview of the criminal justice system discussions of the evolving EU criminal justice system and the implications of this for UK criminal justice policy The book is an ideal text for students taking courses in criminal justice or studying criminal justice as a component of a broader course in criminology or the social sciences and practitioners within these fields It is written in a highly accessible manner and has a wide range of features that include questions key chapter themes a timeline of main events a glossary of key terms a website resource guide Multi-Agency Public Protection Arrangements and Youth Justice Baker, Kerry,Sutherland, Alex,2009-02-11 Multi Agency Public Protection Arrangements MAPPA are now one of the central features of government policy in the UK for managing the risk presented by violent and sexual offenders Although there has been research and debate concerning the use of MAPPA with adult offenders their application to young people has received relatively little attention until now Multi Agency Public Protection Arrangements Youth Justice extends the existing literature on public protection It provides a detailed exploration of MAPPA policy and practice in order to prompt further debate about the implications of the risk paradigm for young people and youth justice practitioners In the book key academics practitioners and policy makers consider a range of theoretical and practical issues raised by the introduction of MAPPA including risk and children s rights the use of professional discretion by practitioners alternative approaches to risk management and suggestions for future policy development It will be of interest to both professionals and academics working with young offenders and in youth justice Probation Rob Canton,2013-03-01 This book provides a comprehensive and accessible introduction to the work of the probation service It brings together themes of policy theory and practice to help students and practitioners to better understand the work of probation its limitations as well as potential but above all its value Setting probation in the context of the criminal justice system the book explores its history purposes and contemporary significance It explains what probation is discusses emerging ideas around offender management and the value of an approach that centres on the idea of desistance It considers the practice realities of working with offenders in the community The book also covers the governance of probation and how policy and practice are responding to contemporary concerns about crime and community safety for example through the management of risk Although the main focus is on England and Wales there is some discussion of other UK jurisdictions and of contemporary trends in European probation practices This book will encourage readers to appreciate the practical and theoretical strengths and shortcomings of contemporary

probation practice Information and discussion are presented clearly with guidance about further study and pointers towards more specialized readings Probation Working with Offenders will be essential reading for trainee probation officers and students of probation and offender management
