A. Abdel Haleem, 2014-05-14 The tenets of Islam cannot be grasped without a proper understanding of the Qur'an In this important new introduction Muhammad Haleem examines its recurrent themes life and eternity marriage and divorce peace and war water and nourishment and for the first time sets these in the context of the Qur'an's linguistic style Professor Haleem examines the background to the development of the surahs chapters and the ayahs verses and the construction of the Qur'an itself He shows that popular conceptions of Islamic attitudes to women marriage and divorce war and society differ radically from the true teachings of the Qur'an *Understanding the Qur'an: Themes and Style*, The Blackwell Companion to the Qur'an Andrew Rippin, 2008-04-15 The Blackwell Companion to the Qur'an is a reader's guide a true companion for anyone who wishes to read and understand the Qur'an as a text and as a vital piece of Muslim life Comprises over 30 original essays by leading scholars Provides exceptionally broad coverage considering the structure content and rhetoric of the Qur'an how Muslims have interpreted the text and how they interact with it and the Qur'an's place in Islam Features notes an extensive bibliography indexes of names Qur'an citations topics and technical terms *The Poetic Qur'ān* Thomas Hoffmann, 2007 Slightly revised version of the author's thesis doctoral University of Copenhagen Keeping Peace in Troubled Times Nina Käsehäger, 2024-06-01 This interdisciplinary anthology offers both theoretical reflections and empirical data on past present and possible future war and crisis situations In addition against the background of the author's academic and practical experience in the field of international political observation and consultancy proposals are formulated for peacekeeping in crisis regions and with regard to extreme environments Furthermore it addresses sensory and aesthetic perceptions of war and peace Unlike other books on the subject this contributed volume seeks solutions for lasting peace from various fields that could help improve quality of life for people around the world especially in heterogeneous societies which are often shaken by religious ethnic or political crises **War and Peace in Islam** SM Farid Mirbagheri, 2012-03-13 Mirbagheri traces the revival of Islamicist movements and embarks on a theoretical study of some of the fundamental concepts in Islam and International Relations such as the self Jihad peace and universalism Contemporary cases of conflict in the Middle East are analysed to pose a challenge to the universalist discourse of Western liberalism **The Penguin Dictionary of Islam** Azim

Nanji,2008-04-24 Islam today is a truly global faith yet it remains somewhat of an enigma to many of us Each and every day our newspapers are saturated with references to Islam Quran Taliban Hijab Fatwa Allah Sunni Jihad Shia the list goes on But how much do we really understand Are we in fact misunderstanding The Penguin Dictionary of Islam provides complete impartial answers It includes extensive coverage of the historical formations of the worldwide Muslim community and highlights key modern Muslim figures and events Understanding Islam is vital to understanding our world and this text is the definitive authority designed for both general and academic readers *Soulmates* Juliana Geran Pilon,2011-12-31 In *Soulmates* Resurrecting Eve Juliana Geran Pilon argues for a return to an egalitarian view of men and women found in the original Genesis narrative as reflected through Judaism Christianity and Islam In each of these Abrahamic traditions it was understood that man and woman were created to be soulmates in God s image equal despite their different functions within society Pilon writes that this original message has gradually been distorted with disastrous effect Any hope for an ennobling human community begins by resurrecting Eve as an equal partner to Adam The work examines the Biblical creation narrative comparing it to Greek and other ancient mythologies Pilon explains how the disturbing association of woman with sin and death led to Eve s demise as Adam s equal The final section of the work deals with the Goddess myth love and marriage in early religious narratives and modern man s search for his soul no less than for a soulmate The book at its core is a meditation on the relationship between men and women but also among human beings The resurrection of Eve is indispensable to attaining a true appreciation of love and faith Pilon uses religious texts expert commentary and various works of fiction poetry and psychology to make her argument come alive The work is strengthened by the writing style alternately poetic and humorous and a clear and illuminating progression of ideas Its emphasis on reconciliation and understanding and its post feminist outlook will find a receptive audience **The First Muslim** Lesley Hazleton,2013 Muhammad s was a life of almost unparalleled historical importance yet for all the iconic power of his name the intensely dramatic story of the prophet of Islam is not well known In *The First Muslim* Lesley Hazleton brings him vibrantly to life Drawing on early eyewitness sources and on history politics religion and psychology she renders him as a man in full in all his complexity and vitality Hazleton s account follows the arc of Muhammad s rise from powerlessness to power from anonymity to renown from insignificance to lasting significance How did a child shunted to the margins end up revolutionizing his world How did a merchant come to challenge the established order with a new vision of social justice How did the pariah hounded out of Mecca turn exile into a new and victorious beginning How did the outsider become the ultimate insider **Violence in Early Islam** Marco Demichelis,2021-03-25 The concept of jihad holds a prominent place in Islamic thought and history Beyond its spiritual meanings the term has historically been associated with the sweeping Arab Believers conquests of the 7 8th century BCE But given advances in our understanding of the historicity and chronology of the Qur an and early Islamic texts is it correct to identify jihad and Islam with violent conquest In this book Marco Demichelis

explores the history of the concept of jihad in the early proto Islamic centuries 7 8th Deploying an interdisciplinary approach which combines the hermeneutical study of the famous Verses of the Sword within the Qur'an itself with historical writing by Islamic chroniclers as well as non Islamic sources numismatics epigraphical and architectural evidence the book questions the relationship between the religious concept of jihad and the conquests The book argues that Christian Byzantine Foederati forces who previously fought against the Persians may have had a formative effect on the later emergence of more bellicose rhetoric In so doing it calls into question assumptions about warlike attitudes inherent within Islamic doctrine and reveals a more nuanced and complicated history of religious violence in the pre proto and early Islamic period **Conciliation in the Qur'an** Shafi Fazaluddin,2022-02-07

Conciliation in the Qur'an addresses an existing imbalanced focus in Islamic Studies on conflict in the Qur'an and moves beyond a restrictive approach to reconciliation as a mediation process in fragmented social contexts The book offers a critical analysis of conciliation as a holistic concept in the Qur'an providing linguistic and structural insight based on the renowned pre modern Arabic exegesis of Al Razi 1209 and the under studied contemporary Urdu exegesis of Irfan 1997 This ambitious thematic study of the entire Qur'an includes an innovative examination of the central ethical notion of ihsan gracious conduct and a challenging discussion of notorious passages relating to conflict The author offers solutions to unresolved issues such as the significance of the notion of ihsan order the relationship between conciliation and justice and the structural and thematic significance of Q 48 Surat Al Fat and Q 49 Surat Al Hujurat Conciliation in the Qur'an offers a compelling argument for the prevalence of conciliation in the Islamic scripture and will be an essential read for practitioners in Islamic studies community integration conflict resolution interfaith dialogue and social justice

Prophets in the Qur'an and the Bible Daniel S. Baeq,Sam Kim,2022-05-24 The theme of prophets and prophecy is a central area of theological research and discussion in both Christianity and Islam While academic researches on the prophets of Islamic tradition do exist it is rare to find studies which compare them with the biblical accounts based on evangelical theology This book provides theological analysis of the biblical prophets which appear in the Qur'an and the Islamic literature The selection of prophets includes Adam Nuh Noah Ibrahim Abraham Yusuf Joseph Musa Moses Dawud David Ezekiel Dhul Kifl Zakariya Yahya John the Baptist and Mary the Mother of Jesus The contributors are a distinguished group of international scholars who combine impressive academic credentials with extensive ministry among Muslims Moreover the international nature of the contributors lends credibility to the work as an exercise in global theology This book lays a good foundation for the comparison of scriptural and theological traditions of two world major religions and for generating further discussions *Islam and the Modern Age* ,2007 *Qur'an* Nicolai Sinai,2018-09-30 Overturns orthodox thinking about morality in Shakespeare's plays by updating our understanding of the human mind *Introduction to the Study of Religion* Nehemiah M. Nyaundi,2003 Everyday Sacred Hillary Kaell,2017-11-07 The first English language volume on religion in contemporary Quebec Contemporary Qur'anic Hermeneutics Georges Tamer,2025-04-21 This project presents the

hermeneutical approaches to the Qur'n of the most prominent Qur'anic scholars in Islamic intellectual history. Not only scholars who wrote commentaries on the Qur'n in the narrow sense of the word *tafsir* are to be presented but also those who dealt hermeneutically with the Qur'n in various ways. The Handbook of Qur'anic Hermeneutics is the first book that discusses all the hermeneutical fields of the Qur'n. It will be published in seven volumes.
