Even amongst specials: They call us i\$PECIAL! Joshua Chrisstoff,2012-04-24 They call us SPECIAL THEY CALL US SPECIAL is an adventure in NE Africa what could possibly go wrong Wild animals shooting the coup d etat instigator run from govt forces his forces regulars militia insurgents rebels renegades criminals and then get attacked by those you never knew about At home asleep dog tired from working too long without breaks WULFGANG von WULF is in bed Why would he be woken and dragged back into work after just 90 minutes sleep On the chopper on Wulf s front lawn it is all most unmilitary like Off the chopper into the old man s office then nod off every time he starts a new sentence The TEAM arrive they get light jungle kit and very skimpy at that 22 minutes to take off the briefing starts a non military all black jet waits strange even for special ops There are 5 pinkish yellowish space suits Put them on some hours are gone take them off some more hours are gone Put the suits on jump out of the plane at 60 000 feet twice the height of Mount Everest head downward and achieve 400 mph sheer insanity Wulf and the team try to locate a man on the ground pointing a laser pencil into the night sky Steer towards him It is tough for Wulf who has never done a parachute jump before He has to land near someone else The suits can only be unlatched from the outside Eight minutes of oxygen is all you have start to finish Suffocation is all you have to look forward to after eight minutes They load the truck travel across country at sunrise It is rough and ready The old truck maybe reliable but doesn t have a single pane of glass in it It is not this year s model They stop to take on water Along come two strange vehicles with apparently two Germans and three local guides or assistants They look suspiciously like us the same sort of deadly contractors There is not enough time to negotiate to share information possibly band together in a common cause We leave unhappy to say the least Worried concerned distrustful all of these and more 10 am we are in place at the village when the Colonel will come by that is what our intel says We are all positioned well just as we like it Not more than about two minutes before 10 am those two Toyota Landcruisers appear in the middle of the village and begin refuelling They came in from the north the Colonel is expected from the south The Germans begin to shoot before the Colonel s trucks have come to halt it is premature it is creating problems Instead of six bodyguards we expect he has twenty four We have to support shoot for the Germans we have no choice unless we abandon the mission That is not good form at all After the carnage we speak to the Germans they feign ignorance of our language yet they reply instantly to our inquisitorial approach They leave we leave The second part of the mission is to secure the niece of the Colonel abduct her

without abducting her She will not be safe now with her uncle dead she may even be suspected of playing a part in our assassination of him She has valuable local knowledge of politics of who is in bed with whom else We have to get her to come with us We flee town The niece is with us although she is large and difficult to manage culturally emotionally and physically Hyena attack us the defence is rugged we decimate the pack although we don't necessarily want to It is them or us The niece is terrified We get to the pickup point It is a one off option totally unheard of in these modern times There is always a backup plan alternatives and options We can't communicate with the plane or home base or even Kentucky Fried Chicken Could the plane have come and gone early maybe Would we have to run cross country with this 300 lbs girl or woman Surely that is impossible The team could split and run across any country and all get home easily it is within our skill set and we had done this many times but 300

This intimate portrait by his former personal assistant and confidante reveals the man behind the legendary filmmaker for the first time Stanley Kubrick the director of a string of timeless movies from Lolita and Dr Strangelove to A Clockwork Orange 2001 A Space Odyssey Full Metal Jacket and others has always been depicted by the media as the Howard Hughes of filmmakers a weird artist obsessed with his work and privacy to the point of madness But who was he really Emilio D'Alessandro lets us see A former Formula Ford driver who was a minicab chauffeur in London during the Swinging Sixties he took a job driving a giant phallus through the city that became his introduction to the director Honest reliable and ready to take on any task Emilio found his way into Kubrick's neurotic obsessive heart He became his personal assistant his right hand man and confidant working for him from A Clockwork Orange until Kubrick's death in 1999 Emilio was the silent guy in the room when the script for The Shining was discussed He still has the coat Jack Nicholson used in the movie He was an extra on the set of Eyes Wide Shut Kubrick's last movie He knew all the actors and producers Kubrick worked with he observed firsthand Kubrick's working methods down to the smallest detail Making no claim of expertise in cinematography but with plenty of anecdotes he offers a completely fresh perspective on the artist and a warm affecting portrait of a generous kind caring man who was a perfectionist in work and life
