Roanoke and Plymouth Rock are central to America's mythic origin stories. Then we are told the main characters, the friendly Native Americans who met the settlers, disappeared. But the history of the Lumbee Tribe of North Carolina demands that we tell a different story. As the largest tribe east of the Mississippi and one of the largest in the country, the Lumbees have survived in their original homelands, maintaining a distinct identity as Indians in a biracial South. In this passionately written, sweeping work of history, Malinda Maynor Lowery narrates the Lumbees' extraordinary story as never before. The Lumbees' journey as a people sheds new light on America's defining moments, from the first encounters with Europeans to the present day. How and why did the Lumbees both fight to establish the United States and resist the encroachments of its government? How have they not just survived but thrived through Civil War, Jim Crow, the civil rights movement, and the war on drugs, to ultimately establish their own constitutional government in the twenty-first century? Their fight for full federal acknowledgment continues to this day, while the Lumbee people's struggle for justice and self-determination continues to transform our view of the American experience. Readers of this book will never see Native American history the same way.

Reckoning Methodism Darryl W. Stephens, 2024-03-29. *Reckoning Methodism* addresses the brokenness of The United Methodist Church (UMC) in the United States. Homosexuality is but one of several fault lines with decades-long histories in this predominantly White denomination. Demographic shifts, racism, and imperialism are heavily implicated in the current state of division. What, then, is the true nature and mission of this church? The UMC is the public church divided. Distinct missional theologies arise from competing commitments and priorities. When Methodist programmatic initiatives such as vital congregations, environmental witness, and volunteers in mission fail to account for these differences, denominational unity is weakened. Constructively, this book seeks historical clarity, collective repentance, charismatic learning, and institutional courage as United Methodists reckon with inherited animosities and divisions. This book provides no answers or programmatic fixes. Rather, it provides possibilities for repairing past harms as United Methodists seek ways to continue living out their Wesleyan faith. *Reckoning with the public church divided*, we glimpse the nature and mission of the church not only as it has been but also as it could be.

67 Shots Howard Means, 2016-04-12. At midday on May 4, 1970, after three days of protests, several thousand students and the Ohio National Guard faced off at opposite ends of the grassy campus Commons at Kent State University. At noon, the Guard moved out. Twenty-four minutes later, Guardsmen launched a 13-second, 67-shot barrage that left four students dead and nine wounded, one paralyzed for life. The story doesn't end there, though. A horror of far greater proportions was narrowly averted minutes later when the Guard and students reassembled on the Commons. The Kent State shootings were both unavoidable and preventable. Unavoidable in that all the discordant forces of a turbulent decade flowed together on May 4, 1970, on one Ohio campus. Preventable in that every party to the tragedy made the wrong choices at the wrong time in the wrong place. Using the university's recently available oral history collection, supplemented by extensive new interviewing, Means tells the story of this iconic American moment through the eyes and memories of those

who were there and skillfully situates it in the context of a tumultuous era **Color of Violence** INCITE! Women of Color Against Violence INCITE! In Case of Katrina Ellen Jeffery Blue,2016-08-04 Since six months after landfall Ellen Blue has taught The Church s Response to Katrina It sidesteps disaster response where clearly the church should be involved What was unclear was how leaders in a connectional denomination like United Methodism should decide which churches to merge or decommission after floods destroyed seventy churches and displaced ninety pastors and no one knew how many members would return Katrina gave the church a chance to re make itself without deteriorating structures in no longer thriving neighborhoods Yet as members returned to chaos they sought solace Should the church meet needs for Sanctuary and reassurance or use newfound flexibility to seek justice *In Case of Katrina* examines leadership strategies and the theological convictions that underlay them during the struggle to decide The larger United Methodist Church controls real estate and the hierarchy had the power to choose Instead they let verdicts spring primarily from congregants and pastors on the ground through a long controversial process Recovery has been entwined with issues of race and class Cooperation among African American and Anglo congregations has birthed vibrant multi racial worship and ministries Yet other prophetic ministry was left undone and

it should set the agenda for the next decade **Rooted Again** Lillian C. Smith, 2022-11-14 Many established congregations are in need of revitalization It is as if in all of the good efforts of ministry the mission has been forgotten The mission of the church is to make disciples of Jesus Christ for the transformation of the world Disciple making in many churches has diminished which was both caused by and resulted in a loss of understanding of the mission of the church and a low prioritization of reaching new people for Jesus Christ This book will provide insight into some of the causes of the situation identify possible spiritual hindrances to ministry and offer strategies for the congregation to reclaim its spiritual foundation and calling **For the Healing of the Nation** William Russell Pregeant, 2016-04-14 For the Healing of the Nation offers a serious look at the social and political climate in the United States from a biblical perspective emphasizing race and otherness economics and the environment and institutional violence war and capital punishment An autobiographical thread traces the journey of a white male coming of age in the mid twentieth century Deep South as his evolving faith leads him to painful breaks with inherited values and standard views on controversial issues Critical not only of both major political parties but also of centrist compromises between Right and Left Russell Pregeant seeks a forward position which he terms ecocommunitarian based on biblical values His musings touch on both southern and American identities and on the nature of the biblical writings and the ways they should and should not be used in contemporary debates Central to the entire work are discussions of how idolatrous commitments to a culture's prevalent ideologies obscure the essential demands of biblical faith

Our Hearts Were Strangely Lukewarm John Elford, 2023-05-26 *Our Hearts Were Strangely Lukewarm* summons the reader on a most unusual journey through Methodist history Along the way we discover how the White American Methodist Church became deeply entangled with White supremacy From the founding of the church in the late eighteenth century to the present we have too often been silent bystanders or active accomplices in the enormous harm caused by racism It's a complicated and shameful story few Methodists know And yet if we want to transform the world toward a different and better future for all one free of the stranglehold of racism we must come to terms with the story of our past the whole story *Our Hearts Were Strangely Lukewarm* is a trustworthy guide into the church's troubled history It's also a present day call to action that finds inspiration in those Methodists who stood against the tide and those guiding the church today toward the horizon of racial justice *Swimming Up Stream 2: Agency and Urgency in the Education of Black Men: New Directions for Adult and Continuing Education, Number 150* Brendaly Drayton, Dionne Rosser-Mims, Joni Schwartz, Talmadge C.
