Schorr, 2015-09-10 Follow Ford s leap into the 1960s and the performance era on the streets and on the track In the early 1960s Ford Motor Company underwent a dramatic change in corporate philosophy Previously under Ford s young chairman Henry Ford II the Deuce safety not performance was the goal But by 1962 even the chairman realized his philosophy needed to change Ford was nearly invisible to car crazy baby boomers Lee Iacocca convinced Ford that he needed to act decisively

or risk losing the emerging youth market to the competition Thus began Ford s Total Performance program Ford Total Performance is all about Ford s prime racing era from 1961 through 1971 In addition to purpose built race cars it also covers production performance cars specialty models and unique concepts such as lightweight drag race cars The book explores the 427 Fairlane Thunderbolt Mercury Comet unique V 8 Falcons that competed in the 1963 and 1964 Monte Carlo Rallies Dick Brannan s 427 A FX drag car Ford Indy 500 winning race cars 427 Overhead Cam SOHC 427 engines as used in A FX and fuel race cars Boss 302 and 429 Mustangs for street drag racing and Trans Am and many more The Ford Ferrari war that led to the creation of the legendary GT40 Le Mans race cars isn t forgotten Featuring unpublished period photographs plus photos and artwork from Ford designers Ford Total Performance covers all of Ford s classic race and street cars including Cobras and Shelby Mustangs It s a must have book for any fan of classic American performance cars *Kar-Kraft* Charlie Henry, 2017-06-15 The story of Kar Kraft began as did many others in the automotive industry with an axe to grind In 1963 Ford was seriously interested in purchasing Ferrari Ferrari was a legendary brand with considerable success in racing and Ford saw the acquisition as a great way to be instantly successful in the racing arena When Enzo Ferrari realized that Ford would not give him complete control of the racing program he backed out of the deal late in the process Ford had spent millions in vetting and audits which then set in motion a vengeful response against Ferrari The result was the unthinkable Ford beat Ferrari at Le Mans Ford wanted to become competitive quickly but it did not have the race history or resources in house To remedy the situation Ford searched the U K for an independent company to help accelerate its race car development It first settled on Lola Cars and set up Ford Advanced Vehicles Later Ford brought its LeMans effort to the U S and the Kar Kraft relationship was established Although Kar Kraft was technically an independent company it really only had one customer Ford Special Vehicles Kar Kraft s story doesn t begin and end with the GT 40 that took the win away from Ferrari at Le Mans Ford expanded upon the program and organized an all out assault on racing in general Cars were prepared for Trans Am NASCAR NHRA and Can Am competition Street versions of the Boss 429 were assembled under its roof And fabled prototypes including the LID Mustang Boss 302 Maverick and Mach 2C were all assembled in Ford s contracted race shop And then out of the blue its doors closed for good on a cold day in 1970 History tells us that Ford won Le Mans the Daytona 500 and the Trans Am championship But it doesn t tell us how this was accomplished Author Charlie Henry a former Kar Kraft employee has enlisted the help of many of his former co workers to bring you the very first book ever published on Ford s all encompassing special projects facility Kar Kraft p p1 margin 0 0px 0 0px 0 0px 0 0px font 12 0px Arial **Cobra Jet: The History of Ford's Greatest High-Performance Muscle Cars** Rob Kinnan, Diego Rosenberg, 2020-03-15 Relive Ford s glory days in the muscle car era in this stunning new volume covering the popular and powerful Cobra Jets Ford s Total Performance racing program in the early 1960s was the first stone turned in the task of repurposing its image to the youth market The introduction of the Mustang increased that exponentially but even in 289 Hi
