The Debaters of This Age Steven H Propp, 2019-02-05 It is June 2018 as an unusual group of scholars professors lecturers and students gather in a California hotel They are all attendees of an Apologetics conference intended to join qualified representatives of Christian Deist and Atheist thought for a two week no holds barred debate and discussion of their respective positions that will ultimately be included in a book published after the conference Evangelical Christianity is represented by advocates of Evidentialist and Presuppositionalist approaches to

A Thematic Access-Oriented Bibliography of Jesus's Resurrection Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e.g. Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease

Rehabilitating Inerrancy in a Culture of Fear Carlos R. Bovell, 2012-02-20 The notion that the Bible is inerrant in everything it teaches is something those with conservative upbringings are conditioned to take for granted However after being exposed to scholarship in biblical studies and other disciplines some draw the unexpected conclusion that inerrancy as a doctrine is in dire need of serious revamping Unfortunately inerrantist politics and culture are making the constructive restorative process impossible to initiate In *Rehabilitating Inerrancy in a Culture of Fear* Carlos Bovell offers a synoptic overview of the issues to be addressed if inerrancy is to survive as a viable bibliological option

[Racism](#) Thomas Schirrmacher, 2014-01-28 Are white people more intelligent than black people Are Jews devious and grabby Intolerance and violence through racism includes slavery national socialism in Germany apartheid in South Africa or the genocides in Rwanda and Bosnia But racism is not only wrong theologically it is not only against the dignity of humans that guarantees their human rights but newer genetic research also

proves that the whole classification into races is without foundation Biologically speaking all humans belong to one race E g when you need a blood transfusion you should not look for a blood donor from your race but someone with the same blood group transcending all races *The Koran and the Bible* Thomas Schirrmacher,2018-05-10 Two world religions two books which span the globe the Bible and the Koran Both have been and still are disseminated in the millions every year And the contents of these two books continue to write world history Still in their origin style and message the two books could hardly be more different This study of the two books does not have its center in the dogmatic differences of the two religions Rather it has to do with different understandings respecting Holy Scripture as God s Word It is from different understandings of how God reveals himself that most other differences between the two religions originate With that said this book also makes an important contribution to understanding the problem of fundamentalism in both religions **Advocate of Love** Thomas Schirrmacher,2018-05-10 Evangelicals comprise a movement that spans practically all denominations and even confessions worldwide Now Evangelicals are found on both sides of the old ditch between established mainline churches and free churches between Reformed theology and more recent developments and between traditional structures and all sorts of revivalist movements That is reason enough to take the Reformer who already embodied represented and unified all of these trends in himself during the 16th century as a role model Martin Bucer 1491 1551 was a leading illustration of the attempt to use Scripture to find what is common at a time when Christianity was beginning to experience the fragmentation we see today and to win back erring brothers in a friendly and sustainable manner For a long time Bucer was the least known of the great Protestant Reformers But in his lifetime he was as well known as Luther and Calvin He achieved this status without establishing a denomination or confession but was forgotten in an age of separatism in Christianity which did not provide space for reformers who loved unity *Culture of Shame / Culture of Guilt* Thomas Schirrmacher,2018-05-10 Until now theology has hardly paid sufficient attention to the difference between cultures that are primarily guilt oriented and those that are primarily shame oriented Thomas Schirrmacher s work is noteworthy for the way he informs the reader not only as it relates to missionary theology and activity It goes on to inform the reader on this important topic as it relates to educational theory ethics and counseling from the points of view of both cultural anthropological and theology The work demonstrates that a total contrast between shame and guilt orientations does not correspond to the Biblical message nor is it derived from the tradition of the Occident and from churches of Reformation origin Rather shame was already considered in and integrated into these perspectives The work is particularly challenging insofar as it calls for closer attention to be paid to the significance of the undisputed differences between shame oriented and guilt oriented cultures for the Christian doctrine of sin and also of reconciliation with God through Christ Prof Dr Ulrich Eibach Professor for Systematic Theology Bonn Germany Prof Dr theol Dr phil Thomas Schirrmacher PhD ThD DD is professor of the sociology of religion at the State University of the West in Timisoara Romania Distinguished Professor of Global Ethics and International Development at

William Carey University in Shillong Meghalaya India as well as president and professor of ethics at Martin Bucer European Theological Seminary and Research Institutes with branches in Bonn Berlin Zurich Innsbruck Prague Istanbul and Sao Paolo Schirmmacher has held guest professorships and has given special lectures at universities on all continents Schirmmacher is chair of the Theological Commission of the World Evangelical Alliance WEA director of the International Institute for Religious Freedom Bonn Cape Town Colombo and Ambassador for Human Rights of WEA the WEA represents churches with 600 million members altogether He also is a member of the board of the International Society for Human Rights Schirmmacher regularly testifies in the German parliament and other parliaments in Europe as well as in the EU in Brussels the OSCE in Vienna and other international bodies His has written 102 books three of his newest books are Fundamentalism Racism and Human Trafficking He has earned four doctorates in missiology and ecumenical theology in cultural anthropology in ethics and in sociology of religion and received two honorary doctorates from the USA and India

Ganssle, 2021-12-30 This book discusses various aspects of God's causal activity Traditional theology has long held that God acts in the world and interrupts the normal course of events by performing special acts Although the tradition is unified in affirming that God does create conserve and act there is much disagreement about the details of divine activity The chapters in this book fruitfully explore these disagreements about divine causation The chapters are divided into two sections The first explores historical views of divine causal activity from the Pre Socratics to Hume The second section addresses a variety of contemporary issues related to God's causal activity These chapters include defenses of the possibility of special acts of God proposals of models of divine causation and analyses of divine conservation Philosophical Essays on Divine Causation will be of interest to researchers and graduate students working in philosophy of religion philosophical theology and metaphysics *Tilt* Brian C.
