Tourism in India Saurabh Kumar Dixit, 2021-06-07. Tourism is one of the fastest growing industries in India, contributing enormously to the Indian economy. Indian civilization and culture have followed the tradition of Atithi Devo Bhava, treating Guest as God from time immemorial. Tourism in India is fairly rich and diverse in terms of its attractions and resources; nevertheless, the body of knowledge of tourism as a discipline is relatively unexplored in terms of scholarly research. The tourism industry in India has not been able to perform to its most impeccable potential due to several obstructions. Lack of efficient marketing and positioning of its tourism resources in the global market is one of the prominent causes of this. The Indian tourism industry cannot achieve the desired growth and impetus unless it is backed by intense promotional and marketing strategies abreast of the global business arena. In this volume, an effort has been made to uncover a deeper understanding of marketing perspectives of tourism in India using an interdisciplinary approach. The chapters in this book reflect the prevailing scenario in the hospitality and tourism business in India as posited by renowned global experts on this subject. The book is an essential resource to students, researchers, and scholars interested in examining the existing marketing strategies as well as exploring the suggested strategies that can be adopted to promote tourism in India. The chapters in this book were originally published as a special issue of *Anatolia*.

Routledge Handbook of the Tourist Experience Richard Sharpley, 2021-11-17. Routledge Handbook of the Tourist Experience offers a comprehensive synthesis of contemporary research on the tourist experience. It draws together multidisciplinary perspectives from leading tourism scholars to explore emergent tourist behaviours and motivations. This handbook provides up-to-date critical discussions of established and emergent themes and issues related to the tourist experience from a primarily socio-cultural perspective. It opens with a detailed introduction which lays down the framework used to examine the dynamic parameters of the tourist experience. Organised into five thematic sections, chapters seek to build and enhance knowledge and understanding of the significance and meaning of diverse elements of the tourist experience. Section 1 conceptualises and understands the tourist experience through an exploration of conventional themes such as tourism as authentic and spiritual experience as well as emerging themes such as tourism as an embodied experience. Section 2 investigates the new developing tourist demands and motivations and a growing interest in the travel career. Section 3 considers the significance, motives, practices, and experiences of different types of tourists and their roles such as the tourist as photographer. Section 4 discusses the relevance of place to the tourist experience by exploring the relationship between tourism and place. The last section, Section 5, scrutinises the role of the tourist in creating their experiences through themes such as transformations in the tourist role from passive receiver of experiences to co-creator of experiences and external mediators in creating tourist experiences. This handbook is the first to fill a notable gap in the tourism literature and
