The Meaning of Tradition Yves Congar, 2016-12-13 Some Christians claim to reject Tradition in preference to a supposedly Bible only Christianity Catholics on the other hand venerate Tradition yet often without adequately understanding it In this masterful book the great theologian Yves Congar explains why Tradition is an inescapable aspect of a fully biblical Christian faith He explores the various forms of Tradition and discusses the relationship between Scripture and Tradition as well as the role of the Magisterium of the Church The Meaning of Tradition clears up misconceptions held by many Evangelical Christians and even some Catholics on this important subject Congar's study of Tradition greatly contributed to the teaching of Vatican II and to a deeper appreciation of the Church Fathers

The Russian-Orthodox Tradition and Modernity Andreas Buss, 2018-11-01 The book attempts to identify the uniqueness of the Russian Orthodox religious tradition and to contrast it with two of the characteristics of modern Western society its particular economic ethics and individualism Max Weber and Louis Dumont provide the theoretical framework The first part of the analysis is concerned with the economic ethics among Orthodox Russians Old Believers and the adherents of various sects in the historical context of Russian society The second part centres on the place and the kind of individualism in the Orthodox tradition since its beginnings in early monasticism and up to the twentieth century The comparative perspective does not only shed new light on Russia but also on the development of Western individualism and on the Janus like features of a traditional culture exposed to modernization

Lumbard, 2009-08-16 Seven years after the horrific attacks of September 11th misunderstanding and distrust between Islam and the West are still as rampant as ever In this new and fully revised edition of his critically acclaimed book Joseph Lumbard collects a series of essays that explain not only the veil of misconceptions which lie at the heart of Western attitudes towards Islam but also the rise of fundamentalism within Islam itself a phenomenon which most Muslims do not consider a true reflection of their religion This new edition includes the addition of an essay on the role of women in Islam an updated chapter containing insight into the concept of Jihad and three fully revised chapters that bring the discussion up to date with the current global situation A completely modified introduction is also featured This book is an invaluable tool for anyone who wants to see beyond the headlines of hatred and anger which are so common today Pub desc Initiation and Spiritual Realization René Guénon, 2004-05 Initiation and Spiritual Realization is the closest thing to a work on spiritual direction Ren Gu non ever wrote touching as it does upon such vital topics as the transmission of initiatic grace the various types and functions of the spiritual master obstacles the aspirant is likely to encounter different modes of contemplation and the degrees of spiritual realization A companion volume to Perspectives on Initiation where Gu non had defined the nature of initiation and of the organizations qualified to transmit it Initiation and Spiritual Realization was the first thematic collection of Gu non's articles to appear after his death And one doctrine expressed in this book stands out as particularly timely that esoterism is not and cannot be a religion in itself since to take it as such is to reduce it to an alternative exoterism and a heterodox one at that Initiatic esoterism can only be legitimately and effectively practiced within the context of one of the established revealed religions
