Canaday, 2010-03-01 This book was written to help congregational leaders clergy staff and laypersons plan and organize a Christian education ministry from the approach of Christian formation in a community of faith context This book provides a model for organizing the Christian education leadership committee or team of the church demonstrates how to use the church year as a framework for planning the Christian education ministry of the church and gives a model for assessing the effectiveness of the educational ministry of the church and a process to help congregations move toward the Christian Education Formation approach **The Americanization of a Congregation** Elton J. Pastors We Need George A. Mason, 2012-11-06 Amid the widespread discussion about the future of the church an important point is sometimes overlooked tomorrow s church will depend to a great extent on the new pastors of today who will serve and guide our churches in the years ahead George Mason s Preparing the Pastors We Need Reclaiming the Congregation s Role in Training Clergy makes a timely intervention asking us to redefine pastoral leadership by analyzing how in fact pastors are made in the first place The book highlights an exciting development in the training of pastors pastoral residency programs and mentoring Mason demonstrates that these programs work best when the congregations themselves not just leadership or staff are an active participant in the training In this way churches begin to reclaim their rightful role in the formation of the ministers that will serve them And at the same time they become healthier and more effective churches Mason gives us the analogy of physician training Medical school produces graduates with extensive knowledge of the body but a practicing doctor will require several more years of internship and residency Similarly our seminaries and divinity schools produce men and women with good biblical knowledge but they might not prepare a graduate for the task of helping a bereaved parishioner cope with the sudden loss of a loved one Moreover such areas as finances budgets personnel management and vocational identity are also not well suited to seminary study Mason shows that congregation based mentoring and residency are excellent ways to bridge this gap
