The National Training Program United States. Congress. House. Committee on Homeland Security. Subcommittee on Emergency Preparedness, Science, and Technology,2007 *The NYPD's First Fifty Years* BERNARD WHALEN,JON WHALEN,2015-01-01 The New York Police Department is an iconic symbol of one of the world s most famous cities The blue uniforms of the men and women who serve on the force have long stood for integrity and heroism in the work to serve and protect the city s residents And yet as in any large public organization the NYPD has also suffered its share of corruption political shenanigans and questionable leadership In *The NYPD s First Fifty Years* Bernard Whalen himself a long serving NYPD lieutenant and his father Jon consider the men and women who have contributed to the department s past both positively and less so Starting with the official formation of the NYPD in 1898 they examine the commissioners politicians and patrolmen who during the next fifty years left a lasting mark on history and on one another In the process they also explore the backroom dealings the hidden history and the relationships that set the scene for the modern NYPD that so proudly serves the city today **Why Blacks Fear 'America's Mayor'** Peter Noel,2007 They call him America s Mayor But to blacks that title sugarcoats Rudy Giuliani s real reputation as one of the most racially divisive leaders in the nation Peter Noel s book puts Giuliani s often ignored record of oppressing the other New York front and center in the 2008 presidential race Noel was a witness to Giuliani time in New York As the race beat journalist for *The Village Voice* he reported exclusively on the police brutality that rained down on blacks and the denigration of black leadership by Giuliani In this collection of his expos s Noel provides stunning insights into the most notorious events of Giuliani s tenure including the execution style killing of Amadou Diallo and the sadistic torture of Abner Louima Both men like many black victims of Giuliani s stop and frisk policing were innocent of any wrongdoing This brutality sparked a new black activist movement Scores including Jesse Jackson were arrested and Peter Noel was there to cover it No journalist was more insightful about the rise of Al Sharpton Khallid Muhammad s Million Youth March and Giuliani s demonization of David Dinkins the city s first black mayor There are interviews with major political players inside accounts of the shifting alliances and violent conflicts between ethnic groups and a stinging critique of the white dominated media And then there is Peter Noel s interview with Giuliani which took the form of a street fight in Harlem In these eloquent often searing pieces written in an outraged and authentic voice Peter Noel spoke truth to the power of an Afriphobic mayor In this revealing book he still does False Allegations Brent E. Turvey,John O. Savino,Aurelio Coronado Mares,2017-07-06 *False Allegations Investigative and Forensic Issues in Fraudulent Reports of Crime* provides investigators and forensic examiners with a reference manual comprised of objective protocols for

managing cases It helps them understand the nature and extent of false allegations to more accurately identify false allegations should they present in casework It also prepares users on how to confront and explain false allegations including instances where colleagues and supervisors may be steeped in bias denial or self interest Responding law enforcement agencies have a duty of care to investigate all reported crime to recognize and uncover false allegations and prevent them from causing harm to the innocent Failure to do so can result in miscarriages of justice When law enforcement fails in their duty of care they are also exposed to civil liability from those that have been falsely accused Presents a first of its kind forensic textbook on a subject that has been highly politicized Written by qualified investigative and forensic professionals who work cases and give expert testimony Offers applied protocols to conduct forensic investigations and evaluations including red flags Based on the most recent scientific research practice and protocols Includes extensive case examples used to augment a variety of different false report models West's New York Supplement ,2006 **The New York City Police Department's Stop & Frisk Practices** Eliot Spitzer,1999 Canvasses 3 different perspectives on stop and frisk S F police activity in NY City Provides the legal definition of and constitutional parameters for S F encounters Considers S F from the perspective of both the N Y City Police Dept NYPD and minority communities that believe they have been most affected by the use of S F S F is also examined as part of the NYPD s training regimen and from the point of view of officers who have used the technique Provides an assessment of the S F tactic from the perspective of persons who have been stopped and commentary from persons who have observed the tactic s secondary effects Comprehensive **Unwarranted** Barry Friedman,2017-02-21 At a time when policing in America is at a crossroads Barry Friedman provides much needed insight analysis and direction in his thoughtful new book Unwarranted illuminates many of the often ignored issues surrounding how we police in America and highlights why reform is so urgently needed This revealing book comes at a critically important time and has much to offer all who care about fair treatment and public safety Bryan Stevenson founder and Executive Director of the Equal Justice Initiative and author of Just Mercy A Story of Justice and Redemption In June 2013 documents leaked by Edward Snowden sparked widespread debate about secret government surveillance of Americans Just over a year later the shooting of Michael Brown a black teenager in Ferguson Missouri set off protests and triggered concern about militarization of law enforcement and discriminatory policing In Unwarranted Barry Friedman argues that these two seemingly disparate events are connected and that the problem is not so much the policing agencies as it is the rest of us We allow these agencies to operate in secret and to decide how to police us rather than calling the shots ourselves And the courts which we depended upon to supervise policing have let us down entirely Unwarranted tells the stories of ordinary people whose lives were torn apart by policing by the methods of cops on the beat and those of the FBI and NSA Driven by technology policing has changed dramatically Once cops sought out bad guys today increasingly militarized forces conduct wide surveillance of all of us Friedman captures the eerie new environment in which CCTV location tracking and predictive

policing have made suspects of us all while proliferating SWAT teams and increased use of force have put everyone's property and lives at risk Policing falls particularly heavily on minority communities and the poor but as Unwarranted makes clear the effects of policing are much broader still Policing is everyone's problem Police play an indispensable role in our society But our failure to supervise them has left us all in peril Unwarranted is a critical timely intervention into debates about policing a call to take responsibility for governing those who govern us
