The Making of Our Country Smith Burnham, 1921 *Rebel Women* Jane Eldridge Miller, 1997-03-15 With the rise of women's suffrage challenges to marriage and divorce laws and expanding opportunities for education and employment for women the early years of the twentieth century were a time of social revolution Examining British novels written in 1890-1914 Jane Eldridge Miller demonstrates how these social legal and economic changes rendered the traditional narratives of romantic desire and marital closure inadequate forcing Edwardian novelists to counter the

limitations and ideological implications of those narratives with innovative strategies The original and provocative novels that resulted depict the experiences of modern women with unprecedented variety specificity and frankness Rebel Women is a major re evaluation of Edwardian fiction and a significant contribution to literary history and criticism Miller s is the best account we have not only of Edwardian women novelists but of early 20th century women novelists the measure of her achievement is that the distinction no longer seems workable David Trotter The London Review of Books *The Rebel Generation* Jo van Ammers-Küller,1928 **Rebel Daughter of a Country House** Francesca M.
