Harden,2022-11-03 Karla was a misguided youth who witnessed everything that she was supposed to be protected from Growing up without a father in her life and a mother who didn't know how to show her love forced her to go out into the world unprepared for the realities of it She became a mother at the age of eighteen by a man who was six years older with children Although she never felt love at home she still opened herself up to the possibilities of being loved and loving someone in return That search led her to a young man whom she eventually spent eight years of her life with and shared two more children together During their time together she suffered from mental physical and emotional abuse causing her to finally get up enough courage to leave him Single again Karla started doing things that she never had the opportunity to do while with such a controlling man She started to drink and go out more which eventually caused her to make decisions that affected and disrupted her household She met a few men and settled down with one that caught her eye While trying to pick up the pieces of her life she started doing a little better and was looking forward to her future without the hurt and pain that she suffered through for years Trying to better her relationship with her siblings she invited them to her apartment so that they could spend time together but nothing would prepare herself for what lay ahead One night with her family had turned her whole world upside down and left her fighting for her freedom With everything that she had already gone through nobody would have ever expected for her to end up in jail not even her Leaving behind her children Karla had to adjust to her new life behind bars There was no turning back now she had to fight harder than she had ever fought before During that fight she was sexually assaulted by a male deputy that worked at the courthouse Leaving her with distrust for the same people put in place to protect her she started to give up and accept things as they were but God didn't want that for her so He gave her the vision and sign that she had been waiting for After being away for almost two years Karla was released back out into the same cold cruel world that she was abruptly taken from and had to start rebuilding what was torn down She also needed to repair the broken relationship with her children but none of that would come easy for her Battling depression being homeless and running into people that had taken advantage of her instead of helping only made her stronger and after two years of parole Karla packed the few things she had along with her children and headed for a new life in Pittsburgh Pennsylvania leaving behind everything that was meant to break her and starting a new life for herself and children

Overton,2018-09-06 The Dreamer Trilogy series is based on five different styles of writing Being a new author I wanted to test my writing abilities by creating five creative stories The most important is to give the readers something outside the box Characters are fictional but each book has its deeper than life written message The Dreamer is the first book of The Dreamer Trilogy series In the book called The Dreamer a teenager is able to transfer into the flesh of any human being he desires but the consequence is greater than the gift This is one dream the world will never awake from until the nightmares become reality Mystery and spirituality are written in the ink of a gift and a curse American Made is on street life and growing up in poor conditions of the ghettos where making fatal decisions can end your life quicker than the eye can blink or will determine how long this youth will live under the blue skies by being the product that is American made The Mirror begins with a thriller gore and suspense written in the darkest form of life Bloody Mary reveals the untold truth behind the bloodstained glass made alive by a reflected soul made weary only to seek endless revenge The Dead Girl short story is based on the forgotten missing and lost girls walking the streets at night as the human vultures fly above their heads ready to pluck their souls to death under nakedness but not so pure to bewildered dead girls in the hands of a psychopathic killer with his own underground prison Some things are worse than death when the steel doors close from the world The last and final short story is based on slaverybut reversed The blacks are the slave masters and the Caucasians are the white slaves Two best friends will have to endure mental and physical ordeal during slavery by being human properties to black slavers but survival might not be an option for them After reading The Dreamer Trilogy Series readers will witness the birth of endless ink Each short story has its own meaning knowledge and definition about existence or nonexistence of worldly life Enter The Dreamer King Poetic is a street book the poems are raw and 90 percent real My book of poems deal with worldly issues My life is filled within the pages of life I have been through a lot in my life so I want to share my knowledge to the entire world This book is not like other poetry books out Each page will open your eyes and educate as well **The Last Prince Of Tulizia** Malela

The Age of Lone Wolf Terrorism Mark S. Hamm, Ramón Spaaij,2017-05-09 The lethality of lone wolf terrorism has reached an all time high in the United States. Isolated individuals using firearms with high capacity magazines are committing brutally efficient killings with the aim of terrorizing others, yet there is little consensus on what connects these crimes and the motivations behind them. In *The Age of Lone Wolf Terrorism*, terrorism experts Mark S. Hamm and Ramón Spaaij combine criminological theory with empirical and ethnographic research to map the pathways of lone wolf radicalization, helping with the identification of suspected behaviors and recognizing patterns of indoctrination. Reviewing comprehensive data on these actors, including more than two hundred terrorist incidents, Hamm and Spaaij find that a combination of personal and political grievances lead lone wolves to befriend online sympathizers, whether jihadists, white supremacists, or other antigovernment extremists, and then announce their intent to commit terror when triggered. Hamm and Spaaij carefully distinguish between lone wolves and individuals radicalized within a group dynamic. This important difference is what makes this book such a significant manual for professionals seeking richer insight into the transformation of alienated individuals into armed warriors. Hamm and Spaaij conclude with an analysis of recent FBI sting operations designed to prevent lone wolf terrorism in the United States, describing who gets targeted, strategies for luring suspects, and the ethics of arresting and prosecuting citizens.
