Troubled Masculinities Reimagining Urban Men 2011 12 :

Troubled Masculinities Kenneth James Moffatt, 2012-01-01 Through personal narratives and assessments of artistic expression the contributors present critical and inventive views of masculinity and how it is performed and interpreted in urban space Set against the backdrop of Toronto the essays engage with the global and transnational processes that affect identity and consider how the social hybridity of large cities allows individuals to work against fundamentalist and essentialist attitudes toward gender

Masculinities and Femininities in Latin America's Uneven Development Susan Paulson, 2015-08-20 This book forges a new approach to historical and geographical change by asking how gender arrangements and dynamics influence the evolution of institutions and environments This new theoretical approach is applied via mixed methods and a multi scale framework to bring together unusually diverse phenomena Regional trends demonstrated with quantitative data include the massive incorporation of women into paid work demographic masculinization of the countryside and feminization of cities rapidly increasing gaps that favor women over men in education and life expectancy and extraordinarily high levels of violence against men Case studies in Mexico Chile and Bolivia explore changes influenced by gender practices and expectations that involve men in different ways than women they also highlight dissimilarities and power relations between differently positioned masculine groups Ethnographic studies of culturally diverse arrangements together with particular attention to subordinate versus dominant masculinities complicate the gender binaries that circumscribe so much research and policy Drawing attention to imbalances and conflicts generated by inappropriate models and uneven developments the book points to opportunities for experimenting with and adapting the sociocultural institutions that govern relations among humans and between humans and their environment

The Routledge History Handbook of Gender and the Urban Experience Deborah Simonton, 2017-02-03 Challenging current perspectives of urbanisation The Routledge History Handbook of Gender and the Urban Experience explores how our towns and cities have shaped and been shaped by cultural spatial and gendered influences This volume discusses gender in an urban context in European North American and colonial towns from the fourteenth to the twentieth century casting new light on the development of medieval and modern settlements across the globe Organised into six thematic parts covering economy space civic identity material culture emotions and the colonial world this book comprises 36 chapters by key scholars in the field It covers a wide range of topics from women and citizenship in medieval York to gender and tradition in nineteenth and twentieth century South African cities reframing our understanding of the role of gender in constructing the spaces and places that form our urban environment Interdisciplinary and transnational in scope this volume analyses the individual dynamics of each case study while also examining the complex relationships and exchanges between urban cultures It is a valuable resource for all researchers and students interested in gender urban history and their intersection and interaction throughout the past five centuries

Boy Bands and the Performance of Pop Masculinity Georgina

Gregory,2019-04-03 *Boy Bands and the Performance of Pop Masculinity* provides a history of the boy band from the Beatles to One Direction placing the modern male pop group within the wider context of twentieth and twenty first century popular music and culture Offering the first extended look at pop masculinity as exhibited by boy bands this volume links the evolving expressions of gender and sexuality in the boy band to wider economic and social changes that have resulted in new ways of representing what it is to be a man The popularity of boy bands is unquestionable and their contributions to popular music are significant yet they have attracted relatively little study This book fills that gap with chapters exploring the challenges of defining the boy band phenomenon its origins and history from the 1940s to the present the role of management and marketing the performance of gender and sexuality and the nature of fandom and fan agency Throughout the author illuminates the ways in which identity politics influence the production and consumption of pop music and shows how the mainstream pop of boy bands can both reinforce and subvert gender and class hierarchies *Fatherhood and Masculinities* Catherine Gallais,2023-08-09 Based on novel ethnographic research conducted in New York City this book explores through the lens of intersectionality how gender impacts men s experiences of full time fatherhood as well as how sexuality race class faith and so on result in unequal access to choices and opportunities as parents Chapters analyze how perspectives on caregiving are complicated by varying cultural gendered and racialized stereotypes and representations that pull different fathers toward or push them away from particular models of fatherhood in an urban context Additionally the author interrogates how societal conceptions of men s bodies also play a role in how men understand their experiences of fatherhood This book will be of interest to scholars and students studying gender masculinity and fatherhood *Black Men Teaching in Urban Schools* Edward Brockenbrough,2018-05-20 This volume follows eleven Black male teachers from an urban predominantly Black school district to reveal a complex set of identity politics and power dynamics that complicate these teachers relationships with students and fellow educators It provides new and important insights into what it means to be a Black male teacher and suggests strategies for school districts teacher preparation programs researchers and other stakeholders to rethink why and how we recruit and train Black male teachers for urban K 12 classrooms *Animals in the City* Laura A. Reese,2021-11-15 This book presents interdisciplinary research to examine the ongoing debates around nonhuman animals in urban spaces It explores how we can better appreciate and accommodate animals in the city while also exploring the ecological health ethical and cultural implications of the same The book addresses seven interrelated themes such as blurred boundaries between the human and the nonhuman the right of nonhuman species to the city interactions between the human and nonhuman animals the fabric of urban space human and nonhuman complex systems and collective welfare that forms the basis of a transspecies urban theory It explains how a holistic understanding of the city requires that these blurred boundaries are acknowledged and critically examined Chapters analytically consider the need to bring interspecies relationships to the fore to tackle questions of legitimacy and who has the right to the city These also consider

important intersections between the economic political social and cultural aspects of the urban experience The research contained in this book focuses on the development of an urban theory that would eradicate the divide between humans and other species in cities and it depicts nonhuman animals as social actors that have voices within urban spaces With global insights on human animal relationships in a contemporary context this book will be useful reading for scholars and students of urban studies animal sciences animal law animals and public policy anthropology and environmental studies who are interested in the study of animals in cities *Canadian Graphic* Candida Rifkind,Linda Warley,2016-05-20 *Canadian Graphic* Picturing Life Narratives presents critical essays on contemporary Canadian cartoonists working in graphic life narrative from confession to memoir to biography The contributors draw on literary theory visual studies and cultural history to show how Canadian cartoonists have become so prominent in the international market for comic books based on real life experiences The essays explore the visual styles and storytelling techniques of Canadian cartoonists as well as their shared concern with the spectacular vulnerability of the self *Canadian Graphic* also considers the role of graphic life narratives in reimagining the national past including Indigenous settler relations both world wars and Quebec s Quiet Revolution Contributors use a range of approaches to analyze the political aesthetic and narrative tensions in these works between self and other memory and history individual and collective An original contribution to the study of auto biography alternative comics and Canadian print culture *Canadian Graphic* proposes new ways of reading the intersection of comics and auto biography both within and across national boundaries **Postmodern Social Work** Ken Moffatt,2019-09-24 How should social workers adapt to a time of widespread instability and uncertainty How can social work practice account for the ever increasing infiltration of technology and media images into our daily lives and mental states In this book Ken Moffatt turns to postmodern philosophy s grappling with late capitalism and the omnipresence of technology in order to develop a new approach to reflective social work practice and critical pedagogy *Postmodern Social Work* attempts to reconcile postmodern thinkers with the realities of teaching social work to diverse student populations in a precarious era Moffatt advocates an ideal of reflective practice that allows social workers to combine direct experience social welfare and social justice Through a series of interlocking essays focused on the theoretical underpinnings of reflective practice in the context of social work education he explores the implications of postmodern theory for social work practice Drawing on thinkers such as Michel Foucault Judith Butler Julia Kristeva Gilles Deleuze and Félix Guattari Moffatt lays out a path forward for reflective social work providing new ways of thinking that collapse old categories and integrate direct practice with community engagement and social analysis *Postmodern Social Work* offers an approach to practice and teaching that considers the shifting landscape of social change while remaining true to social work s primary concerns of inclusion and justice Violence, Imagination, and Resistance Katrin Roots,2023-05-25 Much of the discussion of social transformation and resistance in socio legal studies centres around the question of whether and how the law can be used to achieve practical change However the editors of this

volume argue that it will never be possible to enact change through the law because it is inseparable from violence be it metaphysical social or political They posit that a just world free from oppressive power relations requires us to imagine communities where the state and its law cease to exist Contributors address the underexplored questions of what alternatives to law could look like how communities could organize their everyday lives and how they could address social and interpersonal conflicts outside of an apparatus of violence These essays contribute to the ongoing interrogation of settler colonialism racism and structural violence in Canada by demonstrating how to expose the violence the law produces how to deconstruct law s power and finally how to identify modes of resistance that have transformative potential **Asian**

ways in which the offence of human trafficking is made on the front lines of criminal justice efforts in Canada

Racism and Anti-Racism in Canada David Este, 2020-07-10T00:00:00Z Multiculturalism is regarded as a key feature of Canada's national identity. Yet despite an increasingly diverse population, racialized Canadians are systematically excluded from full participation in society through personal and structural forms of racism and discrimination. *Race and Anti Racism in Canada* provides readers with a critical examination of how racism permeates Canadian society and articulates the complex ways to bring about equity and inclusion both individual and systemically.

Manufacturing Celebrity Vanessa Díaz, 2020-08-14 In *Manufacturing Celebrity*, Vanessa Díaz traces the complex power dynamics of the reporting and paparazzi work that fuel contemporary Hollywood and American celebrity culture. Drawing on ethnographic fieldwork, her experience reporting for *People* magazine, and dozens of interviews with photographers, journalists, publicists, magazine editors, and celebrities, Díaz examines the racialized and gendered labor involved in manufacturing and selling relatable celebrity personas. Celebrity reporters, most of whom are white women, are expected to leverage their sexuality to generate coverage, which makes them vulnerable to sexual exploitation and assault. Meanwhile, the predominantly male Latino paparazzi can face life-threatening situations and endure vilification that echoes anti-immigrant rhetoric. In pointing out the precarity of those who hustle to make a living by generating the bulk of celebrity media, Díaz highlights the profound inequities of the systems that provide consumers with 24/7 coverage of their favorite stars.

African Canadian Leadership Tamari Kitossa, Erica S. Lawson, Philip S.S. Howard, 2019-07-15 Challenging the myth of African Canadian leadership in crisis, this book opens a broad vista of inquiry into the many and dynamic ways leadership practices occur in Black Canadian communities. Exploring topics including Black women's contributions to African Canadian communities, the Black Lives Matter movement, Black LGBTQ HIV/AIDS advocacy, motherhood, and grieving, mentoring, and anti-racism contributors appraise the complex history and contemporary reality of blackness and leadership in Canada. With Canada as a complex site of Black diasporas, contributors offer an account of multiple forms of leadership and suggest that through surveillance and disruption, practices of self-determined Black leadership are incompatible with and threatening to White structures of power in Canada. As a whole, *African Canadian Leadership* offers perspectives that are complex, non-aligned, and in critical conversation about class, gender, sexuality, and the politics of African Canadian communities.

The Victorian Period in Twenty-First Century Children's and Adolescent Literature and Culture Sara K. Day, Sonya Sawyer Fritz, 2018-01-19 Victorian literature for audiences of all ages provides a broad foundation upon which to explore complex and evolving ideas about young people. In turn, this collection argues contemporary works for young people that draw on Victorian literature and culture ultimately reflect our own disruptions and upheavals, particularly as they relate to child and adolescent readers and our experiences of them. The essays therein suggest that we struggle now as the Victorians did then to assert a cohesive understanding of young readers and that this lack of cohesion is a result of, or a parallel to, the disruptions taking place on a larger, even global scale.

Working-Class Masculinities in Australian Higher Education Garth Stahl, 2021-09-06 This book takes a critical view of masculinities through an investigation of first in family males transitioning to higher education Drawing on six in depth longitudinal case studies the focus is on how young men from working class backgrounds engage with complex social inequalities as well as the various capitals they draw upon to ensure their success Through the longitudinal approach the work problematises the rhetoric of poverty of aspirations and foregrounds how class and gender influence the lives and futures of these young men The book demonstrates how the aspirations of these young men are influenced by a complex interplay between race ethnicity religion masculinity and social class Finally the book draws connections between the lived experiences of the participants and the implications for policy and practice in higher education Drawn from a larger research project each case study compels the reader to think critically regarding masculinities in relation to social practices institutional arrangements and cultural ideologies This is essential reading for those interested in widening participation in higher education gender theory masculinities longitudinal research and social justice

Troubled Masculinities Professor Ken Moffatt, 2014-05-14 Through personal narratives and assessments of artistic expression the contributors present critical and inventive views of masculinity and how it is performed and interpreted in urban space Set against the backdrop of Toronto the essays engage with the global and transnational processes that affect identity and consider how the social hybridity of large cities allows individuals to work against fundamentalist and essentialist attitudes toward gender

Troubled Masculinities Ken Moffatt, 2011-12-22 In the contemporary urban environment the once dominant concept of a masculine identity is being replaced by alternative ideas of what it means to be a man *Troubled Masculinities* explores and theorizes the ways in which men who experience marginalization in urban settings reimagine and reconstruct their identities as males Through personal narratives and assessments of artistic expression the contributors present critical and inventive views of masculinity and how it is performed and interpreted in urban space Set against the backdrop of Toronto the essays engage with the global and transnational processes that affect identity and consider how the social hybridity of large cities allows individuals to work against fundamentalist and essentialist attitudes toward gender The contributors represent diverse backgrounds races ethnicities sexualities and gender orientations and they offer unique perspectives on conforming to and breaking away from traditional interpretations of masculinity The essays in this volume explore the effect of race on one's own understanding of gender identity the role of performance and visual art from screen printing to drag king shows in challenging hegemonic masculinities and the impact of space from bubble tea houses to punk rock clubs on expressions of masculinity *Troubled Masculinities* is an important contribution to the growing field of masculinity studies and a valuable assessment of the nature of gender in a modern Canadian urban setting The collected essays will appeal to a wide audience from social scientists and artists to activists and general readers

Black, Brown, Bruised Ebony Omotola McGee, 2021-02-01 2022 PROSE Award Finalist Drawing on narratives from hundreds of Black Latinx and Indigenous

individuals Ebony Omotola McGee examines the experiences of underrepresented racially minoritized students and faculty members who have succeeded in STEM Based on this extensive research McGee advocates for structural and institutional changes to address racial discrimination stereotyping and hostile environments in an effort to make the field more inclusive Black Brown Bruised reveals the challenges that underrepresented racially minoritized students confront in order to succeed in these exclusive usually all White academic and professional realms The book provides searing accounts of racism inscribed on campus in the lab and on the job and portrays learning and work environments as arenas rife with racial stereotyping conscious and unconscious bias and micro aggressions As a result many students experience the effects of a racial battle fatigue physical and mental exhaustion borne of their hostile learning and work environments leading them to abandon STEM fields entirely McGee offers policies and practices that must be implemented to ensure that STEM education and employment become more inclusive including internships mentoring opportunities and curricular offerings Such structural changes are imperative if we are to reverse the negative effects of racialized STEM and unlock the potential of all students to drive technological innovation and power the economy
