What works for one person may not work for another and that's okay. Above all, remember that love is a journey, not a destination. The lessons you'll learn and the growth you'll experience along the way are just as valuable as the ultimate goal of a healthy, fulfilling relationship. So take your time, be patient with yourself and your partner, and remember to enjoy the journey. With that in mind, I invite you to dive into this book, open your heart, and embark on your journey of understanding growth and love. As you traverse this path, remember the wisdom in Proverbs 3:5-6: Trust in the Lord with all your heart and lean not on your own understanding; in all your ways acknowledge Him, and He will make your paths straight. I hope that *From the Heart* serves as a reliable compass leading you to a more fulfilling love life and deeper, more meaningful relationships.

Finding Love After Loss Marti Benedetti, Mary A. Dempsey, 2021-10-11. Guides readers through the emotions and practical concerns of finding love after the death of a partner. Romantic love in all its permutations forms one of the most fascinating of human interactions. It also can be one of life's thorniest challenges, especially in a world where relationships often unfold online and recently where a pandemic barred face-to-face contact with people outside one's immediate household. Among those seeking romance in increasing numbers is a group that stands apart: the women who, slammed by the death of a spouse, bravely pursue new love. *Finding Love After Loss: A Relationship Roadmap for Widows* goes to the trenches to interview widows who have embarked nervously but with hope on this quest. Their frank and revealing interviews, along with wisdom from relationship experts, provide guidance to other women trying to navigate the relationship scene when their last date might have been decades ago. Where do widows find new partners? How much should they share in their online profile? What do they tell their friends and family? What about getting naked for the first time with a new man? Who pays when the bill appears at a restaurant? More than any time in U.S. history, the country's widows are seeking another chance at romance. The sheer number of widows—11 million, with an average age in the fifties—makes them a formidable force. They are living longer and have broader views on sex and money. Yet it is difficult for them to find their footing. Many of them have been away from the courtship arena for decades. They may make their return to dating with children and in-laws in tow. They are confused by the new rules and unclear on the expectations but convinced that they are capable of loving again. This book, written by a widow and a co-author who dated a widower, details just how powerful, sometimes daunting, and exhilarating the journey to new love can be. It also unveils the extraordinary ways that widows are reshaping the romance landscape by tossing traditional marriage vows by the roadside, by skipping marriage entirely, or even by committing to a new partner but living apart. This isn't your grandmother's widowhood scene, not by a long shot. *Finding Love After Loss* examines the crazy, sad, and even zany contributions that people left behind by the death of a partner bring to new relationships. At the same time, it reveals both the amazing resilience of women who have lived through great loss and the irresistible pull of human connection.
