Tula Hatti The Last Great Elephant:

Tula Hatti Peter Byrne,1993-06 Tula Hatti the largest known Asian elephant alive today lives in the endangered habitat of southwestern Nepal In 1988 Peter Byrne a former big game hunter set out to film the huge elephant in his habitat in order to bring Tula Hatti to the attention of the world to make him a symbol of endangered wildlife everywhere 28 photographs 3 maps *The Sasquatch in Minnesota* Mike Quast,2021-11-19 This book tells the story of my own investigations in my home

state of Minnesota Every report that I am personally aware of at this time for Minnesota and the Dakotas is included here Many are of a more or less conventional nature man sees sasquatch sasquatch runs away while others are downright bizarre but all are true to the best of my knowledge and I believe they prove the existence of the beast I saw along that forest highway all those years ago *Travelers' Tales Nepal* Rajendra S. Khadka,1997 Gathers stories by Peter Matthiessen Jimmy

Carter Diane Summers Broghtonoburn Meg Lukens Noonan and Jan Morris describing their adventures inepal *Gone Are the Days* Peter Byrne,2001-01-01 Peter Byrne has led the life most of us can only dream about After WW II he returned to Ireland but being restless he decided to find a job that would take him to exotic lands Using his family s connections he was hired as a manager on a huge Indian tea plantation in the Himalayan foothills a posh job that came with 17 servants and a mansion Almost immediately on arrival he was plunged into Indian jungle hunting his primary love when the local villagers turned to him with a plea to eliminate a rogue boar Read his exciting description of how he jumped from a tree and sliced the boar s skull in two while half the adult males of the village stayed in the trees to watch and cheer him on Share his many adventures in India with tiger elephant and leopard and see how a fortuitous championing of a member of the ruling elite of Nepal during a bar brawl prompted Peter to move to Nepal and become a professional hunter there Move with him to Nepal where he was for years the only authorized professional hunter to operate in that country In the unspoiled wilderness of the White Grass Plains area of Nepal where there were virtually no roads and the natives did not even know the name of the capital of the country he hunted tiger right up till the close of tiger hunting in 1969 Follow his exploits in the Terai forested southlands of Nepal where he encountered a man eater that was eventually killed by a train This is the true life story about a time that now is completely gone a time when virtually no cars were seen in the remote areas of India and Nepal a time when tiger gaur leopard sambar and many other jungle denizens were plentiful beyond description Those days are truly gone

Foreword by Charlton Heston *Anatomy of a Beast* Michael McLeod,2009-06-02 Part history part road trip and part biography this is the true story of a remarkable group of men whose obsession with Bigfoot turned the giant hominid into an American icon Award winning journalist Michael McLeod tells of Bigfoot s rise to tabloid stardom in a fast paced account that begins with his own journey to investigate a famous 1967 film clip of a Bigfoot in a California forest McLeod proceeds to uncover a trail of clues reaching from the late nineteenth century when a few ambitious imaginative naturalists and explorers synthesized historical and indigenous folklore with Darwinian ideas and speculated that a proto hominid missing link might

still be alive in remote areas That speculation would eventually inspire a colorful cast of loggers hunters con artists and businessmen in the twentieth century to create the modern myth of Bigfoot all of them angling for a piece of a monster that the media and the public still can't get enough of Told through vividly narrated interviews and anecdotes Anatomy of a Beast offers a unique perspective on the deep roots of counterfactual thinking and how obsession and myth are created out of it
