Music, Business and Peacebuilding Constance Cook Glen, Timothy L. Fort, 2021-12-21 Business schools are placing more emphasis on the role of business in society Top business school accreditors are shifting to mandating that schools teach their students about the social impact of business including AACSB standards to require the incorporation of business impact on society into all elements of accredited institutions Researchers are also increasingly focused on issues related to sustainability but in particular to business and peace as a field A strong strain of scholarship argues that ethics is nurtured by emotions and through aesthetic quests for moral excellence The arts

and music as shown specifically in this book can be a resource to nudge positive emotions in the direction toward ethical behavior and logically then toward peace Business provides a model for positive interactions that not only foster long term successful business but also incrementally influences society This book provides an opportunity for integration and recognition of how music and other art forms can further encourage business toward the direction of peace while business provides a platform for the dissemination and modeling of the positive capabilities of music toward the aims of peace in the world today The primary market for this book is the academic audience Unlike many other academic books however the interdisciplinary nature of the book allows for multiple academic audiences Thus this book reaches into schools of music business political science film studies sports and society studies the humanities ethics and of course peace studies **Sound Healing** Green Leatherr,2020-11-27 As a child I loved sounds I still do Of course the usual drill included loving music with its melody and rhythm Later on my mother would claim that she made me listen to classical music as a baby What she did not mention was that the interest went beyond that Every little twang was a fascination for me My dad played the guitar since he was a teenager He was the very first person I encountered that used a tuning fork He would let the tuning fork vibrate first by bumping it on a surface My dad said that if you held the tuning fork against a solid material it produces an A note Electrical instruments may make a fainter sound though So he liked using it on his acoustic guitar At a young age I dabbled with musical instruments myself I noticed though that I preferred just listening to the same note vibrating again and again Don t get me wrong Music provides its own form of therapy Classical music relaxes me while rock gives me an outlet whenever I feel angry or out of sorts However I noticed that those little twanging sounds from the tuning fork seem to have a calming effect It goes beyond the usual musical therapy So I conducted some research on the tuning fork Since I started looking at its benefits I found out just how good it is for me my physical health and my mental well being The rhythm that the tuning fork creates produces harmony throughout the body The more I discovered the more I was convinced that sound and vibrations create the balance in my mind and body that I was always looking for It goes beyond just feeling the vibe with music It becomes an all encompassing experience because it tunes you as a person and provides you with nuance and rhythm that you need to get yourself on the path of happiness health and success This is what I want to share with you through this little book Something short can direct towards something small which will make a massive difference in your life *Electric Body, Electric Health* Eileen Day McKusick,2021-01-26 Tap into the extraordinary power of electricity to heal your body and empower your life Everything is electric This seemingly simple observation has transformational repercussions on the way we think about and approach physical mental and emotional health Electric Body Electric Health is a manifesto for personal empowerment based on an electrical view of life Author of Tuning the Human Biofield Eileen Day McKusick is an expert in the emerging field of electric health and has taught thousands how to transform effortlessly through learning to think electrically By illuminating the biological nature of our electrical bodies McKusick empowers readers to clear the static noise

and resistance from this system and experience greater energy clarity and order Electric Body Electric Health makes use of simple easy to implement practices such as Awareness practices Perspective shifts Breathing practices Simple lifestyle changes Improved emotional management and more in order to help readers improve their health and enhance their daily lives It will give you the tools to transform your relationship with your body your mind your emotions and the electrical world around you

The Science of Planetary Signatures in Medicine Jennifer T. Gehl, 2017-01-27 A comprehensive guide to the cosmic influences that underlie health and how to apply them for profound health and healing Examines how ancient and modern traditions of healing interconnect through the doctrine of signatures As above so below Reveals how one s astrological chart has implications for personal health and healing Explains how each sign of the zodiac corresponds not only to parts of the body and its chakras but also to specific plants herbs colors and emotions Explores how to use sound healing to harmonize astrological imbalances When we look at the vast and intricate cosmos galaxies planets organisms organs cells molecules atoms there is a fundamental order a music or harmony of the spheres Our cells reflect the images of galaxies seen through our telescopes We are the microcosm reflecting the macrocosm of the heavens Our ancestors understood these patterns and connections between humanity and the universe and developed spiritual and healing traditions in line with these cosmic truths Yet in the 19th century knowledge of these connections was set aside as medical science sought to create the one size fits all approaches to healing that dominate modern medicine today In this comprehensive exploration of the celestial influences that underlie health and healing Jennifer Gehl with Marc Micozzi examines how ancient and modern traditions of healing interconnect through the doctrine of signatures As above so below She reveals how one s celestial nature the arrangement of the cosmos at the moment of birth has implications for personal health and how each sign of the zodiac corresponds to parts of the body the chakras and specific plants herbs colors and emotions She explains how sound re arranges forms according to the principles of harmony leveraging not only the human self regulating capacity to restore health but also that of the Earth to restore balance and harmony Also explored are the recurrence of geometric forms in nature and how to apply this knowledge in sound healing and medical astrology Weaving together the threads of ancient science and spirit that formed the original tapestry of medicine Gehl explains how to restore the cosmic foundations of healing for personal planetary and universal health and wellbeing

Chakra Dreamwork Therese E. Duckett, 2025-10-21 Shows how each chakra transmits specific symbols in dreams to communicate how its energy flow may be blocked or imbalanced and how to address these issues Explores the vibrational frequencies of our chakras and how they impact everyday life revealing how changing our frequency changes the quality of our experience Offers sound therapy techniques meditation practices movement exercises and techniques using essential oils as well as color visualization to raise our frequency We are energetic beings operating at different vibrational frequencies that flow through our chakra system In this book Therese E Duckett scientifically explains how our chakras communicate with our subconscious and how they can be

attuned for greater knowledge self awareness and healing When a chakra is blocked or imbalanced we may experience physical emotional mental or even spiritual symptoms The solution to heal these issues and improve health and well being can be found in our dreams Duckett demonstrates how each chakra transmits specific symbols and dream signatures indicating the state of its energy flow If a dream indicates that a particular chakra is blocked we can take action Duckett describes how practices such as sound therapy meditation breathwork movement essential oils and color visualization can help raise our frequency and open and strengthen each chakra allowing for unimpeded energy flow When energy flows freely through the chakras we reenergize our auric and etheric bodies as well as contribute to the evolution of collective consciousness Engaging in chakra dreamwork reveals messages that teach us to raise our chakra frequencies improve our experience of life and find a path to optimal healing and well being *Vade Mecum* Carla Camins Macapinlac, 2021-03-24
