Brendan G. Carr

Turn Me Loose The Unghosting Of Medgar Evers:

Turn Me Loose Frank X Walker, 2013-05-01 Around the void left by the murder of Medgar Evers in 1963 the poems in this collection speak unleashing the strong emotions both before and after the moment of assassination Poems take on the voices of Evers's widow Myrlie his brother Charles his assassin Byron De La Beckwith and each of De La Beckwith's two wives Except for the book's title *Turn me loose* which were his final words Evers remains in this collection silent Yet the poems accumulate facets of the love and hate with which others saw this man unghosting him in a way that only imagination makes possible Reckoning with the Past Kristine Yohe, 2026-01-27 Medgar Evers civil rights organizer Isaac Murphy one of the

greatest jockeys of all time York enslaved explorer on the Corps of Discovery expedition These three pivotal figures are brought together in Frank X Walker's body of work Known for coining the term Affrilachia and cofounding the Affrilachian Poets acclaimed writer and activist Frank X Walker challenges dominant historical narratives and renders the invisible visible through his persona poetry His extensive creative output is informed by his own experiences as well as figures important to US history While these figures are eras apart Walker finds the shared undercurrents of their lives exploring themes of gender family and race in each collection His poetry joins in a deep tradition of Black American literature that exhibits both a concern for historical truth telling and a powerful empathy that looks to the future This first book length study of an Affrilachian poet examines five of Walker's collections to highlight how his poems on York Isaac Murphy and Medgar Evers address and bridge the disconnect between past and present Author Kristine Yohe pays deep attention to Walker's craft and emphasizes the pursuit of social justice and racial reconciliation underpinning his work In this way *Reckoning with the Past* not only adds to the well deserved recognition of Walker's poetry but also brings more awareness and respect to the lives of others whose voices are essential to the American story **The Specter and the Speculative** Mae G. Henderson, Jeanne Scheper, Gene Melton, 2024-05-31 The Specter and the Speculative Afterlives and Archives in the African Diaspora engages in

a critical conversation about how historical subjects and historical texts within the African Diaspora are re-fashioned re-animated and re-articulated as well as parodied nostalgized and defamiliarized to establish an afterlife for African Atlantic identities and narratives These essays focus on transnational transdisciplinary and transhistorical sites of memory and haunting textual visual and embodied performances in order to examine how these living archives circulate and imagine anew the meanings of prior narratives liberated from their original context Individual essays examine how historical and literary performances in addition to film drama music dance and material culture thus revitalized transcend and speak across temporal and spatial boundaries not only to reinstate traditional meanings but also to motivate fresh commentary and critique Emergent and established scholars representing diverse disciplines and fields of interest specifically engage under explored themes related to afterlives archives and haunting *Violence from Slavery to #BlackLivesMatter* Andrew Dix, Peter Templeton, 2019-11-12 Violence from Slavery to BlackLivesMatter brings together perspectives on violence and its

representation in African American history from slavery to the present moment Contributors explore how violence signifying both an instrument of the white majority's power and a modality of black resistance has been understood and articulated in primary materials that range from slave narrative through lynching plays and Richard Wright's fiction to contemporary activist poetry and from photography of African American suffering through Blaxploitation cinema and Spike Lee's films to rap lyrics and performances Diverse both in their period coverage and their choice of medium for discussion the 11 essays are unified by a shared concern to unpack violence's multiple meanings for black America Underlying the collection too is not only the desire to memorialize past moments of black American suffering and resistance but in politically timely fashion to explore their connections to our current conjuncture

Timelines of American Literature Cody Marrs, Christopher Hager, 2019-01-29 A collection of engaging essays that seeks to uniquely reperiodize American literature It is all but inevitable for literary history to be divided into periods Early American antebellum modern post 1945 such designations organize our knowledge of the past and shape the ways we discuss that past today These periods tend to align with the watershed moments in American history even as the field has shifted its perspective away from the nation state It is high time we rethink these defining periods of American literary history as the drawing of literary timelines is a necessary even illuminating practice In these short spirited and imaginative essays 23 leading Americanists gamely fashion new unorthodox literary periods from 600 B C E to the present from the Age of Van Buren to the Age of Microeconomics They bring to light literary and cultural histories that have been obscured by traditional timelines and raise provocative questions What is our definition of modernism if we imagine it stretching from 1865 to 1965 instead of 1890 to 1945 How does the captivity narrative change when we consider it as a contemporary not just a colonial genre What does the course of American literature look like set against the backdrop of federal denials of Native sovereignty or housing policies that exacerbated segregation Filled with challenges to scholars inspirations for teachers anchored by an appendix of syllabi and entry points for students *Timelines of American Literature* gathers some of the most exciting new work in the field to showcase the revelatory potential of fresh thinking about how we organize the literary past

The Georgia Review, 2013 *When Winter Come* Frank X Walker, 2008-02-01 A sequel to the award winning *Buffalo Dance* Frank X Walker's *When Winter Come* The *Ascension of York* is a dramatic reimagining of Lewis and Clark's legendary exploration of the American West By focusing on the humanity and struggles of York Clark's slave *When Winter Come* challenges conventional views of the journey's heroes and exposes the deeds both great and ghastly of the men behind the myth Grounded in the history of the famous trip Walker's vibrant account allows York little more than a forgotten footnote in traditional narratives to embody the full range of human ability knowledge emotion and experience He is a skillful hunter who kills his prey with both grace and reverence and he thinks deeply about the proper place of humans in the natural world York knows the seasons like a book and he can read moss sunsets the moon and a mare's foaling time with a touch The Native peoples understand and honor

York's innate bond with the earth Though his expertise is integral to the journey's success York's masters do not reward him they know only the way of the lash The alternately heartbreaking and uplifting poems in *When Winter Come* are told from multiple perspectives and rendered in vivid detail On the journey York forges a spiritual connection and shares sensual delights with a Nez Perce woman and he aches when he is forced to leave her and their unborn son Walker's poems capture the profound feelings of love and loss on each side of this ill-fated meeting of souls When the trek ends and York is sent back to his former home his wife and stepmother air their joys and grievances As the perspectives of Lewis Clark Sacagawea and others in the party emerge Walker also gives voice to York's knife his hunting shirt and the river waters that have borne the labors and travels of thousands before and after the Lewis and Clark expedition Despite fleeting hints that escape is possible slavery continues to bind York and quell the joyful noise in his spirit until his death Walker's poems however give York his voice after centuries of silence *When Winter Come* exalts the historical persona of a slave and lifts the soul of a man York ascends out of his chains out of oblivion and into flight

Buffalo Dance Frank Walker, 2004 Winner of the 35th Annual Lillian Smith Book Award 2004 A BookSense 76 Spring 2004 Top 10 Poetry Book Read an excerpt from the book Listen to Frank X Walker reading on NPR's This I Believe segment of Morning Edition This collection of persona poems tells the story of the infamous Lewis Clark expedition from the point of view of Clark's personal slave York The poems form a narrative of York's inner and outer journey before during and after the expedition a journey from slavery to freedom from the plantation to the great northwest from servant to soul yearning to be free Over the course of the saga and through the poems we are treated to subtle and overt commentaries on literacy slavery native Americans buffalo the environment and more Though *Buffalo Dance* purposely references historic accounts and facts it is fictionalized poetry and Frank X Walker's rare blend of history and art breathes life into an important but overlooked historical figure Frank X Walker is the author of *Affrilachia* and the soon to be released *Black Box* two collections of poetry He teaches in the department of English Theatre and is the interim Director of the African American Studies Program at Eastern Kentucky University He is also a visiting professor in Pan African Studies department at the University of Louisville A 2004 recipient of the Lillian Smith Book Award he lives in Lexington KY Click here for Frank Walker's website
