The Mystery of Life What'S It All About? David E. Peeples, 2018-03-15 Have you ever seriously considered the most difficult and puzzling questions presented to our minds during this mortal sojourn through an often difficult and challenging existence Who am I Where did I come from Why am I here Where am I going And perhaps the most important question of all What is my purpose for living In this ultra modern digital world of today many people have become so preoccupied with the daily pursuits of life and the addictive overuse of time consuming technology that many of them rarely pause to seriously consider what life is actually all about In writing The Mystery of Life it has been my hope and my goal to personally challenge each reader to consider many relevant facts and to follow a line of evidence pointing toward a worldview that is often overlooked and too easily marginalized We live in an aggressive technology driven world where the wild pursuit of power prestige possession and pleasure has become the driving influence ruling over many of our lives What does your worldview look like Is there enough evidence to support it beyond reasonable doubt If not then I invite you to consider a vast body of mounting evidence that could lead toward a more accurate discernment of an often confusing existence The view of life that we have each come to know will strongly influence everything we do say and become in this world Based on a remarkable consensus of evidence perhaps we should consider a worldview understanding that will ultimately avail our hearts and minds of the personal fulfillment and satisfaction we have always longed for and often dreamed of We owe it to ourselves to seriously consider where the evidence is leading us Isnt it about time to discover the answers to our most persistent and pressing questions The Mystery of Life is presented as a literary expose addressing the questions of origin meaning morality and destiny

Chapter and Verse provides a biblically based rationale for the practice of application and then proposes a biblically consistent method for application. The book is substantive but accessible, relevant for believers generally as well as preachers. It begins by sketching the broad theological context of Bible application, relating it to the gospel generally and to sanctification specifically. The heart of the study then synthesizes key Old and New Testament passages relative to the process of application. Building on this foundation, the book sets forth a sensible approach for arriving at legitimate applications of Scripture. A rich assortment of positive and negative case studies illustrates the method, motivating believers to apply the Scriptures for themselves.
