*Pilgrims and Pilgrimages as Peacemakers in Christianity, Judaism and Islam* Antón M. Pazos, 2016-04-08 Pilgrimages can be analysed as acts of conflict such as the Crusades or also as platforms for relationship building and rapprochement between religions With a set of contributions from leading experts in the field this book explores the concept of pilgrimage in Christianity Judaism and Islam Some specific examples of pilgrimages that helped to strengthen links between different religions or civilisations are explored ranging from Europe to Asia and from the Middle Ages to the twentieth century Even though every pilgrimage that is investigated here has helped to link different worlds the case studies show that this relationship rarely led to a better

Bielo, Lieve Wijnia, 2021-01-14 This volume examines the ways in which biblical tourism is enmeshed within the production and management of heritage global contexts of marketing and publicity accessibility of sacred sites and routes for multiple audiences and the forging of connections between travel and social identity By exploring issues such as devotional piety religious pedagogy and entertainment an interdisciplinary collection of scholars traces how biblical tourism experiences are choreographed and consumed and how these practices shape embodied and narrative performances of scripture Contributors focus on four major questions How have people used tourism to develop new or renewed relationships with the Bible Historically what role has the Bible played in the development of modern tourism In the context of the tourist encounter how have people mobilized the Bible as a social and expressive resource And what forms of social exchange shape acts of biblical tourism such as among pilgrims or between people and landscapes These questions are centered not only around authorized shrines and Holy Places but also festivals museums theme parks and heritage sites This book aims to

create a comparative and interdisciplinary dialogue around the dynamic relationship between biblical heritage claims and the practices and infrastructures of modern tourism      Ethnographic Encounters in Israel Fran Markowitz, 2013-06-11 Essays on the challenges of anthropological work in a complicated country A compelling anthology Ruth Behar Israel is a place of paradoxes a small country with a diverse population and complicated social terrain Studying its culture and social life means confronting a multitude of ethical dilemmas and methodological challenges These first person accounts by anthropologists engage contradictions of religion politics identity kinship racialization and globalization to reveal fascinating and often vexing dimensions of the Israeli experience Caught up in pressing existential questions of war and peace social justice and national boundaries the contributors explore the contours of Israeli society as insiders and outsiders natives and strangers as well as critics and friends      **Tourism, Performance, and Place** Jillian M. Rickly-Boyd, Daniel C. Knudsen, Lisa C.

Braverman, 2016-02-24 Drawing upon theories of landscape and performance this work weaves together existing tourism literature with new scholarship to forge a geographically informed theory of tourism Such a theory integrates the ways in which places are co produced circulated interpreted experienced and performed for and by tourists tourism boards and even as everyday spaces Bringing together theories of ritual Peircean semiotics ideology and performance the authors blend the often separate literatures of tourism sites and touristic practices Whereas most tourism texts focus on a part of the tourism equation the tourism site or the tourist experience a geographic theory of tourism brings these constituent parts together in thinking about notions of place Place processes are central to geography as well as tourism studies because tourism facilitates encounters with distinct locations As this book argues considering tourism as performative draws disparate areas of tourism theory together to better understand the ways tourism happens in and across places      New Perspectives on

Jewish Cultural History Maja Gildin Zuckerman, Jakob Egholm Feldt, 2019-08-19 This book presents original studies of how a cultural concept of Jewishness and a coherent Jewish history came to make sense in the experiences of people entangled in different historical situations Instead of searching for the inconsistencies discontinuities or ruptures of dominant grand historical narratives of Jewish cultural history this book unfolds situations and events where Jewishness and a coherent Jewish history became useful meaningful and acted upon as a site of causal explanations Inspired by classical American pragmatism and more recent French pragmatism we present a new perspective on Jewish cultural history in which the experiences problems and actions of people are at the center of reconstructions of historical causalities and projections of future horizons The book shows how boundaries between Jewish and non Jewish are not a priori given but are instead repeatedly experienced in a variety of situations and then acted upon as matters of facts In different ways and on different scales these studies show how people's experiences of Jewishness perpetually probe test and shape the boundaries between what is Jewish and non Jewish and that these boundaries shape the spatiotemporal linkages that we call history

**Intersections of Tourism, Migration, and Exile** Natalia Bloch, Kathleen M. Adams, 2022-12-30 This book challenges

the classic and often tacit compartmentalization of tourism migration and refugee studies by exploring the intersections of these forms of spatial mobility each prompts distinctive images and moral reactions yet they often intertwine overlap and influence one another Tourism migration and exile evoke widely varying policies diverse popular reactions and contrasting imagery What are the ramifications of these siloed conceptions for people on the move To what extent do gender class ethnic and racial global inequalities shape moral discourses surrounding people s movements This book presents 12 predominantly ethnographic case studies from around the world and a pandemic focused conclusion that address these issues In recounting and juxtaposing stories of refugees and migrants returns marriage migrants voluntourists migrant retirees migrant tourism workers and entrepreneurs mobile investors and professionals and refugees pursuing educational mobility this book cultivates more nuanced insights into intersecting forms of mobility Ultimately this work promises to foster not only empathy but also greater resolve for forging trails toward mobility justice This accessibly written volume will be essential to scholars and students in critical migration tourism and refugee studies including anthropologists sociologists human geographers and researchers in political science and cultural studies The book will also be of interest to non academic professionals and general readers interested in contemporary mobilities

*A Sephardi Sea* Dario Miccoli, 2022-07-26 *A Sephardi Sea* tells the story of Jews from the southern shore of the Mediterranean who between the late 1940s and the mid 1960s migrated from their country of birth for Europe Israel and beyond It is a story that explores their contrasting memories of and feelings for a Sephardi Jewish world in North Africa and Egypt that is lost forever but whose echoes many still hear Surely some of these Jewish migrants were already familiar with their new countries of residence because of colonial ties or of Zionism and often spoke the language Why then was the act of leaving so painful and why more than fifty years afterward is its memory still so tangible Dario Miccoli examines how the memories of a bygone Sephardi Mediterranean world became preserved in three national contexts Israel France and Italy where the Jews of the Middle East and North Africa and their descendants migrated and nowadays live *A Sephardi Sea* explores how practices of memory and heritage making from the writing of novels and memoirs to the opening of museums and memorials the activities of heritage associations and state led celebrations has filled an identity vacuum in the three countries and helps the Jews from North Africa and Egypt to define their Jewishness in Europe and Israel today but also reinforce their connection to a vanished world now remembered with nostalgia affection and sadness

*Stepping Into Zion* Janice W. Fernheimer, 2014-10-15 Considers the question Who is a Jew a critical rhetorical issue with far reaching consequences for Jews and non Jews alike Hatzaad Harishon The First Step was a New York based multiracial Jewish organization that worked to increase recognition and legitimacy for Black Jews in the sixties and seventies In *Stepping into Zion* Janice W Fernheimer examines the history and archives of Hatzaad Harishon to illuminate the shifting definitions and borders of Jewish identity which have critical relevance to Jews of all traditions as well as to non Jews Fernheimer focuses on a period when Jewish identity was in flux and deeply influenced by the Civil Rights and Black Power movements In 1964 white and Black Jews formed Hatzaad Harishon to foster interaction and unity between Black and white Jewish communities They raised the question of who or what constitutes Jewishness or Jewish identity and in searching for an answer succeeded both historically and rhetorically in gaining increased recognition for Black Jews Fernheimer traces how despite deep disagreement over definitions members of Hatzaad Harishon were able to create common ground in a process she terms interruptive invention an incremental model for rhetorical success that allows different groups to begin and continue important but difficult discussions when they share little common ground or make unequal claims to institutional and discursive power or when the nature of common ground is precisely what is at stake Consequently they provide a practical way out of the seemingly incommensurable stalemate incompatible worldviews present Through insightful interpretations of Hatzaad Harishon s archival materials Fernheimer chronicles the group s successes and failures within the larger rhetorical history of conflicts that emerge when cultural identities shift or expand *Saving History* Lauren R.

Kerby, 2020-02-21 Millions of tourists visit Washington D C every year but for some the experience is about much more than sightseeing Lauren R Kerby s lively book takes readers onto tour buses and explores the world of Christian heritage tourism These expeditions visit the same attractions as their secular counterparts Capitol Hill the Washington Monument the war memorials and much more but the white evangelicals who flock to the tours are searching for evidence that America was founded as a Christian nation The tours preach a historical jeremiad that resonates far beyond Washington White evangelicals across the United States tell stories of the nation s Christian origins its subsequent fall into moral and spiritual corruption and its need for repentance and return to founding principles This vision of American history Kerby finds is white evangelicals most powerful political resource it allows them to shapeshift between the roles of faithful patriots and persecuted outsiders In an era when white evangelicals political commitments baffle many observers this book offers a key

for understanding how they continually reimagine the American story and their own place in it      **The Routledge Handbook of Contemporary Jewish Cultures** Nadia Valman, Laurence Roth, 2017-07-14 The Routledge Handbook to Contemporary Jewish Cultures explores the diversity of Jewish cultures and ways of investigating them presenting the different methodologies arguments and challenges within the discipline Divided into themed sections this book considers in turn How the individual terms Jewish and culture are defined looking at perspectives from Anthropology Music Literary Studies Sociology Religious Studies History Art History and Film Television and New Media Studies How Jewish cultures are theorized looking at key themes regarding power textuality religion secularity memory bodies space and place and networks Case studies in contemporary Jewish cultures With essays by leading scholars in Jewish culture this book offers a clear overview of the field and offers exciting new directions for the future      **Diasporic Mobilities on Vacation** Lauren B. Wagner, 2023-04-26 Diasporic Mobilities on Vacation is a nuanced exploration of the embodied and affective practices of Moroccans from Europe visiting Morocco for summer vacation Rather than characterizing them as uncomfortably split between homelands this book focuses on how their touristic leisure practices create their own space of diasporic belonging An expert on Moroccan diaspora communities and mobile lifestyles the book draws on multi sited and mobile ethnographic research to take the reader along on the journey home and experience the daily lives of diasporic visitors Their practices activities and encounters on vacation offer insights into larger issues of class leisure consumption and transnational belonging in South to North migration contexts Concretely the book shows how these holiday encounters simultaneously generate integration into Morocco for migrant descendants who can feel at home in this homeland and differentiation from others in how they embody Moroccaness as social and material actors This book shows how seemingly frivolous practices of leisure have material consequences for individuals who belong across homelands Positioned at the intersection of migration studies leisure and tourism mobilities and ethnomethodology and practice theory this book is a worthwhile read for scholars and students indeed anyone questioning or experiencing problems of belonging in transnational and diasporic contexts

*Gender and the Abjection of Blackness* Sabine Broeck, 2018-05-22 In *Gender and the Abjection of Blackness* Sabine Broeck argues that gender studies as a mostly white field has taken insufficient account of Black contributions and that more than being an ethnocentric limitation or blind spot this has represented a structural anti Blackness in the field Engaging with the work of Black feminist authors Sylvia Wynter Hortense Spillers and Saidiya Hartman Broeck critiques a selection of canonical white gender studies texts to make this case The book discusses this problem at the core of gender theory as a practice which Broeck terms enslavism the ongoing abjection of Black life which Hartman has called the afterlife of slavery This has become manifest in the repetitive employment of the woman as slave metaphor so central to gender theory as well as in recent theoretical mutations of these anti Black politics of analogy It is the structural separation of Blackness from gender that has functioned over and over again as the scaffold enabling white women s struggles for successful recognition of

equality and subjectivity in the human world as we know it This book challenges white readers to rethink their own untroubled identification with gender theory and it provides all readers with a white feminist theorist's sophisticated theoretical and self-critical scholarly account of her own reckoning with and learning in dialogue from Black feminism's critique A Queer Way Out Hila Amit, 2018-05-22 Winner of the 2019 Association for Middle East Women's Studies Book Award The very language of Zionism prizes the concept of immigration to Israel aliyah literally ascending while stigmatizing emigration from Israel yerida descending In A Queer Way Out Hila Amit explores the as yet untold story of queer Israeli emigrants Drawing on extensive fieldwork in Berlin London and New York she examines motivations for departure and feelings of unbelonging to the Israeli national collective Amit shows that sexual orientation and left wing political affiliation play significant roles in decisions to leave Queer Israeli emigrants question national and heterosexual norms such as army service monogamy and reproduction Amit argues that emigration itself is not only a political act but one that pioneers a deliberately unheroic form of resistance to Zionist ideology This fascinating study enriches our understandings of migration political activism and queer forms of living in Israel and beyond Encyclopedia of Sacred Places Norbert C.
