Traditional Justice And Reconciliation After Violent Conflict Learning From African Experiences:

Traditional Justice and Reconciliation After Violent Conflict, 2008 *Traditional Justice and Reconciliation After Violent Conflict* Lucien Huyse, Mark Salter, 2008 This book presents the findings of a major comparative study examining the role played by traditional justice mechanisms in dealing with the legacy of violent conflict in Africa It focuses on case studies of five countries Rwanda Mozambique Uganda Sierra Leone and Burundi that are used as the basis for outlining conclusions and options for future policy development in the related areas of post conflict reconstruction democracy building and development Traditional Justice Reconciliation After Violent Conflict suggests that in some circumstances traditional mechanisms can effectively complement conventional judicial systems and represent a real potential for promoting justice reconciliation and a culture of democracy At the same time it cautions against unrealistic expectations of traditional structures and offers a sober evidence based assessment of both the strengths and the weaknesses of traditional conflict management mechanisms within the broader framework of post conflict social reconstruction efforts The book is intended to serve both as a general knowledge resource and as a practitioner s guide for national bodies seeking to employ traditional justice mechanisms as well as external agencies aiming to support such processes [Oxford Handbook of Transitional Justice](#), 2025-08-15 The Oxford Handbook of Transitional Justice is an authoritative guide to the rapidly growing domain of transitional justice the practices and processes of reckoning pursued in the aftermath of historic injustice Since the neologism s coining in the late 1990s transitional justice has become one of the 21st century s most influential practices of international humanitarianism However transitional justice projects often conceal the very violence they are intended to address or even inflict further violence on victims of atrocities Across 48 genre bending chapters the Handbook explores articulates and advances a multifaceted critique of transitional justice Ranging innovatively across space and time it interrogates the nature and legacies of the justice cascade that the prosecution of international crimes is said to have inspired An interdisciplinary cast of leading scholars questions the meaning and efficacy of transitional justice s modalities which range from archives to courts from memorials to reparations In so doing this volume s authors critically challenge the panglossian orthodoxies that have accumulated and ossified around efforts to come to terms with violent pasts from colonialism to genocide This global endeavor is not one of tear down however Rather it points toward a reimagined project that is more clear eyed about the promises of transitional justice and its inherent limits A definitive work on the subject The Oxford Handbook of Transitional Justice is essential reading for students scholars and practitioners interested in practices of reckoning **An Introduction to Transitional Justice** Olivera Simić, 2020-07-30 The Second Edition of An Introduction to Transitional Justice provides a comprehensive overview of transitional justice judicial and non judicial measures implemented by societies to redress legacies of massive human rights abuse Written by some of the leading experts in the field it takes a broad interdisciplinary approach to the subject addressing the dominant transitional justice mechanisms as well as key

themes and challenges faced by scholars and practitioners Using a wide historic and geographic range of case studies to illustrate key concepts and debates and featuring discussion questions and suggestions for further reading this is an essential introduction to the subject for students

Peace, Security and Post-conflict Reconstruction in the Great Lakes Region of Africa Lumumba-Kasongo, Tukumbi, 2017-11-28 The Great Lakes region of Africa is characterized by protest politics partial democratization political illegitimacy and unstable economic growth Many of the countries that are members of the International Conference on the Great Lakes Region ICGLR which are Burundi Angola Central African Republic Democratic Republic of the Congo Republic of the Congo Kenya Uganda Rwanda Sudan South Sudan Tanzania and Zambia have experienced political violence and bloodshed at one time or another While a few states have been advancing electoral democracy environmental protection and peaceful state building the overall intensity of violence in the region has led to civil wars invasion genocide dictatorships political instability and underdevelopment Efforts to establish sustainable peace meaningful socio economic development and participatory democracy have not been quite successful Using various methodologies and paradigms this book interrogates the complexity of the causes of these conflicts and examines their impact and implications for socio economic development of the region The non consensual actions related to these conflicts and imperatives of power struggles supported by the agents of savage capitalism have paralysed efforts toward progress The book therefore recommends new policy frameworks within regionalist lenses and neo realist politics to bring about sustainable peace in the region

Reconciling Indonesia Birgit Bräuchler, 2009-09-10 Indonesia has been torn by massive internal conflicts over the last decade The absence of functioning national tools of reconciliation and the often limited success of an internationally established reconciliation toolkit of truth commissions and law enforcement justice and human rights forgiveness and amnesty requires us to interrogate commonly held notions of reconciliation and transitional justice Reconciling Indonesia fills two major gaps in the literature on Indonesia and peace and conflict studies more generally the neglect of grassroots agency for peace and the often overlooked collective and cultural dimension of reconciliation Bringing together scholars from all over the world this volume draws upon multi disciplinary theoretical perspectives extensive fieldwork and activists experience and explores the ways in which reconciliation connects with issues like civil society gender religion tradition culture education history displacement and performance It covers different areas of Indonesia from Aceh in the West to the Moluccas in the East and deals with a broad variety of conflicts and violence such as communal violence terrorist attacks secessionist conflicts localized small scale conflicts and the mass violence of 1965 66 Reconciling Indonesia offers new understandings of grassroots or bottom up reconciliation approaches and thus goes beyond prevalent political and legal approaches to reconciliation Reconciling Indonesia is important reading for scholars activists and anyone interested in current developments in Indonesia and the broader region and in new approaches to peace and conflict research

Religion, Tradition, and Restorative Justice in Sierra Leone Lyn S. Graybill, 2017-06-15 In this groundbreaking study of

post conflict Sierra Leone Lyn Graybill examines the ways in which both religion and local tradition supported restorative justice initiatives such as the national Truth and Reconciliation Commission TRC and village level Fambul Tok ceremonies Through her interviews with Christian and Muslim leaders of the Inter Religious Council Graybill uncovers a rich trove of perspectives about the meaning of reconciliation the role of acknowledgment and the significance of forgiveness Through an abundance of polling data and her review of traditional practices among the various ethnic groups Graybill also shows that these perspectives of religious leaders did not at all conflict with the opinions of the local population whose preferences for restorative justice over retributive justice were compatible with traditional values that prioritized reconciliation over punishment These local sentiments however were at odds with the international community s preference for retributive justice as embodied in the Special Court for Sierra Leone which ran concurrently with the TRC Graybill warns that with the dominance of the International Criminal Court in Africa there are currently eighteen pending cases in eight countries local preferences may continue to be sidelined in favor of prosecutions She argues that the international community is risking the loss of its most valuable assets in post conflict peacebuilding by pushing aside religious and traditional values of reconciliation in favor of Western legal norms

International Journal of Rule of Law, Transitional Justice And Human Rights , Research Handbook on Transitional Justice Cheryl Lawther,Luke Moffett,2023-08-14 Providing a refreshing take on transitional justice this second edition Research Handbook brings together an expanse of scholarly expertise to reconsider how societies deal with gross human rights violations structural injustices and mass violence Contextualised by historical developments it covers a diverse range of concepts actors and mechanisms of transitional justice while shedding light on new and emerging areas in the field Navigating Local Transitional Justice Laura S.

Martin,2023-05-11 In post war Sierra Leone a range of transitional justice mechanisms were implemented to address experiences of conflict violence and human rights violations Much of the research on local transitional justice processes has focused on the work of organisations failing to acknowledge how individual and communal dynamics shape and are shaped by these programs Drawing on original fieldwork in Sierra Leone Laura S Martin moves beyond discussions measuring effectiveness and considers how people navigate their circumstances in conflict and post conflict societies Developing the idea of recognised and unrecognised transitional justice processes Martin uses Fambul Tok as an example of a recognised local transitional justice program and shows how ordinary Sierra Leoneans appropriated Fambul Tok s agenda for their own purposes Ultimately this book highlights the crucial role of agency and the diverse range of actors involved in transitional justice processes Justice as Martin powerfully argues is not something that happens to or for people but is enacted by individuals and communities
