Evaluation of Traffic Signal Displays for Protected/permissive Left-turn Control Christopher Lynn Brehmer,2003

Fundamentals of Traffic Engineering Ricardo G. Sigua,2008 The book covers basic concepts that a senior civil engineering student is expected to understand thoroughly It is also written as a handy self contained reference or easy guide for practicing traffic and transportation engineers Only through a firm grasp and systematic application of basic knowledge and theories could we truly come up with credible and effective solutions to our transport problems and traffic woes There is nothing more gratifying than having the field of traffic engineering help build communities characterized by efficiency order and safety

International Calibration Study of Traffic Conflict Techniques E. Asmussen,2012-12-06 The concept of traffic conflict was initiated in the United States in the 60s and raised a lot of interest in many countries it was an opening towards the development of a new tool for safety evaluation and the diagnosis of local safety problems The need for such a tool was great because of the many situations where accident data was either scarce unsatisfactory or unavailable Development of Traffic Conflict Techniques TCT started simultaneously in the 70s in several European countries and new studies were also undertaken in the United States Canada and Israel The need for international cooperation was rapidly felt in order to exchange data compare definitions and check progresses An Association for International Cooperation on Traffic Conflict Techniques ICTCT was therefore created grouping researchers and safety administrators with the aim of promoting and organising exchange of information and common practical work Three Traffic Conflict Techniques Workshops were organised in Oslo 1977 Paris 1979 and Leidschendam 1982 A small scale international experiment of calibration of TCTs was also carried out in Rouen France in 1979 and five teams took part in it from France Germany Sweden the United Kingdom and the United States results of this first experiment were used as a basis for the present enterprise To be acknowledged as a safety measuring tool traffic conflict techniques had to be validated in relation to traditional safety indicators such as injury accidents
