touch the heart of its readers with the beauty of the gift of life and inspire them to share it with others **Know Your Congressman: Rick Santorum** Deena Shanker, 2012-04-28 ABOUT THE BOOK On April 10 2012 when Rick Santorum announced he was stepping out of the race to become the Republican candidate for President of the United States he answered a question many have been asking for a several months now when is this guy gonna just give up But although his bid for the presidency may have never stood a chance he was being outspent by Romney on a margin of 10 1 he made it longer and further than anyone ever predicted and played an interesting and significant role in the shaping of the coming national election The primary elections unfolded this year in an unusual pattern Though it began with a sense of inevitability that Mitt Romney Santorums multi multi multi millionaire rival would win the nomination each candidate had his or her fifteen minutes in the frontrunner position Yet with each possible Romney alternative closer inspection always revealed some deal breaking discoveries Herman Cain was alleged to be a repeat sexual harasser questions about Rick Perrys intelligence kept surfacing and Michele Bachmann continued making unsupported statements about the HPV vaccine causing mental retardation MEET THE AUTHOR Deena Shanker is a writer living in San Francisco After moving to the west coast from New York City in the fall she is loving San Fran s beautiful weather colorful architecture and never ending vegetarian food options She loves visiting the beach with her dog Barley and eating cheese also sometimes with Barley She is a graduate of the University of Pennsylvania Law School and Barnard College EXCERPT FROM THE BOOK Though to many Americans the economy is the most important challenge facing our country Santorum did not focus on it much on the campaign trail On March 19 Politico noted that on the economy Rick Santorum these days has very little to say His focus had shifted to what he called a campaign for freedom He even stated I dont care what the unemployment rates going to be My campaign doesnt hinge on unemployment rates and growth rates Its something more foundational going on Yet according to Santorums campaign website he does have an economic plan Dubbed Made In America it is based on the recognition that to have a strong national economy we must have strong families His vision for American is to restore Americas greatness through the promotion of faith family and freedom Beyond these platitudes Santorum provides a number of specific plans including eliminating the estate tax what Republicans have named the Death Tax cutting the corporate income tax rate in half from 35% to 17 5% and getting rid of all Obama era regulations with economic impact over 100 million CHAPTER OUTLINE Guide to Your Congressman Rick Santorum Introduction The Story of Rick Santorum Rick Santorum on the Issues Rick Santorum s Voting Record and much more **Motherhoods, Markets and Consumption** Stephanie O'Donohoe, Margaret Hogg, Pauline Maclaran, Lydia Martens, Lorna Stevens, 2013-10-30 It takes more than a baby to make a mother and mothers make more than babies Bringing together a range of international studies Motherhoods Markets and Consumption examines how marketing and consumer culture constructs particular images of what mothers are what they should care about and how they should behave exploring how women s use of consumer goods and services shapes how they mother as well as how they

are seen and judged by others Combining personal accounts from many mothers with different theoretical perspectives this book explores How advertising media and consumer culture contribute to myths and stereotypes concerning good and bad mothers How particular consumer choices are bound up with women s identities as mothers The role of consumption for women entering different phases of their mothering lives such as pregnancy early motherhood and the empty nest

Tender Fingerprints Brad Stetson,1999 This is the powerfully insightful and emotionally compelling account of profound personal loss the crisis of faith it caused and the invigorated Christian commitment that resulted **Words on Cassette, 2002** R R Bowker Publishing,2002 *Books Out Loud* ,2004 *Ethics & Medicine* ,1999 The New York Times Magazine ,2005 Bibliographic Guide to Womens Studies 1998 New York Public Library Staff,1999-08 *Subject Guide to Books in Print* ,2001 **The Human Life Review** ,2003 Inside the Vatican ,1998 **It Takes a Family** Rick Santorum,2023-10-03 Among politicians of national stature today there is perhaps none more respected as a principled conservative than Rick Santorum In *It Takes a Family* Conservatism and the Common Good Santorum articulates the humane vision that he believes must inform public policy if it is to be effective and just An appreciation for the civic bonds that unite a community lies at the heart of genuine conservatism Moreover Santorum demonstrates how such an approach to political social and economic problems offers the most promise for those on the margin of life the poor the vulnerable and minorities who have often been excluded from opportunity in America Santorum argues that conservative statesmanship is animated by a sense of stewardship for an inheritance But what do we inherit as Americans And how can we be good stewards of that inheritance Building on Robert Putnam s discussion of social capital the habits of association and trust that are the preconditions of any decent society Santorum assesses how well in the past generation Americans have cared for the fabric of society He explores in detail various dimensions of social and cultural connection that are the foundation of the common good And he presents innovative policy proposals for the renewal of American society at all levels Throughout his book Santorum emphasizes the central role of the family in contradistinction to the metaphorical village of the federal government as promoted by Hillary Clinton in achieving the common good With a sustained argument touching on first principles throughout this ambitious and original book is a major contribution to contemporary political debate *It Takes a Family* further establishes Santorum as the leader of reform minded civic conservatives in America **Campaigns and Elections American Style** James A Thurber,2018-04-19 Dramatic changes in political institutions and behavior over the past three decades have underscored the dynamic nature of American politics confronting political scientists with a new and pressing intellectual agenda The pioneering work of early postwar scholars while laying a firm empirical foundation for contemporary scholarship failed to consider how American politics might change or recognize the forces that would make fundamental change inevitable In reassessing the static interpretations fostered by these classic studies political scientists are now examining the underlying dynamics that generate transformational change *Transforming American Politics* is a series that

brings together texts addressing four closely related aspects of change A first concern is documenting and explaining recent changes in American politics in institutions processes behavior and policymaking A second is reinterpreting classic studies and theories to provide a more accurate perspective on postwar politics The series looks at historical change to identify recurring patterns of political transformation within and across the distinctive eras of American politics Last and perhaps most important the series presents new theories and interpretations that explain the dynamic processes at work and thus clarify the direction of contemporary politics All of the books focus on the central theme of transformation transformation in both the conduct of American politics and in the way we study and understand its many aspects *The 2012 Nomination and the Future of the Republican Party* William J. Miller Jr.,2013-08-28 The 2012 Republican nomination process went on longer than most pundits predicted early on While Mitt Romney began the season as the prohibitive favorite he was tested repeatedly by what was seemingly the Republican flavor of the week including Michele Bachmann Herman Cain Rick Perry Newt Gingrich and Rick Santorum The sheer number of candidates who were viewed as legitimate contenders demonstrate the fundamental concern facing Republicans moving forward a fractured party The pro business Tea Party and evangelical Christian wings disagreed in 2010 on who would provide the best alternative to Democratic President Barack Obama and as a result created a crippling nomination period By the time Romney was able to claim victory he was severely wounded after countless attacks from his fellow Republicans To this internal discontent we can also add the changing national demographics that could lead to electoral problems for Republicans in their own right Consider that Mitt Romney did better with older white male voters than John McCain had Unfortunately the share of the national vote for this demographic decreased from 2008 to 2012 As Rand Paul stated recently the time has come for Republicans to reach out to individuals who do not fit the stereotyped Republican image if they have any hope of being successful In this volume we assess how the 2012 GOP nomination cycle is indicative of just how the Republican Party has become in the words of pundit Cuck Warren a Mad Men Party in a Modern Family World **Congressional Record** United States. Congress,1998
