A Tree Accurst Daniel W. Patterson, 2003-06-19 On a wintry night in 1831 a man named Charlie Silver was murdered with an axe and his body burned in a cabin in the mountains of North Carolina His young wife Frankie Silver was tried and hanged for the crime In later years people claimed that a tree growing near the ruins of the old cabin was cursed that anyone who climbed into it would be unable to get out Daniel Patterson uses this accurst tree as a metaphor for the grip the story of the murder has had on the imaginations of the local community the wider world and the noted Appalachian traditional singer and storyteller Bobby McMillon For nearly 170 years the memory of Frankie Silver has been kept alive by a ballad and local legends and by the news accounts fiction plays and other works they inspired Weaving Bobby McMillon's personal story how and why he became a tale teller and what this story means to him into an investigation of the Silver murder Patterson explores the genesis and uses of folklore and the interplay between folklore social and personal history law and narrative as people and communities try to understand human character and fate Bobby McMillon is a furniture and hospital worker in Lenoir North Carolina with deep roots in Appalachia and a lifelong passion for learning and performing traditional songs and tales He has received a North Carolina Folk Heritage Award from the state's Arts Council and also the North Carolina Folklore Society's Brown Hudson Folklore Award

Who killed Laura Foster? Jan Kronsell, 2020-02-24 The murder of Laura Foster in 1866 has been the source of many legends and both in fiction and non fiction it has inspired many authors The murder which in the end led to the conviction and execution of Thomas C Dula also inspired the famous song The Ballad of Tom Dooley In this book I go through the surviving records from the time and tell the story based on these facts before I try to give my own explanation of what actually happened in Western North Carolina in the difficult times following the American Civil War

Hear My Sad Story Richard Polenberg, 2015-12-07 In 2015 Bob Dylan said I learned lyrics and how to write them from listening to folk songs And I played them and I met other people that played them back when nobody was doing it Sang nothing but these folk songs and they gave me the code for everything that's fair game that everything belongs to everyone In **Hear My Sad Story** Richard Polenberg describes the historical events that led to the writing of many famous American folk songs that served as touchstones for generations of American musicians lyricists and folklorists Those events which took place from the early nineteenth to the mid twentieth centuries often involved tragic occurrences murders sometimes resulting from love affairs gone wrong desperate acts borne out of poverty and unbearable working conditions and calamities such as railroad crashes shipwrecks and natural disasters All of Polenberg's

account of the songs in the book are grounded in historical fact and illuminate the social history of the times Reading these tales of sorrow misfortune and regret puts us in touch with the dark but terribly familiar side of American history On Christmas 1895 in St Louis an African American man named Lee Shelton whose nickname was Stack Lee shot and killed William Lyons in a dispute over seventy five cents and a hat Shelton was sent to prison until 1911 committed another murder upon his release and died in a prison hospital in 1912 Even during his lifetime songs were being written about Shelton and eventually 450 versions of his story would be recorded As the song you may know Shelton as Stagolee or Stagger Lee was shared and adapted the emotions of the time were preserved but the fact that the songs described real people real lives often fell by the wayside Polenberg returns us to the men and women who in song became legends The lyrics serve as valuable historical sources providing important information about what had happened why and what it all meant More important they reflect the character of American life and the pathos elicited by the musical memory of these common and troubled lives

MINE Sarah Viren, 2018-03 This is a book about ownership It begins with an essay about being given a man's furniture while he's on trial for murder and follows with essays that question corporeal familial and intellectual forms of ownership It explores what it means to believe that a hand or a child or a country or a story belongs to you and what happens if you're wrong

Bad Music Christopher J. Washburne, Maiken Derno, 2013-04-15 Why are some popular musical forms and performers universally reviled by critics and ignored by scholars

despite enjoying large scale popularity How has the notion of what makes good or bad music changed over the years and what does this tell us about the writers who have assigned these tags to different musical genres Many composers that are today part of the classical canon were greeted initially by bad reviews Similarly jazz country and pop musics were all once rejected as bad by the academy that now has courses on these and many other types of music This book addresses why this is so through a series of essays on different musical forms and performers It looks at alternate ways of judging musical performance beyond the critical academic nexus and suggests new paths to follow in understanding what makes some music popular even if it is judged to be bad For anyone who has ever secretly enjoyed ABBA Kenny G or disco Bad Music will be a guilty pleasure

American Murder Gini Graham Scott JD, Ph.D,2007-10-30 America has long had the reputation as the most violent and murderous of modern industrialized nations Even while violent crime has dropped in recent years our murder rate is still incredibly high Since the beginning of the 20th century our society has undergone profound changes Our technologies have advanced but the motives and methods for murder and escaping the long arm of the law have kept pace often capitalizing on available technologies In addition as the century progressed the media became an integral part of murder in America helping investigations glamorizing murder and bringing it into our homes on a daily basis Here Scott examines the changing face of murder in the context of societal changes and traces the advances in investigative techniques and technologies Each chapter offers vivid accounts of the most notorious and representative murders for each time period focusing especially on those murderers who have had the edge on their pursuers even escaping detection to this day Beginning at the turn of the century Scott details one of the most notorious cases of the day in which a jealous woman poisoned the wife of her lover The book ends with the still unsolved Tupac Shakur murder case Taking readers through the various developments in methods of murder and the techniques used to capture the criminals Scott provides a fascinating overview of the way murder has changed through the decades and how law enforcement has kept pace This insightful book sheds light on both our fascination with murder and on murderers and their nemeses over the last one hundred years

Savage Pastimes Harold Schechter,2005-03 In this cogent and well researched book Harold Schechter argues that unlike the popular conception of the media inciting violence through displaying it without these outlets of violence in the media a basic human need would not be met and would have to be acted out in much more destructive ways Schechter demonstrates how violent images saturated the earliest newspaper how art and disturbing images are not incompatible and how the demoralisation of comic books in the 1950s set up a pattern of equating testosterone fuelled entertainment with aggression
