Resource Guide to Airport Performance Indicators Robert A. Hazel, 2011 Explores airport performance indicators APIs for use in benchmarking and performance measurement These APIs are sorted by functional type and their criticality to the airport strategic plan More than 800 performance indicators are presented in three main categories Core Key and Other APIs Core or fundamental indicators are important for overall operation of the airport and of interest to the Chief Executive Officer or governing board Key or departmental indicators are important for the operations of key airport functions and departments The remaining Other indicators are considered useful as secondary departmental unit performance indicators but not critical to the airport's overall function The printed versions of ACRP Report 19A include a bound in CD CRP CD 94 of the Interactive Resource Guide that is identical to the pdf that is posted online Provided by publisher

Aviation Security: Transportation Security Admin. Has Strengthened Planning to Guide Investments in Key Aviation Security Programs, But Work Remains Cathleen A. Berrick, 2008-06 The Transportation Security Admin TSA funding for aviation security has totaled about 26 billion since FY 2004 This testimony focuses on TSA's efforts to secure the commercial aviation system through passenger screening air cargo and watch list matching programs and challenges remaining in these areas This testimony also addresses TSA's progress in developing the Secure Flight program based on work conducted from Aug 2007 to Jan 2008 Includes recommendations Charts and tables

Guide to the Decision-making Tool for Evaluating Passenger Self-tagging Francis Barich, 2011 TRB's Airport Cooperative Research Program ACRP Report 41 Guide to the Decision Making Tool for Evaluating Passenger Self Tagging provides the information and tools included on and accompanying CD ROM necessary for an airport or airline to determine the appropriateness of pursuing passenger self tagging should it be allowed in the United States in the future The tools in an Excel Spreadsheet format allow for the input of airport specific information such as facility size and passenger flows while also providing

industry averages to assist those airports and airlines that haven't yet collected their individual information. The decision making tools provide both qualitative and quantitative information that can then be used to assess if passenger self tagging meets organizational needs or fits into their strategic plan. Appendix A to ACRP 41 was published online as ACRP Web Only Document 10 Appendix A Research Documentation for ACRP Report 41. The CD ROM included as part of ACRP Report 41 is also available for download from TRB's website as an ISO image. *Semiannual Report to the Congress* United States.

A Guide to Innovative Public-Private Partnerships Thomas A. Cellucci, 2011-03-16 Congress is expected to announce that new practices are to be adopted across the federal sector which will incite new and innovative partnerships between the public and private sectors. In *A Guide to Innovative Public-Private Partnerships Utilizing the Resources of the Private Sector for the Public Good* author Thomas A. Cellucci introduces these new procedures and how both private entrepreneurs and government managers can use them most effectively. This book enables organizations in both the private and public sectors to develop and execute efficient and effective business partnerships. Detailed requirements and market potentials are developed which would help entice the private sector to use its own resources to develop products and services without delay and at minimal cost to taxpayers. The book starts from basic principle of partnerships, develops the concept of commercialization based public-private partnerships, and provides templates, potential marketing tools, and real world examples to prove the effectiveness of this shift in how government will work in the future. This is a must read for anyone interested in doing business with the government as well as government leaders who are being forced to trim budgets and show genuine value in their agencies. **Securing America's Transportation Systems** United States.
