Will Rogers For President:

Will Rogers for President Charley Green, 2012-04 WILL ROGERS 1879 1935 The consideration of Will Rogers as a candidate for President of the United States in 1928 was more of a symbolic gesture acknowledging his spirit insight and honesty Will had the ability to accurately interpret the political and economic events of the day events which in many ways relate to our own upcoming elections His humor with an occasional sarcastic remark thrown in kept folk s attention giving them a reason to stay informed Will Rogers had a remarkable career that went from Oklahoma cowpuncher to international star He embodied the heart and soul of this nation at a time when a fresh voice clear eyes and spoken truth were needed This simple plain spoken man who was part Cherokee Indian and a former cowboy became the voice of a nation during the 20s and 30s His writings quotes and speaking engagements were directed toward the political arena as well as other events of the time Strange as it seems most of those pearls of wisdom are just as relevant today as they were in Will s day It is my intent to give you folks a point of reference that may apply to some political happening today as well as a useable quote you may toss out to liven up a conversation or speech Will liked people and never forgot his roots He was able to connect with folks in a way most politicians heads of states and those in high places could not In many cases politicians were more interested in their own AGENDA instead of the people who helped get them elected Some things haven t changed and it seems as if certain principles are embedded in our political system for all times Through his message and style of delivery he conveyed to the entire nation what was really going on in the heart of the country As a result of ability to connect with people his compassion for values and principles Rogers was accepted respected trusted and honored throughout the world from the common man to royalty The intent of this booklet is to present in an interview format a quick read and reference Will s timeless philosophy as well as insights into political life from yesteryear presented as they apply to today s events These golden nuggets and guiding thoughts will be something you can relate to learn from as well as sharing with others possibly opening up certain areas for cussing or discussing The topics covered are introduced by a question then answered with one of Candidate Rogers insightful Thoughts Quotes Anecdotes in understandable terms and concepts that make sense common sense Enjoy the timeless sayings and expressions of Will Rogers presented in this booklet My goal is to put a smile on your face possibly some insight into the ever changing and in many ways never changing world of Elections Politics *Draft Will Rogers for President of the United States* John Thomas Mulligan, Will Rogers, 1931 *The Books of Will Rogers: Letters of a self-made diplomat to his President* Will Rogers, 1973 **The Presidential Fringe** Mark Stein, 2020-02 This offbeat slice of American history places the story of our great republic beneath an unexpected lens that of fringe candidates for president of the United States Mark Stein explores how their quest for our nation s highest office helped to amplify voices otherwise quashed during their day His careening tour through elections past includes the efforts of true pioneers in the quest for social equality in our country the first woman to run for president Victoria Woodhull in 1872 the first African American to run

for president George E Taylor in 1904 and the first openly gay cross dressing candidate for president Joan Jett Blakk in 1992 But The Presidential Fringe also takes a look at those who would jest their way into the Oval Office from comedians such as Will Rogers and Gracie Allen to Pat Paulsen and Stephen Colbert Along the way Stein shows how even seemingly zany candidates such as Live Forever Jones Vegetarian Party candidate John Maxwell Flying Saucer Party candidate Gabriel Green or most recently Vermin Supreme provide extraordinary insights of clarity into who we were when they ran for president and how we became who we are today Ultimately Stein s examination reveals that it was often precisely these fringe candidates who planted the seeds from which mainstream candidates later harvested genuine positive change Written in Stein s direct and witty style The Presidential Fringe surveys and portrays an American landscape rife with the unlikely unassuming unexpected and in a few cases unbalanced presidential hopefuls who in their own way have contributed to this nation s founding quest to form a more perfect Union
