Xerox Workcentre 7835 System Administrator Guide

Linda Mui, Eric Pearce

Xerox Workcentre 7835 System Administrator Guide:

X Window System Administrator's Guide Linda Mui, Eric Pearce, 1992 **X Window System Administrator's Guide** Linda Mui, Eric Pearce, 1992 **System Administrator's Guide**, 1995 *A System Administrator's Guide to Sun Workstations* George Becker, Kathy Slattery, 2012-12-06 This Guide to Sun Administration is a reference manual written by Sun administrators for Sun administrators. The book is not intended to be a complete guide to UNIX Systems Administration; instead, it will concentrate on the special issues that are particular to the Sun environment. It will take you through the basic steps necessary to install and maintain a network of Sun computers. Along the way, helpful ideas will be given concerning NFS, YP, backup, and restore procedures, as well as many useful installation tips that can make a system administrator's job less painful. Specifically, SunOS 4.0 through 4.0.3 will be studied; however, many of the ideas and concepts presented are generic enough to be used on any version of SunOS. This book is not intended to be a basic introduction to SunOS. It is assumed that the reader will have at least a year of experience supporting UNIX. **Book Overview** The first chapter gives a description of the system types that will be discussed throughout the book. An understanding of all of the system types is needed to comprehend the rest of the book. Chapter 2 provides the information necessary to install a workstation. The format utility and the steps involved in the `suninstall` process are covered in detail. Ideas and concepts about partitioning are included in this chapter. YP is the topic of the third chapter. A specific description of each YP map and each YP command is presented along with some tips about ways to best utilize this package in your environment. **Solaris system administrator's guide** Janice Winsor, 1993

Solaris Operating Environment System Administrator's Guide Janice Winsor, 2003 *Solaris Operating Environment System Administrator's Guide* Fourth Edition by Janice Winsor The definitive quick answer resource for every Solaris 9 sysadmin Fully updated Covers Solaris 9 new Flash Install and Live Upgrade installation features Secure Shell network commands and much more Administering users devices systems networks and printing Maximizing efficiency productivity and system availability Fast solutions for every Solaris 9 system administration challenge direct from Sun *Solaris Operating Environment System Administrator's Guide* Fourth Edition is the definitive quick start tutorial for every new Solaris system administrator and the ideal fast access reference for every Solaris administrator regardless of experience Fully updated to reflect Solaris 9's newest features and management tools it covers day to day administration tools and demonstrates how to maximize efficiency reliability and availability in any Solaris environment Coverage includes all this and much more NEW Secure Shell network commands NEW Flash Install and Live Upgrade installation features NEW Allocate deallocate list devices commands `cdwr` `rmformat` `ssh` commands and more Basic administration superuser status boot processes monitoring and communicating with users Solaris commands user and environment information working with files and disks redirecting output reading manual pages and more Solaris shells Bourne C Korn Bourne Again TC and Z User administration User accounts file systems and roles including Role Based Access Control RBAC Device system administration Service Access Facility configuring additional
