Abstract In this seminar paper I want to discuss why and how The Globe as the best example for an Elizabethan theatre or playhouse as it would have been called in Shakespeare s days and Shakespeare s Globe as a modern copy of The Globe should be included in a Shakespeare course aimed at German Sekundarstufe II students of English at a Gymnasium or at an Integrierte Gesamtschule I will also attach some material that can be used for the purpose of teaching students about The Globe to the seminar paper I designed some of it myself but also found some useful material on the internet Since a seminar paper only offers limited space to discuss ideas in an exemplary manner I can not comment on all attached material although every attached material offers different ways to use it for the topic Before I start discussing why the theatre topic should be an essential part of any Shakespeare course and how it could be done I have to mention that despite a seemingly endless number of books on Shakespeare his times and literature focussing on teaching Shakespeare there are only a very small number of publications featuring suggestions and ideas on teaching students about The Globe and Shakespeare s Globe

Shakespeare at the Globe, 1599-1609 Bernard Beckerman,1962 The construction of the Globe Theater on the Bankside of the Thames in 1599 initiated a glorious decade for the drama during which the Chamberlain Kings s company the Globe s producing group of actors achieved a level if stability and a quality of productivity rarely matched in the history of the theater Fifteen of Shakespeare s greatest plays among them Hamlet Macbeth King Lear Othello Antony and Cleopatra Twelfth Night and As You Like It enjoyed their first performances on the Globe s stage between the years 1599 and 1609 So rich was its resident company s achievement that in the centuries since it first attracted theater goers across the Thames the Globe has come to signify more than a physical structure for the presentation of plays it has become the symbol of an entire art The most enduring

monument to that art the canon of Shakespeare's plays to which it gave first breath cannot be appreciated fully without some detailed knowledge of the actual circumstances and specifications under which the plays were written and produced Shakespeare at the Globe based on the evidence of twenty nine production scripts of plays known to have been produced at the Globe between 1599 and 1609 offers many fresh and challenging new perspectives on the Globe's repertory system its dramaturgy its stage and its staging and the acting styles of its company Concentrating upon the actual production values given the Globe's repertory Bernard Beckerman here created an exciting new dimension to our understanding of Elizabethan drama BERNARD BECKERMAN chairman of the theater division at Columbia University was formerly chairman of the department of drama and speech at Hofstra College where there is a replica of the Globe stage Bernard Beckerman
