Science Fiction Film Directors, 1895-1998 Dennis Fischer, 2011-07-01 This enormous and exhaustive reference book has entries on every major and minor director of science fiction films from the inception of cinema circa 1895 through 1998 For each director there is a complete filmography including television work a career summary a critical assessment and behind the scenes production information Seventy nine directors are covered in especially lengthy entries and a short history of the science fiction film genre is also included *Frank Tashlin* Roger Garcia, Bernard Eisenschitz, 1994 No Marketing Blurb *Who's who in Entertainment* , 1992 *Drawing the Line* Tom Sito, 2006-10-06 Some of the most beloved characters in film and television inhabit two dimensional worlds that spring from the fertile imaginations of talented animators The movements characterizations and settings in the best animated films are as vivid as any live action film and sometimes seem more alive than life itself In this case Hollywood's marketing slogans are fitting animated stories are frequently magical leaving memories of happy endings in young and old alike However the fantasy lands animators create bear little resemblance to the conditions under which these artists work Anonymous animators routinely toiled in dark cramped working environments for long hours and low pay especially at the emergence of the art form early in the twentieth century In *Drawing the Line* veteran animator Tom Sito chronicles the efforts of generations of working men and women artists who have struggled to create a stable standard of living that is as secure as the worlds their characters inhabit The former president of America's largest animation union Sito offers a unique insider's account of animators struggles with legendary studio kingpins such as Jack Warner and Walt Disney and their more recent battles with Michael Eisner and other Hollywood players Based on numerous archival documents personal interviews and his own experiences Sito's history of animation unions is both carefully analytical and deeply personal *Drawing the Line* stands as a vital corrective to this field of Hollywood history and is an important look at the animation industry's past present and future Like most elements of the modern commercial media system animation is rapidly being changed by the forces of globalization and technological innovation Yet even as pixels replace pencils and bytes replace paints the working relationship between employer and employee essentially remains the same In *Drawing the Line* Sito challenges the next wave

of animators to heed the lessons of their predecessors by organizing and acting collectively to fight against the enormous pressures of the marketplace for their class interests and for the betterment of their art form **American Film Festival**,1980 *International Television & Video Almanac* ,2007 The Athenaeum ,1892 *International Motion Picture Almanac* Quigley Publishing,2008 *Musical Courier and Review of Recorded Music* ,1921 The Musical Leader ,1928 **Motion Picture Almanac** ,2007 **Index de Périodiques Canadiens** ,2001 **School Media Quarterly** ,1972 **Software and CD-ROM Reviews on File** ,1997 **Awash with Roses** Kenneth Patchen,1991 **The Video Source Book** David J.
