Students focus on this set of twenty skills throughout the year and program continually applying them in new and more sophisticated ways. Academic Habits: The program articulates twelve academic habits for students to develop, apply, and extend as they progress through the sequence of instruction. Instructional notes allow teachers to introduce and discuss academic habits such as preparing and completing tasks that are essential to students' success in the classroom. The program materials include a comprehensive set of instructional sequences, teacher notes, handouts, assessments, rubrics, and graphic organizers designed to support students with a diversity of educational experiences and needs. A Self Made of Words Carl H. Klaus,2013-11-01 Confident or fretful solemn or sassy tough or tender casual or formal the self you project in writing your persona is the byproduct of numerous decisions you make about what to say and how to say it Though any single word or phrase or sentence might make little difference within the scope of an entire essay or book collectively they create an impression of who you are or seem to be an impression that s sure to influence how readers respond to your work Thus it s essential to take charge of how you come across on the page to craft an appropriate persona for whatever you re writing whether it s a personal essay a blog a technical report a letter to the editor or a memoir In this wise and ingenious little guide noted essayist Carl Klaus shows you how to adapt your self to the needs of such varied nonfiction by varying his own persona to illustrate the distinctive effect produced by each aspect and element of writing Klaus divides his book into two parts first an introduction to the nature and function of a persona then a survey of the most important elements of writing that contribute to the character of a persona from point of view and organization to diction and sentence structure Both parts contain exercises that will give you practice in developing a persona of your choice Challenging and stimulating each of his exercises focuses on a distinctly different aspect of composition and style so as to help you develop the skills of a versatile and personable writer By focusing on the most important ways of projecting your self in nonfiction prose you can learn to craft a distinctive self in your writing
