Writing in the Dark David Grossman, 2014-02-13 Essays on politics and literature from one of world literature's most respected voices The bravest and most clear-headed interpreter of the Israeli-Palestinian divide Observer The most honest soul searching book yet written by an Israeli or for that matter by a Palestinian on an agony that neither of them alone can bring to an end L A Times Throughout his career David Grossman has been a voice for peace and reconciliation between Israel and its Arab citizens and neighbours In five new essays on politics and literature in Israel today he addresses the conscience of a country that has lost faith in its leaders and its ideals This collection includes an already famous speech that Grossman delivered in the presence of Ehud Olmert attacking Olmert's policies and his prosecution of Israel's disastrous Lebanon war in 2006 the war that took the life of Grossman's 20-year-old son Uri Moving humane clear-sighted and courageous these essays on literature and the Holocaust and artistic creation as well as politics and philosophy are a *cri de coeur* from a calm voice of reason at a time of uncertainty and despair *The Politics of Jewishness in Contemporary World Literature* Isabelle Hesse, 2016-02-11 Reading a wide range of novels from post-war Germany to Israeli-Palestinian and postcolonial writers The Politics of Jewishness in Contemporary World Literature is a comprehensive exploration of changing cultural perceptions of Jewishness in contemporary writing Examining how representations of Jewishness in contemporary fiction have wrestled with such topics as the Holocaust Israeli-Palestinian relations and Jewish diaspora experiences Isabelle Hesse demonstrates the colonial turn taken by these representations since the founding of the Jewish state Following the dynamics of this turn the book demonstrates new ways of questioning received ideas about victimhood and power in contemporary discussions of postcolonialism and world literature

Dreaming in Dark Times Sharon

Sliwinski, 2017-03-28 What do dreams manage to say or indeed show about human experience that is not legible otherwise Can the disclosure of our dream life be understood as a form of political avowal To what does a dream attest And to whom Blending psychoanalytic theory with the work of such political thinkers as Hannah Arendt and Michel Foucault Sharon Sliwinski explores how the disclosure of dream life represents a special kind of communicative gesture a form of unconscious thinking that can serve as a potent brand of political intervention and a means for resisting sovereign power Each chapter centers on a specific dream plucked from the historical record slowly unwinding the significance of this extraordinary disclosure From Wilfred Owen and Lee Miller to Frantz Fanon and Nelson Mandela Sliwinski shows how each of these figures grappled with dream life as a means to conjure up the courage to speak about dark times Here dreaming is defined as an integral political exercise a vehicle for otherwise unthinkable thoughts and a wellspring for the freedom of expression Dreaming in Dark Times defends the idea that dream life matters that attending to this thought landscape is vital to the life of the individual but also vital to our shared social and political worlds
