Touching Stories of My Life in Journey to Christian Holiness and Hands- on Patient Care in a Weeping Healthcare Ramsis Ghaly MD FACS, 2019-08-31 This is the twelfth book in the series Christianity and the Human Brain It integrates neuroscience and the Bible the holy book of Jesus My love for Jesus Christ abides with my lifetime passion for neurosurgery and medicine I have a continual obsession for spiritual connectivity between the Holy Spirit and the human brain which indeed separates mankind from all other living creation It has been my belief that the human brain does not limit itself to the physical skull Rather it extends in a nonphysical form to the outside spiritual world even while living on earth In other words a big part of the human brain is actually outside the skull and the body After performing brain surgeries for three decades I have realized that my theory is so true The majestic human brain can t be just the 1 500 grams of jelled matter inside the skull The human journey therefore is transforming the human brain into the brain of a man of God and transforming the hand of man into the hand of the man of God The spiritual human brain never dies Only the flesh does This is the center of my calling and my unrelenting meditations while roaming in the heartfelt spirit lacking the physical proof that science demands from me My life is dedicated to Jesus to my patients and to my residents As a physician I have reached the top within America both as a professor of neurological surgery and anesthesiology and as a well published author of several famous medical journals As an academic teacher I trained for more than thirty four years and have watched thousands of trainees graduate But all this is nothing as I strive to achieve Christian holiness and fullness In a weeping healthcare with many patients falling victims I included actual miracles testimonials and sincere quotes from patients as a testament to the Almighty and the dire need for faith and good hearted medicine This book is full of many vibrant stories that I love to share which is timely since I am guessing that my generation will soon be viewed obsolete by future generations What will remain are the books I authored This book is a text of wealth covering broad and diverse topics in my life journey within 134 chapters and organized over fourteen sections So many chapters are written about my special love for Jesus Christ and his children In poems deep reflections and spiritual release of mind I wrote extensively In fact I shut my senses and impersonated the human brains of the men of God and the children of the Most High in their prominent biblical stories A special section is dedicated to mothers newborns and little children While my soul is grieving a section is centered on the ongoing Christian persecution especially the genocide of Christians in my country Egypt which is also the ancient region of the Middle East and the oldest historic continent of Africa Furthermore I wrote some of my dreams and thoughts that I couldn t otherwise convey for one reason or another such as neuroscience in aerospace and some of the timely and touching subjects such as drug overdose human trafficking and health care crises Few chapters are included about my personal views

about introducing spirituality into the recent turmoil in politics Friends human life starts with love and ends with eternal love for our savior It is never enough to share our love and write about love and talk about actual love stories of heavenly roses joy Christmas healing touch miracles and our calling for his purpose This is what my twelfth book is all about *Sweet Patience* Melissa Schroeder,2018-11-20 Now includes a new chapter and epilogue Chance MacGuire has always had good luck Great childhood great career and hell women are easy for him Except for Patience Sawyer The woman is a list maker Hell she makes lists of her lists Chance likes to go with the flow and see where he ends up He hates schedules But when she proposes they open a bed and breakfast together using her business savvy and his culinary skills he jumps at the chance Now if he can just keep his hands off her they ll be fine Patience is sure she s lost her mind Asking Chance to buy the Rosedale Plantation with her and open their B and B sounded like a great idea Forget the fact that he doesn t like following her business plans That she can handle But after the hottest kiss she has ever had keeping her mind on work and not on him is hard Although his laid back style should turn her off she is immediately drawn to him His easy going manner puts her at ease and they find themselves as perfect business partners When too much time spent alone together has their hormones in overdrive and they can t resist each other will they be able to forget their differences and find love This short story has been expanded and edited **Once a Marine** Claude DeShazo,2005-03-23 The former enlisted Marines whose stories you will read in this book have a common thread The common thread is that they became one of the few the proud the Marines They joined and entered the Vietnam war when their country called They fought and returned home to adjust to normal lives by themselves These are the life stories told in their own words of how Marine Corps vets came home built families businesses and are living the American dream today Many still live their lives today with the same traditions and values taught to them by the Marine Corps and have adjusted after the traumatic experience of a war Marine Corps values are easy to state as Honor Courage and Commitment The Marine Corps defines these values in the following way Honor as demonstrating integrity in all one does and accepting responsibility and accountability for ones actions Courage as doing the right thing in the right way and for the right reasons Commitment as devotion to the Corps and ones fellow Marines All Marines former and active duty live and fight under this same creed Read about these men who left the Corps and the war behind and used this experience as a stepping stone to success and happiness *A Few Marines* James W.
