Syngellakis, S. Hernández, 2020-11-25 In its 11th edition the International Conference on Sustainable Development and Planning continues to attract academics policy makers practitioners and other stakeholders from across the globe who discuss the latest advances in the field This volume presents selected papers that contribute to further advances in the field

Energy saving and eco friendly building approaches have become an important part of modern development which places special emphasis on resource optimisation Planning has a key role to play in ensuring that these solutions as well as new materials and processes are incorporated in the most efficient manner Problems related to development and planning which affect rural and urban areas are present in all regions of the world Accelerated urbanisation has resulted in deterioration of the environment and loss of quality of life Urban development can also aggravate problems faced by rural areas such as forests mountain regions and coastal areas amongst many others Taking into consideration the interaction between different regions and developing new methodologies for monitoring planning and implementation of novel strategies can offer solutions for mitigating environmental pollution and non sustainable use of available resources Proceedings of the International conference of Economics Business and Economics Education Science (ICE-BEES-24) Kris Brantas Abiprayu, Avi Budi Setiawan, 2024-10-02 This is an open access book ICE BEES 2024 is a refereed conference organized by Universitas Negeri Semarang Indonesia in collaboration with University Teknologi MARA Malaysia and Diponegoro University Indonesia The conference will be held from 12th to 13st June 2024 at Oak Tree Hotel in Semarang City Central Java Province Indonesia

Proceedings of the 1st Bengkulu International Conference on Economics, Management, Business and Accounting (BICEMBA 2023) Roosemarina Anggraini Rambe, Lizar Alfansi, Robinson Robinson, Dewi Rahmayanti, Agustina Suparyati, Mukhlis Mukhlis, Renea Shinta Aminda, Abdul Bashir, Berto Usman, Sriwidharmanely Sriwidharmanely, E. Ahmad Soleh, Yefriza Yefriza, Retno Agustina Ekaputri, Dante Baiardo C. Viana Jr, Vehap Kola, 2023-12-21 This is an open access book The first Bengkulu International Seminar on Economics Management Business and Accounting 1st BICEMBA will be held in Bengkulu Indonesia on October 4th 2023 1st BICEMBA aims to bring together academia researchers and scholars to exchange information and share experiences as well as research results in boosting optimism and revitalization by the scientific framework This event provides an opportunity for all to network share ideas and present their research to a worldwide community Discussion on these fields latest innovations trends practical concerns and challenges is also encouraged Economic Growth and Development in the Tropics Sook Rei Tan, Haejin Jang, Jacob Wood, 2024-02-06 The living standards and scale of development around the world are vastly unequal One notable observation is that much of the poverty stricken area is located between the tropics of Cancer and Capricorn By contrast affluent nations are situated in more temperate zones Such a phenomenon gives weight to the geography hypothesis that seeks to explain the occurrence of global economic inequality by placing an emphasis on the importance of natural elements such as location and climate in determining the economic conditions of a nation This book concentrates exclusively and in depth on the key economic phenomena and factors which shape tropical economies today It examines contemporary economic problems confronting the tropical countries and provides policy recommendations that align with the United Nations Sustainable Development Goals set in the 2030 Agenda It contains research works and case studies of tropical economies that are related to the area of

development and environment economics The book's themes range from economic growth poverty reduction income inequality economic globalization international trade capital flow financial development and institutional development to environmental sustainability within the Tropics Recognizing the dynamism and diversity of the tropics the book encompasses empirical and policy analyses that address the key economic issues and challenges in the region so as to provide an important platform from which new policymaking initiatives can flourish This book will draw readership primarily from the fields of economics and public policy particularly under the subject areas of development and environment economics as well as discussions in the sustainability policy space World Agricultural Economics and Rural Sociology Abstracts ,1979

Tourism, Planning, and Community Development Rhonda Phillips, Sherma Roberts, 2013-09-13 The intersection of community development tourism and planning is a fascinating one Tourism has long been used as a development strategy in both developed and developing countries from the national to local levels These approaches have typically focused on economic dimensions with decisions about tourism investments policies and venues driven by these economic considerations More recently the conversation has shifted to include other aspects social and environmental to better reflect sustainable development concepts Perhaps most importantly is the richer focus on the inclusion of stakeholders An inclusionary participatory approach is an essential ingredient of community development and this brings both fields even closer together It reflects an approach aimed at building on strengths in communities and fostering social capacity and capital In this book the dimensions of the role tourism plays in community development are explored A panoply of perspectives are presented tackling such questions as can tourism heal How can tourism development serve as a catalyst to overcome social injustices and cultural divides This book was originally published as a special issue of Community Development *Building Community Capacity for Tourism Development* G. Moscardo, 2008 A lack of entrepreneurial capacity limited understanding of tourism markets and a lack of community understanding of tourism and its impacts have been identified as barriers to effective tourism development in peripheral regions This book provides an analysis of this issue within tourism development practice Reconciling Fisheries with Conservation ,1987

Community-Based Tourism in the Developing World Peter Wiltshier, Alan Clarke, 2019-10-16 This book analyses community based approaches to developing and regenerating tourism destinations in the developing world addressing this central issue in sustainable tourism practices It reviews a variety of systems useful for analysing and understanding management issues to offer new insight into the skills and resources that are needed for implementation ongoing monitoring and review of community based tourism Adopting a multidisciplinary approach this book explores alternatives to the dominant interpretation which argues against tourism as a benefit for community development International case studies throughout the book illustrate and vouch for tourism as a transformative force while clarifying the need to manage expectations in sustainable tourism for community development rejuvenation and regeneration Emphasis is placed on accruing relevant decision support material and creating services

products and management approaches that will endure and adapt as change necessitates This will be of great interest to upper level students researchers and academics in the fields of tourism impacts sustainability ethics and development as well as the broader field of geography

Books in Print Supplement ,2002 An Investigation Into a Community Based Approach to Tourism Planning Barry J. Bell,1991 Tourism and Sustainable Community Development Greg Richards,Derek R. Hall,2003 As the tourist industry becomes increasingly important to communities around the world the need to develop tourism sustainably has also become a primary concern This collection of international case studies addresses this crucial issue by asking what local communities can contribute to sustainable tourism and what sustainability can offer local communities Individually these investigations present a wealth of original research and source material Collectively the book illuminates the term community the meaning of which it is argued is vital to understanding how sustainable tourism development can be implemented in practice Community Development Through Tourism Sue Beeton,2006 Provides a single reference that integrates community planning business planning and tourism planning from a global and Australian perspectives It s an important text for the many courses that incorporate aspects of community tourism into their business tourism social science and art programs Beeton from La Trobe The Routledge Handbook of Community Based Tourism Management Sandeep Kumar Walia,2020-12-20 This Handbook offers an up to date and comprehensive overview of core themes and concepts in community based tourism management Providing interdisciplinary insights from leading international scholars this is the first book to critically examine the current status of community based tourism Organised into five parts the Handbook provides cutting edge perspectives on issues such as Indigenous communities tourism and the environment sustainability and the impact of digital communities Part 1 introduces core concepts and methodologies and distinguishes community products from other tourism and hospitality goods Part 2 explores communities attitudes towards tourism development and their engagement with and ownership of the process It also delves into the role of community based tourism under the influence of governmental policies in the economic and social development of a region In Part 3 various management marketing and branding initiatives are identified as a means of expanding the tourism business Part 4 examines the negative impacts of mass tourism and its threats to culture tradition identity the built environment and natural heritage In the final and fifth part future challenges and opportunities for community based tourism initiatives are considered and research based sustainable solutions are proposed Overall the book considers engaging local populations in tourism development as a way of building stronger and more resilient communities This Handbook fills a void in the current research and thus will appeal to scholars students and practitioners interested in tourism management tourism geography business studies development policy and practice regional development conservation and sustainability *Community Tourism Development* Cynthia Messer,2017-03-27 Community Tourism Development applies theory to real life delivering the essentials of planning development and management of tourist destinations from a community perspective Based on
