Extreme Tourism: Lessons from the World's Cold Water Islands Godfrey Baldacchino, 2006-08-11 This book is a pioneering investigation of the tourism practices in the world's other cold water islands. Located in extreme latitudes and subject to extreme weather conditions, these islands have been developing their tourism appeal in manners that appear sustainable. They present themselves in images that speak to the pristine, unique and superlative aspects of their natural environment, history and culture. Limited seasonality, difficulty of access, restricted infrastructure, harsh climates and water too cold to swim in are integral features of the tourism industry, often welcomed as appropriate filters to the slide to the mass market. The collection contains 13 island case studies: A set of seven hail from Northern latitudes: Baffin, Nunavut, Canada; Banks, Northwest Territories, Canada; Greenland; Kaalaallit Nunaat, Iceland; Luleå, Sweden; Nunivak, Alaska; Solovetsky, Russia; and Svalbard, Norway. A second set of four cover the Southern islands of Chatham, New Zealand; Falklands; Macquarie, Australia; and Stewart, New Zealand. Two other chapters discuss islands from the particular vantage points of cruise ship tourism: one for the Arctic region and one for the Antarctic. Additionally, five conceptual chapters provide insights into key tourism management issues as they apply to cold water island experiences: a human resources, b environment, c promotion, d seasonality and e access.

Routledge Handbook of Tea Tourism Lee Jolliffe, M.S.M. Aslam, Annaj Khaokhrueamuang, Li-Hsin Chen, 2022-11-29 The Routledge Handbook of Tea Tourism provides comprehensive and cutting edge insights into global tea tourism. With contributions from leading scholars and experts across 19 countries, it demonstrates the interdisciplinary nature and breadth of topics associated with global tea tourism. Tea is deeply connected to tourism through both travel and consumption. For host communities, it provides an opportunity for diversification from the production and/or serving of tea while sharing cultural traditions and improving livelihoods. The Handbook is organised into five parts with an introduction and epilogue, and the first part begins with an overview of historical and contemporary perspectives on the foundations of tea tourism. It digs into the roots of such tourism in China, the relationship of wild tea to indigenous tourism in Vietnam, heritage railways to tea tourism and tea tourism in Africa. The second part examines sustainable tea tourism with examples from Thailand, Turkey, Sri Lanka and India. The third part explores the management and marketing of tea tourism, highlighting tools and techniques for development and the impact of social media on the tea tourism experience. It draws on examples of tea tourism experience in diverse settings such as the English tea room, a pearl milk tourism factory in Taiwan and a hot spring tea destination in Japan. The fourth part provides perspectives on innovation and practice in tea tourism such as gastronomical tea tourism in Turkey, Japan and Thailand, tea cafés and community diversification in Japan, the role of GIAHS designation in tea tourism and tea tour guiding in Iran. Finally, the fifth part provides insights on resilience in tea tourism, examining topics such as human-wildlife conflicts and the impact of the COVID-19 pandemic on the sector in both Asia and Europe. This Handbook provides a valuable resource for students and researchers.

presenting a rich collection of theoretical and empirical insights an agenda for future directions in the field and end of chapter discussion questions It also serves as a useful tool for key stakeholders aiming to increase interaction between academia and industry encouraging the development of sustainable responsible tea tourism that benefits local communities on a global basis
