Toward an exegetical theology [Chinese], 1985

Recovering the Unity of the Bible Walter C. Kaiser, Jr., 2009 In this new book Walt Kaiser makes the case for the unity of the Bible The theological unity of the Bible celebrates the diversity of the Bible but does so with the conviction that even though that unity can be tested historically ethically and otherwise it has not detracted from the central case for the theological harmony that is found in the text This has been the general conclusion of two millennia of Judeo Christian exegesis

The Promise-Plan of God Walter C. Kaiser, Jr., 2009-10-06 What is the central theme of the Bible Given the diversity of authorship genre and context of the Bible's various books is it even possible to answer such a question Or in trying to do so is an external grid being unnaturally superimposed on the biblical text These are difficult questions that the discipline of biblical theology has struggled to answer In this thoroughly revised and expanded edition of his classic *Toward an Old Testament Theology* Walter Kaiser offers a solution to these unresolved issues He proposes that there is indeed a unifying center to the theology and message of the Bible that is indicated and affirmed by Scripture itself That center is the promise of God It is one all encompassing promise of life through the Messiah that winds itself throughout salvation history in both the Old and New Testaments giving cohesiveness and unity to the various parts of Scripture After laying out his proposal Kaiser works chronologically through the books of both testaments demonstrating how the promise is seen throughout how the various sub themes of each book relate to the promise and how God's plan to fulfill the promise progressively unfolds Here is a rich and illuminating biblical theology that will stir the emotion and the intellect

Toward Rediscovering the Old Testament Walter C. Kaiser, Jr., 1991 Understanding the Old Testament is the crucial problem for the Christian The three parts of this book the Old Testament and scholarship the Old Testament and theology and The Old Testament and life present issues rarely discussed by Christians as well as models and solutions for age old dilemmas

proficiency in the biblical book that is their specialty Are committed to the church and the pastoral dimension of biblical interpretation Represent geographical and denominational diversity Use a balanced and respectful approach toward marked differences of opinion Write from an evangelical viewpoint For insightful exposition thoughtful discussion and ease of use look no further than The Expositor's Bible Commentary

A Handbook to the Exegesis of the New Testament Stanley E. Porter, 2022-02-07 This handbook provides a substantial theoretical and practical guide to the multifaceted discipline of exegesis of the New Testament After an introduction to exegesis and a bibliographic essay on the basic tools the volume has two major parts The first focuses on method and includes essays on the major approaches to exegesis including textual criticism language genre and backgrounds The second part applies exegetical method to the various literary units of the New Testament Most exegetical handbooks are either too short and brief thereby failing to cover the requisite current topics in sufficient depth or too technically difficult failing to provide a useful methodology This coordinated volume offers succinct and well informed essays with plenty of bibliography written by experts in their respective fields The handbook will serve well as a textbook as well as a reference book to the major tools and topics in the area This publication has also been published in paperback please click here for details

Biblical Exegesis, Fourth Edition John H. Hayes, Carl R. Holladay, 2022-10-04 This is a beginner's guide to biblical exegesis providing exegetical methods practices and theories This book provides simple helpful information and guidance about doing exegesis without being overly prescriptive succinctly introduces students to various methods provides basic bibliographies that take students beyond an introductory discussion and emphasizes exegesis as an everyday activity based on commonsense principles rather than as an esoteric enterprise This revised edition of this perennially best selling textbook includes discussions of emerging methods of interpretation aimed at a contemporary audience Several chapters have been updated and improved and readers will find an incisive new chapter on exegesis with a focus on identity and advocacy Holladay has also written a new concluding chapter on exegesis as the art of seeing Bibliographies are updated and a helpful glossary is included in this new edition

The Uses of the Old Testament in the New Walter C. Kaiser, 2001-12-03 The debate over whether New Testament writers were entirely accurate in their quoting from the Old Testament has raged since before the turn of the century This fundamental question has been one starting point in thought for both redaction and canon criticism A majority of contemporary scholars have even agreed that New Testament writers and readers permissively interpreted the Old Testament text Author Walter Kaiser Jr elucidates how this state of doctrinal affairs came about He references the Old Testament text for accurate exegesis and content to answer the one question symbolizing the entire work Have the New Testament writers fairly cited the Old Testament quotations according to their real truth intention and original writer's meaning in their attempt to show that the Messiah and many of the events in the first century A D church had indeed been anticipated by the O T writers The apostles preached and wrote while utterly convinced that Old Testament writing had anticipated the marvelous events they proclaimed Did they give

meaning to meaningless Old Testament texts Did they squeeze fulfilled prophecy out of a dry passage These are the central questions answered in this work How to Preach the Prophets for All Their Worth Andrew G. M. Hamilton, 2022-05-24 The Old Testament prophetic books play a key role in revealing God's plan of salvation They occupy a significant portion of the biblical canon similar in size to the entire New Testament Yet most believers stay clear of this part of Scripture They avoid traveling through this forest of oracles and visions Many preachers also struggle to navigate this unfamiliar territory Preachers feel much more at ease unpacking the intricate arguments of the Pauline epistles or following the thrilling adventures of biblical narratives rather than exploring the prophetic books The church however needs to hear and respond to the beauty depth and relevance of the prophetic message This book not only provides convincing reasons for preaching the prophets today but also offers concrete guidelines to empower preachers small group leaders youth workers etc to communicate the message of the prophets with hermeneutical precision theological depth genre sensitivity and pastoral pulse This book motivates and equips preachers to travel with confidence through this uncharted territory and to help God's people enjoy the scenery of this part of God's word *Secrets of the Prince of Expositors* Michael Hawk Mills, 2025-04-25 Crowds thronged to hear Alexander Maclaren Some tried to bribe the doormen for a seat and extra chairs often had to be placed on stage next to the pulpit What drew so many to travel to Manchester England to hear a preacher Maclaren knew how to apply the text to real life His dedication to expository preaching was unique in his day and even surpassed that of his friend Charles Haddon Spurgeon His ministry remains as a needed model for today because countless congregants still see the Bible as stories with little or no relevance to their daily duties Every Sunday people go to a Bible study listen to a sermon or read Scripture and they leave without transforming any part of their lives Despite consistently studying the Bible some people show little difference between the way they act now and the way they acted years ago This problem partially comes down to a lack of good biblical application coming from preachers and teachers of Scripture Maclaren's sermons as well as his essay *An Old Preacher on Preaching* teach expositors today how to make the Bible's truths come alive and be applicable

Equipped for Good Work Joe H. Cothen, Th.D, 2014-11-21 A practical handbook for today's pastors Extensively updated to aid in meeting the increased demands and challenges of twenty first century ministry this edition includes expanded indexes reading lists and technological suggestions Covering everything from policy programming to organizational management each invaluable chapter serves as a vital resource for ministers facing the challenges of pastoral work today

Scripture as Communication Jeannine K. Brown, 2021-07-20 Jeannine Brown a seasoned teacher of biblical interpretation believes that communication is at the heart of what happens when we open the Bible We are actively engaging God in a conversation that can be life changing In this guide to the theory and practice of biblical hermeneutics Brown emphasizes the communicative nature of Scripture proposing a communication model as an effective approach to interpreting the Bible The new edition of this successful textbook has been revised and updated to interact with recent

advances in interpretive theory and practice *The Biblically-Driven Church: How Jesus Builds His Body* Cliff McManis, 2016-09-20 How does a church grow Who builds the church What is the real honorable church anyway

Preaching Christ in a Postmodern Culture K. A. Beville, 2010-04-16 Starting with some observations relating to shifts in ecclesiology and identifying them as a move beyond contextualization to syncretism this work goes on to assess the feasibility of preaching in a postmodern culture which rejects both the idea of absolute truth and authority used as power It traces the historical and philosophical development of postmodernism The Enlightenment project is deemed to have failed and Christianity is perceived as an oppressive metanarrative In a world that is becoming increasingly sceptical and where preaching practitioners are becoming disillusioned this book offers some guidelines about preaching to postmoderns In a relational age rationality is impotent but the author distinguishes between authoritative and authoritarian preaching allowing hope for the survival of the homiletic task Humility is presented as preferable to certitude and persuasion is redefined The author suggests using an inductive mode of communication as a means of engaging postmodern listeners He signposts a way forward in the labyrinthine complexity of the new paradigm and demonstrates that the homiletic task is still feasible Thus this book will be of interest to teachers and students of theology as well as pastors desiring to develop a new apologetic strategy

Antiochene Theoria in the Writings of Theodore of Mopsuestia and Theodoret of Cyrus Richard J. Perhai, 2015 Biblical scholars have often contrasted the exegesis of the early church fathers from the eastern region and school of Syrian Antioch against that of the school of Alexandria The Antiochenes have often been described as strictly historical literal exegetes in contrast to the allegorical exegesis of the Alexandrians Patristic scholars now challenge those stereotypes some even arguing that few differences existed between the two groups This work agrees that both schools were concerned with a literal and spiritual reading But it also tries to show through analysis of Theodore and Theodoret's exegesis and use of the term *theria* that how they integrated the literal theological readings often remained quite distinct from the Alexandrians For the Antiochenes the term *theria* did not mean allegory but instead stood for a range of perceptions prophetic christological and contemporary It is in these insights that we find the deep wisdom to help modern readers interpret Scripture theologically

Canaan to Corinth Michael Li-Tak Shen, 2010 Michael Li Tak Shen carefully examines the biblical view of God's absolute uniqueness and argues that the biblical texts are consistent in their prohibition of idolatry and its paraphernalia in whatever form a helpful point in similar pastoral situations today in a world of idols ideologies addictions and runaway consumerism The high view of the absolute nature of God warns against lax and mistaken notions of so called Christian freedom Robert Solomon Bishop the Methodist Church in Singapore Book Jacket

Cultural Contextualization of Apologetics Matt W. Lee, 2022-03-03 In the post Christian world we find sincere efforts in traditional Christian apologetics repeatedly running into invisible walls These blocks happen when cultural issues are neglected With mere rational arguments presented as a defense of Christianity logical answers alone are not attracting the nonbelievers nor

resolving their skepticism People today have different obstacles in coming to the Christian faith particularly their own cultural presuppositions How do we present defend and commend Christianity to people whose culture gives them a frame of mind the one that cares very little about how rational the arguments are Cultural Contextualization of Apologetics explores the world of the New Testament and the ministry of the apostle Paul to excavate a fresh model for apologetics with cultural engagement to present an answer Matt W Lee analyzes the dynamics involved in Paul s cultural connection with his audience and how it relates to their receptivity uncovering a scheme of apologetics engagement patterned in his apologetics speeches From the background of Paul s world to the forefront of contemporary apologetics preaching Cultural Contextualization of Apologetics offers a vision of apologetics communication that is both biblical and practical Handbook of Contemporary Preaching, 2nd Edition Michael Duduit,2024-07-15 The revised and updated 2nd edition of Handbook of Contemporary Preaching is a comprehensive textbook on preaching and teaching the Bible Pastors will be better equipped after reading and learning from some of the most notable scholars and pastors on the topic of preaching
