The Pulpwood Queen's Tiara-Wearing, Book-Sharing Guide to Life

Kathy Patrick, 2008-01-02. When licensed cosmetologist turned publisher's rep Kathy Patrick lost her job due to industry cutbacks, she wasn't deterred. One year later, she opened Beauty and the Book, the world's only combination beauty salon bookstore. Soon after, she founded The Pulpwood Queens of East Texas, a reading group that dared to ask the question: Does a book club have to be snobby, to be serious? The idea spread like wildfire. Now there are about 70 chapters nationwide. The overriding rule, aside from wearing the club's official tiara, hot pink and leopard print outfits, is that the groups must have fun. The club's mission: To get America reading. **THE PULPWOOD QUEENS TIARA WEARING BOOK SHARING GUIDE TO LIFE** celebrates female friendship, sisterhood, and the transformative power of reading. It includes life principles and motivational anecdotes, hilarious and heart-warming stories of friendships among the Queens, and stories from Kathy about the books that have inspired her throughout her life, complete with personalized suggested book lists. *Reading as Collective Action*

Nicholas Hengen Fox, 2017-10-01. Literature is powerful. It offers respite. It provides access to beauty and horror, to new places, new people, and new ideas. It can, as the phrase goes, change your life. Good things, all of them. But also, somewhat limited goods: they're all pretty passive, pretty private; you might even say self-centered. Reading as Collective Action shifts our

focus outward to another of literature's powers the power to reshape our world in very public very active ways In this book you will encounter readers who criticized the Bush administration's war on terror by republishing poems by writers ranging from Shakespeare to Amiri Baraka everywhere from lampposts to the New York Times You will read about people in Michigan and Tennessee who leveraged a community reading program on John Steinbeck's *The Grapes of Wrath* to organize support for those in need during the Great Recession and to engage with their neighbors about immigration You will meet a pair of students who took to public transit to talk with strangers about working class literature and a trio who created a literary website that reclaimed the working class history of the Pacific Northwest This book challenges dominant academic modes of reading For adherents of the civic turn it suggests how we can create more politically effective forms of service learning and community engagement grounded in a commitment to tactical grassroots actions Whether you're a social worker or a student a zine maker a librarian a professor or just a passionate reader with a desire to better your community this book shows that when we read texts as tactics that book changed my life can become that book changed our lives
