Sample Book Insights 1 The first part of the book is about selfdiscovery and moving yourself to a point where it s possible for you to do market research You can t design a system that s right for you unless you know something about yourself 2 The secret to making big money in the market is buying breakouts that go beyond a normal day s range of price movement This is called volatility breakouts You can make a bundle by following this advice 3 The fourth phase is when people start asking you how to do it In this phase they are looking for anything that will provide them with the secrets to unlocking the universe of untold riches They go to lots of seminars and learn about various methods 4 The investor s search for the Holy Grail is a search for the magic secrets of the market that will make them rich However these secrets exist where you would least expect them in the midst of a spiritual path between pairs of opposites such as profits and losses **Following the Trend**

Andreas F. Clenow,2012-11-21 During bull and bear markets there is a group of hedge funds and professional traders which have been consistently outperforming traditional investment strategies for the past 30 odd years They have shown remarkable uncorrelated performance and in the great bear market of 2008 they had record gains These traders are highly secretive about their proprietary trading algorithms and often employ top PhDs in their research teams Yet it is possible to replicate their trading performance with relatively simplistic models These traders are trend following cross asset futures managers also known as CTAs Many books are written about them but none explain their strategies in such detail as to enable the reader to emulate their success and create their own trend following trading business until now Following the Trend explains why most hopefuls fail by focusing on the wrong things such as buy and sell rules and teaches the truly important parts of trend following Trading everything from the Nasdaq index and T bills to currency crosses platinum and live hogs there are large gains to be made regardless of the state of the economy or stock markets By analysing year by year trend following performance and attribution the reader will be able to build a deep understanding of what it is like to trade futures in large scale and where the real problems and opportunities lay Written by experienced hedge fund manager Andreas Clenow this book provides a comprehensive insight into the strategies behind the booming trend following futures industry from the perspective of a market participant The strategies behind the success of this industry are explained in great detail including complete trading rules and instructions for how to replicate the performance of successful hedge funds You are in for a potentially highly profitable roller coaster ride with this hard and honest look at the positive as well as the negative sides of trend following **Dr. Van K.
