Abingdon Theological Companion to the Lectionary Paul Scott Wilson,2012-05-01 The point of the Revised Common Lectionary is to allow God's people to encounter the meaning of Scripture through the Word read and proclaimed Yet too many lectionary resources fail to help in that task In fact they often confront the preacher with a choice between poor options in depth commentary focused too heavily on the historical world of the text or shallow suggestions for life applications that have too little to do with the real world Christians are called to an engagement with the deep meaning of Scripture preachers are called to help them do that But where can they turn for resources that will make this possible The Abingdon Theological Companion to the Lectionary begins with the conviction that Scripture speaks first and foremost to Christians now Its message engages Christian belief and action in the present day While informed by the best in current biblical studies its commentary on the Scripture passages of the Revised Common Lectionary focuses on the questions of Christian life in the world that church members bring with them to worship Each entry is co written by a Theologian and a Homiletician and seeks to answer the essential questions what does this passage say about the Gospel How does it speak to my encounter with God in Christ and my calling as a Christian in the world This volume is conceived as a companion to biblical and lectionary resources that preachers regularly employ It showcases theological matters that arise out of both the biblical texts in the lectionary and the church seasons and special days This important resource will draw upon recent scholarship in various disciplines with a view to enriching the theological contribution of sermons in the years to come The result will be a volume that has broad ecumenical appeal and that preachers will want at their fingertips This volume is for The Revised Common Lectionary Year C

What Happened on the Cross Nick Peros,2020-08-07 What Happened on the Cross offers a new and biblical understanding of how salvation was accomplished upon the cross showing that the Penal Substitution view common since the 1500s does not have a biblical basis and also showing that the Christus Victor understanding is inadequate The book is founded upon the understanding that Jesus Christ is the Second Adam and that is the foundation of how we are to understand how salvation was accomplished Both the shedding of blood and death were essential in the accomplishment of salvation and What Happened on the Cross shows why these were essential Using over 740 Scripture verses to make its argument the book gives a comprehensive picture from Genesis to Revelation of the many aspects involved in the accomplishment of salvation above all showing clearly that the cross had nothing to do with punishment for sins our sins were never punished upon the cross rather our sins were forgiven Understanding how salvation was accomplished upon the cross and that it was about forgiveness not punishment both exalts God and his greatness demonstrates his perfect love and justice as well as liberates our hearts towards him
