

THE TOP TWENTY

A Quick Guide to Troubleshooting Your Writing

ANDREA A. LUNSFORD, STANFORD UNIVERSITY

Readers judge your writing by your control of certain conventions, which may change depending on your audience, purpose, and context for the writing. Whether an instructor marks an error in a student assignment will depend on personal judgments about how serious the error is and what the writer should be focusing on in the draft. Some of the student writing patterns identified here may be considered errors by some instructors but stylistic options by others. Statistically, though, these twenty errors—identified in nationwide research by Andrea A. Lunsford and Karen Lunsford—are the ones most likely to result in negative responses from readers.
