## **Traveling Back Toward A Global Political Theory:**

**Traveling Back** Susan McWilliams, 2014-01-15 We live in a global age an age of vast scale and speed an age of great technological and economic and environmental change in conditions our ancestors could hardly have imagined What does this compression of geographical and temporal scale mean for our political thinking Do we need new modes of political thought or a new kind of political imagination How might we begin to develop a truly global political theory Against the common belief that we need a wholly new political theory for our global age Susan McWilliams argues that the best foundation is already behind us and can be found by traveling back In doing this revisiting the history of political thought with a mind to the questions accompanying globalization it becomes clear that the greatest tool for understanding our new world lies in one of the oldest themes in Western political theory travel Since the beginnings of Western political thought the ancient Greeks referred to travel as *theoria* political theorists have used images of travel to illuminate the central questions of globalization where travel stories appear we find serious reflection about how to live in cross cultural and interconnected political conditions Here we find attention to the contingency of political identity to hybridity and to the threats of colonialism and imperialism We even find self critical questioning about the dangers that face political theorists who want to think globally In *Traveling Back* McWilliams uncovers the rich travel story tradition of political theorizing that speaks directly to the problems of our age She explores why this travel story tradition has been so long neglected especially in this time when we need its wisdom and she calls for its rediscovery In order to move forward toward a global political theory as McWilliams eloquently demonstrates we must first learn to travel back

**Traveling Back** Susan McWilliams, 2014-03 What does it mean to think globally Susan McWilliams argues that to understand politics in our new world we should revisit one of the oldest themes in political theory travel This title uncovers the rich travel story tradition of political theorizing and shows how it helps to answer today's toughest political questions

*Poetic Justice* Jill Frank, 2018-01-20 Plato set his dialogues in the fifth century BCE when written texts were disseminated primarily by performance and recitation He wrote them in the fourth century when literacy was expanding Jill Frank argues that there are unique insights to be gained from appreciating Plato's dialogues as written texts to be read and reread At the center of these insights is the analogy in the dialogues between becoming literate and coming to know or understand something and two different ways of learning to read One approach treats literacy as a top down affair in which authoritative teachers lead students to true beliefs Another recommended by Socrates in the *Republic* encourages trial and error and the formation of beliefs based on students cognitive and sensory experiences The first approach to learning to read aligns with philosophy as authoritative knowledge and politics as rule by philosopher kings Following the second approach *Poetic Justice* argues that the *Republic* neither endorses nor enforces fixed hierarchies in knowledge and politics but offers instead an education in ethical and political self governance one that prompts citizens to challenge all claims to authority including those of philosophy

*The Oxford Handbook of Comparative*

*Political Theory* Leigh K. Jenco, Murad Idris, Megan Christine Thomas, 2020 Chapters emphasize exploration of substantive questions about political life in a range of global contexts with attention to whether and how those questions may be shared contested or reformulated across differences of time space and experience An interdisciplinary volume that bridges the gaps between various traditions regions and concerns regarding political theory Provides tags and keywords to aid navigation of the handbook and help readers trace disruptions thematic connections and conceptual contrasts across entries **The**

**American Road Trip and American Political Thought** Susan McWilliams Barndt, 2020-07-06 Americans love road trips They love to go on road trips They love to read about road trips They love to watch road trip stories unfold on television and film Road trip stories are a consistent feature of the American landscape a central part of American mythology and an important piece of the American dream In *The American Road Trip and American Political Thought* Susan McWilliams argues that the American fascination with road trip stories is about more than mere escapism or wanderlust She shows in walking through stories like *On the Road* and *The Grapes of Wrath* that American road trip stories are a key expression of American political thought They are not just stories of personal journeys They are stories of the American nation McWilliams Barndt shows how Americans have long used road trip stories to raise and explore central questions about American politics in theory and practice They talk about freedom and equality and diversity and take those vaunted American ideals for a test drive American road trip stories are where the rubber meets the road in American political thought *The American Road Trip and American Political Thought* includes explorations of a wide variety of American authors from Walt Whitman and Henry David Thoreau to Erika Lopez and Cheryl Strayed from Mark Twain and John Steinbeck to Solomon Northup and Hunter S Thompson It covers topics including gender labor place race and technology in American political life This is a book that will change the way you think about the great American road trip and the great American story **African American Political**

**Thought** Melvin L. Rogers, Jack Turner, 2024-05-31 *African American Political Thought* offers an unprecedented philosophical history of thinkers from the African American community and African diaspora who have addressed the central issues of political life democracy race violence liberation solidarity and mass political action Melvin L Rogers and Jack Turner have brought together leading scholars to reflect on individual intellectuals from the past four centuries developing their list with an expansive approach to political expression The collected essays consider such figures as Martin Delany Ida B Wells W E B Du Bois James Baldwin Toni Morrison and Audre Lorde whose works are addressed by scholars such as Farah Jasmine Griffin Robert Gooding Williams Michael Dawson Nick Bromell Neil Roberts and Lawrie Balfour While African American political thought is inextricable from the historical movement of American political thought this volume stresses the individuality of Black thinkers the transnational and diasporic consciousness and how individual speakers and writers draw on various traditions simultaneously to broaden our conception of African American political ideas This landmark volume gives us the opportunity to tap into the myriad and nuanced political theories central to Black life In doing so *African American Political*

**Imagination** Anna Ball, 2021-09-21 *Forced Migration in the Feminist Imagination* explores how feminist acts of imaginative expression community building scholarship and activism create new possibilities for women experiencing forced migration in the twenty first century Drawing on literature film and art from a range of transnational contexts including Europe the Middle East Central America Australia and the Caribbean this volume reveals the hitherto unrecognised networks of feminist alliance being formulated across borders while reflecting carefully on the complex politics of cross cultural feminist solidarity The book presents a variety of cultural case studies that each reveal a different context in which the transcultural feminist imagination can be seen to operate from the maternal feminism of literary journalism confronting the European refugee crisis to Iran s female film directors building creative collaborations with displaced Afghan women and from artists employing sonic creativities in order to listen to women in U K and Australian detention to LGBTQ poets and video artists articulating new forms of queer feminist community against the backdrop of the hostile environment This is an essential read for scholars in Women s and Gender Studies Feminist and Postcolonial Literary and Cultural Studies and Comparative Literary Studies as well as for those operating in the fields of Gender and Development Studies and Forced Migration Studies

**Liberal Education and Citizenship in a Free Society** Justin Buckley Dyer, Constantine Christos Vassiliou, 2023-07-24 The liberal arts university has been in decline since well before the virtualization of campus life increasingly inviting public skepticism about its viability as an institution of personal civic and professional growth New technologies that might have brought people together have instead frustrated the university s capacity to foster thoughtful citizenship among tomorrow s leaders and exacerbated socioeconomic inequalities that are poisoning America s civic culture With *Liberal Education and Citizenship in a Free Society* a collection of 19 original essays editors Justin Dyer and Constantine Vassiliou present the work of a diverse group of scholars to assess the value of a liberal arts education in the face of market technological cultural and political forces shaping higher learning today *A Political Companion to James Baldwin* Susan J. McWilliams, 2017-11-15 In seminal works such as *Go Tell It on the Mountain* *Notes of a Native Son* and *The Fire Next Time* acclaimed author and social critic James Baldwin 1924-1987 expresses his profound belief that writers have the power to transform society to engage the public and to inspire and channel conversation to achieve lasting change While Baldwin is best known for his writings on

racial consciousness and injustice he is also one of the country's most eloquent theorists of democratic life and the national psyche In *A Political Companion to James Baldwin* a group of prominent scholars assess the prolific author's relevance to present day political challenges Together they address Baldwin as a democratic theorist activist and citizen examining his writings on the civil rights movement religion homosexuality and women's rights They investigate the ways in which his work speaks to and galvanizes a collective American polity and explore his views on the political implications of individual experience in relation to race and gender This volume not only considers Baldwin's works within their own historical context but also applies the author's insights to recent events such as the Obama presidency and the Black Lives Matter movement emphasizing his faith in the connections between the past and present These incisive essays will encourage a new reading of Baldwin that celebrates his significant contributions to political and democratic theory
