offered rhetorical support for their acceptance Drawing on examples ranging from the political rhetoric of the Nation of Islam in the 1950s and 1960s to the symbolic use of fallen Muslim American service members in the 2016 election cycle Curtis shows that the efforts of Muslim Americans to be regarded as full Americans have been going on for decades yet never with full success Curtis argues that policies laws and political rhetoric concerning Muslim Americans are quintessential American political questions Debates about freedom of speech and religion equal justice under law and the war on terrorism have placed Muslim Americans at the center of public discourse How Americans decide to view and make policy regarding Muslim Americans will play a large role in what kind of country the United States will become and whether it will be a country that chooses freedom over fear and justice over prejudice [Law and Society in a Populist Age](#) Amitai Etzioni,2018-07-11 The law based political institutions in many democratic societies are being challenged by fast growing populist movements parties and leaders In other nations the state is failing These seismic changes call for greater attention to be paid to the role society plays in forming and challenging laws and how the law copes with these challenges Amitai Etzioni one of the most respected thinkers in the US argues for a new liberal communitarian approach as an effective response to populism This recognizes that different members of the society have differing values interests and needs that cannot be fully reconciled to legislation in a populist age The book considers the core challenge in a variety of contexts including national security versus privacy private sector responsibility freedom of the press campaign finance reform regulatory law and the legal status of terrorists Thus the book offers a timely discussion of key issues for contemporary society and the relationship of the law to the citizen in a fast changing environment [The Whole School Library Learning Commons](#) Judith Anne Sykes,2016-08-29 Introduce your teachers librarians and administrators to the roles and responsibilities of educators in advocating a whole school library learning commons using this step by step guide for creating shared learning space in your school It is no surprise that technology has shifted the way we educate bearing on how what and where we learn This guide lays the framework for helping turn your school library into a whole school library learning commons WSLLC a space where traditional academics merge with the latest technologies to engage learners in a way never before realized Author Judith Anne Sykes contends that since the WSLLC philosophy allows staff and students to co create knowledge in a shared space it is more effective than the traditional approach Sykes addresses the differences between a school library and a WSLLC provides reasons to champion its creation in your institution and discusses how to use mentoring as a means to sustain its survival The book explores the roles and responsibilities of educators in developing WSLLC goals and presents strategies for using typical assessment tools including standardized tests report cards and anecdotal assessments to help support its philosophy [Chase's Calendar of Events 2022](#) Editors of Chase's,2021-11-15 Find out what's going on any day of the year anywhere across the globe The world's date book since 1957 Chase's is the definitive authoritative day by day resource of what the world is celebrating From national days to celebrity birthdays from historical
