Rashomon Effects Blair Davis, Robert Anderson, Jan Walls, 2015-11-06 Akira Kurosawa is widely known as the director who opened up Japanese film to Western audiences and following his death in 1998 a process of reflection has begun about his life's work as a whole and its legacy to cinema Kurosawa's 1950 film Rashomon has become one of the best known Japanese films ever made and continues to be discussed and imitated more than 60 years after its first screening This book examines the cultural and aesthetic impacts of Akira Kurosawa's Rashomon as well as the director's larger legacies to cinema its global audiences and beyond It demonstrates that these legacies are manifold not only cinematic and artistic but also cultural and cognitive The book moves from an examination of one filmmaker and his immediate social context in Japan

and goes on to explore how an artist's ideas might transcend their cultural origins to ultimately provide global influences. Discussing how *Rashomon*'s effects began to multiply with the film being reimagined and repurposed in numerous media forms in the decades that followed its initial release, the book also shows that the film and its ideas have been applied to a wider range of social and cultural phenomena in a variety of institutional contexts. It addresses issues beyond the realm of *Rashomon* within film studies, extending to the *Rashomon* effect, which itself has become a widely recognized English term referring to the significantly different interpretations of different eyewitnesses to the same dramatic event. As the first book on *Rashomon* since Donald Richie's 1987 anthology, it will be invaluable to students and scholars of film studies, film history, Japanese cinema, and communication studies. It will also resonate more broadly with those interested in Japanese culture and society, anthropology, and philosophy.

Faith and Spirituality in Masters of World Cinema Kenneth R. Morefield, 2011-07-13

Faith and Spirituality in Masters of World Cinema Volume II continues the work presented in the first volume of this title, published by Cambridge Scholars Publishing in 2008. It provides informed yet accessible articles that will give readers an introduction to masters of world cinema whose works explore the themes of human spirituality and religious faith. Volume II contains essays dealing with canonical directors notably absent from the first entry of the series, such as Godard and Kurosawa, while also including examinations of contemporary auteurs who are still actively working, for example, Andersson and von Trier. While retaining a truly international emphasis, it includes essays about directors from the United States, Canada, Iran, Sweden, India, Denmark, Italy, Mexico, Australia, and Japan. Volume II also acts as an important contribution to canon formation, illustrating the complexity and variety in the films of those who are truly the masters of world cinema. Built solidly around close formal readings of selective films, the essays in Volume II also demonstrate familiarity with film history and bring insight from such varied disciplines as New Testament Studies, Clinical Psychology, Art History, and Medieval History. It also seeks to broaden the understanding of faith and spirituality, examining how the meaning of such terms changes as the cultures that produce the art that defines them continue to evolve.

Myth, Media, and Culture in Star Wars Douglas Brode, Leah Deyneka, 2012-06-14

In 1977, *Star Wars* blazed across the screen to become one of the highest-grossing and most beloved movies of all time. It was followed by two sequels and three prequels, all of which became blockbusters. Comic books, novels, graphic novels, and magazines devoted to the films have added to the mythology of George Lucas's creation. Despite the impact of the franchise on popular culture, however, discussion of the films from a scholarly perspective has not kept pace with the films. In *Myth, Media, and Culture in Star Wars: An Anthology*, Douglas Brode and Leah Deyneka have assembled an intriguing collection of essays addressing the influences that shaped the films, as well as the impact the franchise has had on popular culture. Contributors to this volume discuss the *Star Wars* universe and what its connection to various cultural touchstones, from fairy tales and Joseph Campbell to Disneyland and Marvel Comics, mean to viewers. Essays examine the films in the franchise, as well as incarnations of the *Star Wars* universe in video games, comic books, and television programs.

including the films influence on new generations of filmmakers A companion volume to *Sex Politics and Culture in Star Wars* Myth Media and Culture in Star Wars is a diverse collection of criticism that investigates the dynamic force that Star Wars has become in popular culture from every imaginable angle *Rhapsody on a Film by Kurosawa* Leonard Ginsberg, 2008 One of Akira Kurosawa's most popular films *Yojimbo* 1961 tells the story of a vagrant samurai who outsmarts two gangs warring to control a small town in mid 19th century Japan This plot a lone hero who challenges both potent rivals struggling to control a place has proved remarkably adaptable Recent film settings include the American southwest New York the coast of Ireland Viking Iceland and outer space The rivals include drug dealers police witches and seals the hero a hit man a psychopath a senior an orphan These films track the basic plot or veer off in unexpected directions They provide an evening's delight or arouse enduring intellectual engagement with a wide variety of disciplines *Rhapsody on a Film by Kurosawa* explores this cultural complex Films discussed include *American Beauty* 1999 *Donnie Darko* 2001 *The King of Masks* 1996 *Memento* 2000 *Ponette* 1996 *Requiem for a Dream* 2000 *Se7en* 1995 and *The Witches* 1990 Other sections discuss possible origins of the plot in the work of Dashiell Hammett and Shakespeare a *Yojimbo* hero who emerged in the final days of the Tokugawa Shogunate and the relation of *Yojimbo* to Kurosawa's cinematic career *Rhapsody on a Film by Kurosawa* is the author's first book **Of Mice and Men** Nandita Batra, Vartan P.
