Walker Evans American Photographs Seventy Fifth Anniversary Edition:

Walker Evans: American Photographs Lincoln Kirstein, 2012 More than any other artist Walker Evans invented the images of an essential America that we have long accepted as fact American Photographs first published by The Museum of Modern Art in 1938 is the purest and most complete expression of his cool unblinking vision the eighty seven photographs reproduced on its pages are as relevant and essential as ever with Lincoln Kirstein's essay as their eloquent foil American Photographs has been a key touch stone for photographers and those who seek to understand the lyric potential of the medium but it has often been out of print This Seventy Fifth Anniversary Edition with sumptuous duotone plates complementing the elegant restraint of the original typography and design makes Evans's landmark book available again For the first time digital technologies aid in emulating the precise cropping and finely tuned balance of the 1938 reproductions capturing as never before the look and feel of the first edition cover jacket American Witness RJ Smith, 2017-11-07 From the author of the acclaimed James Brown biography *The One* comes the first in depth biography of renowned photographer and filmmaker Robert Frank best known for his landmark book *The Americans* As well known as Robert Frank the photographer is few can say they really know Robert Frank the man Born and raised in wartime Switzerland Frank discovered the power and allure of photography at an early age and quickly learned that the art meant significantly more to him than the money success or fame The art was all and he intended to spend a lifetime pursuing it *American Witness* is the first comprehensive look at the life of a man who's as mysterious and evasive as he is prolific and gifted Leaving his rigid Switzerland for the more fluid United States in 1947 Frank found himself at the red hot social center of bohemian New York in the 50s and 60s becoming friends with everyone from Jack Kerouac Allen Ginsberg and Peter Orlovsky to photographer Walker Evans actor Zero Mostel painter Willem de Kooning filmmaker Jonas Mekas Bob Dylan writer Rudy Wurlitzer jazz musicians Ornette Coleman and Charles Mingus and more Frank roamed the country with his young family taking roughly 27 000 photographs and collecting 83 of them into what is still his most famous work *The Americans* His was an America nobody had seen before and if it was harshly criticized upon publication for its portrait of a divided country the collection gradually grew to be recognized as a transformative American vision And then he turned his back on certain success giving up photography to reinvent himself as a film and video maker Frank helped found the American independent cinema of the 1960s and made a legendary film with the Rolling Stones Today the nonagenarian is an embodiment of restless creativity and a symbol of what it costs to remain original in America his life defined by never repeating himself never being satisfied *American Witness* is a portrait of a singular artist and the country that he saw This Exquisite Loneliness Richard Deming, 2023-10-03 Rich and sensitive *The Wall Street Journal* Loneliness is everywhere these days But this book will chase some of it away and maybe replace it with connection Patton Oswalt Emmy and Grammy winning comic A examination of the life and work of six brilliant minds of the twentieth century intent on answering the question What can be done not despite

but because of loneliness At an unprecedented rate loneliness is moving around the globe from self isolating technology and political division to community decay and social fragmentation and yet it is not a feeling to which we readily admit It is stigmatized freighted with shame and fear and easy to dismiss as mere emotional neediness But what if instead of shying away from loneliness we embraced it as something we can learn from and as something that will draw us closer to one another In This Exquisite Loneliness Richard Deming turns an eye toward that unwelcome feeling both in his own experiences and the lives of six groundbreaking figures to find the context of loneliness and to see what some people have done to navigate this profound sense of discomfort Within the back stories to Melanie Klein s contributions to psychoanalysis Zora Neale Hurston s literary and ethnographic writing the philosophical essays of Walter Benjamin Walker Evans s photography of urban alienation Egon Schiele s revolutionary artwork and Rod Serling s uncanny narratives in The Twilight Zone Deming explores how loneliness has served as fuel for an intense creative desire that has forged some of the most original and innovative art and writing of the twentieth century This singular meditation on loneliness reveals how we might transform the pain of emotional isolation and become more connected to others and more at home with our often unquiet selves

American Modern: Hopper to O'Keeffe Esther Adler ,Kathy Curry, 2013-08-11 The Museum of Modern Art is known for its prescient focus on the avant garde art of Europe but in the

first half of the twentieth century it was also acquiring work by Stuart Davis Georgia O Keeffe Charles Sheeler Alfred Stieglitz and other less well known American artists whose work sometimes fits awkwardly under the avant garde umbrella American Modern presents a fresh look at MoMA s holdings of American art from that period The still lifes portraits and urban rural and industrial landscapes vary in style approach and medium melancholy images by Edward Hopper and Andrew Wyeth bump against the eccentric landscapes of Charles Burchfield and the Jazz Age sculpture of Elie Nadelman Yet a distinct sensibility emerges revealing a side of the Museum that may surprise a good part of its audience and throwing light on the cultural preoccupations of the rapidly changing American society of the day **Mississippi Witness** James T. Campbell, Elaine Owens, 2019-02-01 In June 1964 Neshoba County Mississippi provided the setting for one of the most notorious crimes of the civil rights era the Klan orchestrated murder of three young voting rights workers James Chaney Michael Schwerner and Andrew Goodman Captured on the road between the towns of Philadelphia and Meridian the three were driven to a remote country crossroads shot and buried in an earthen dam from which their bodies were recovered after a forty four day search The crime transfixed the nation As federal investigators and an aroused national press corps descended on Neshoba County white Mississippians closed ranks dismissing the men s disappearance as a hoax perpetrated by civil rights activists to pave the way for a federal invasion of the state In this climate of furious conformity only a handful of white Mississippians spoke out Few did so more openly or courageously than Florence Mars A fourth generation Neshoban Mars braved social ostracism and threats of violence to denounce the murders and decry the climate of fear and intimidation that had overtaken her community She later recounted her experiences in *Witness in Philadelphia* one of the classic memoirs of the civil rights era Though few remember today Mars was also a photographer Shocked by the ferocity of white Mississippians reaction to the Supreme Court s 1954 ruling against racial segregation she bought a camera built a homemade darkroom and began to take pictures determined to document a racial order she knew was dying Mississippi *Witness* features over one hundred of these photographs most taken in the decade between 1954 and 1964 almost all published here for the first time While a few depict public events Mars photographed the 1955 trial of the murderers of Emmett Till most feature private moments illuminating the separate and unequal worlds of black and white Mississippians in the final days of Jim Crow Powerful and evocative the photographs in *Mississippi Witness* testify to the abiding dignity of human life even in conditions of cruelty and deprivation as well as to the singular vision of one of Mississippi s and the nation s most extraordinary photographers *American Studies after Postmodernism* Theodora Tsimpouki, Konstantinos Blatanis, Angeliki Tseti, 2023-12-22 This book explores the major challenges that the long standing and diversely debated demise of postmodernism signifies for American literature art culture history and politics in the present third decade of the twenty first century Its scope comprises a vigorous discussion of all these diverse fields undertaken by distinguished scholars as well as junior researchers U S Americanists and European Americanists alike Focusing on socio political and cultural

developments in the contemporary U S their contributions highlight the interconnectedness of the geopolitical economic environmental and technological crises that define the historical present on global scale Chapter 16 is available open access under a Creative Commons Attribution 4 0 International License via link [springer.com](https://www.springer.com) *The Real Thing* Miles Orvell,2014-08-25 In this classic study of the relationship between technology and culture Miles Orvell demonstrates that the roots of contemporary popular culture reach back to the Victorian era when mechanical replications of familiar objects reigned supreme and realism dominated artistic representation Reacting against this genteel culture of imitation a number of artists and intellectuals at the turn of the century were inspired by the machine to create more authentic works of art that were themselves real things The resulting tension between a culture of imitation and a culture of authenticity argues Orvell has become a defining category in our culture The twenty fifth anniversary edition includes a new preface by the author looking back on the late twentieth century and assessing tensions between imitation and authenticity in the context of our digital age Considering material culture photography and literature the book touches on influential figures such as writers Walt Whitman Henry James John Dos Passos and James Agee photographers Alfred Stieglitz Walker Evans and Margaret Bourke White and architect designers Gustav Stickley and Frank Lloyd Wright **The Palgrave Handbook of Intermediality** Jørgen Bruhn,Asun López-Varela Azcárate,Miriam de Paiva Vieira,2023-12-01 This handbook provides an extensive overview of traditional and emerging research areas within the field of intermediality studies understood broadly as the study of interrelations among all forms of communicative media types including transmedial phenomena Section I offers accounts of the development of the field of intermediality its histories theories and methods Section II and III then explore intermedial facets of communication from ancient times until the 21st century with discussion on a wide range of cultural and geographical settings media types and topics by contributors from a diverse set of disciplines It concludes in Section IV with an emphasis on urgent societal issues that an intermedial perspective might help understand *American Photo* ,1989-02
