Your Stone Age Brain in the Screen Age Richard E. Cytowic, 2024-10-01 An award winning neurologist on the Stone Age roots of our screen addictions and what to do about them The human brain hasn't changed much since the Stone Age let alone in the mere thirty years of the Screen Age That's why according to neurologist Richard Cytowic who Oliver Sacks observed changed the way we think of the human brain our brains are so poorly equipped to resist the incursions of Big Tech They are programmed for the wildly different needs of a prehistoric world In Your Stone Age Brain in the Screen Age Cytowic explains exactly how this programming works from the brain's point of view What he reveals in this book shows why we are easily addicted to screen devices why young developing brains are particularly vulnerable why we need silence and what we can do to push back In the engaging storytelling style of his popular TED Talk Cytowic draws an easily comprehensible picture of the Stone Age brain's workings the function of neurotransmitters like dopamine in basic instincts for survival such as desire and reward the role of comparison in emotion and emotion in competition and most significantly the orienting reflex one of the unconscious circuits that automatically focus shift and sustain attention Given this picture the nature of our susceptibility to digital devices becomes clear along with the possibility of how to break their spell Full of practical actions that we can start taking right away Your Stone Age Brain in the Screen Age offers compelling evidence that we can change the way we use technology resist its addictive power over us and take back the control we have lost

Screen Schooled Joe Clement, Matt Miles, 2017-10-01 Over the past decade educational instruction has become increasingly digitized as districts rush to dole out laptops and iPads to every student Yet the most important question Is this what is best for students is glossed over Veteran teachers Joe Clement and Matt Miles have seen firsthand how damaging technology overuse and misuse has been to our kids On a mission to educate and empower parents they show how screen saturation at home and school has created a wide range of cognitive and social deficits in our young

people They lift the veil on what's really going on in schools teachers who are often powerless to curb cell phone distractions zoned out kids who act helpless and are unfocused unprepared and unsocial administrators who are influenced by questionable science sponsored by corporate technology purveyors They provide action steps parents can take to demand change and make a compelling case for simpler smarter more effective forms of teaching and learning **Kids and Today's Media** Victor C. Strasburger, 2021-09-15 Old and new media are adversely affecting children in many ways The doctors in this volume discuss their thoughts on the subject [The Voice from the Back Row](#) Diane Drummond, 2021-11-30 The Voice from the Back Row Off the Bandwagon began as a simple blog As the number of postings grew the impulse to put them in book form increased as well This book is a compilation of the first 130 posts and covers the time period from September of 1915 to April of 2021 including both the times of the comparative normalcy in which the energy for change was building and the definitive trigger of the present the emergence of the Coronavirus Covid 19 which threw that apparent normalcy into utter chaos The book contains both the author's personal experiences and her commentary on political and social issues of the times The posts encourage the reader to look beyond the rhetoric of the media political figures and popular thought and think for themselves about where events are leading us and the nature of progress itself When something changes something is gained and something is lost Too often people do not think about the exchange before the change is set This book encourages us to take a deeper look at where we are headed and to be a participant in creating the truly functional world we all desire in which life is respected all peoples thrive and in which compassion gentleness and stewardship replace conflict death greed and dominance Such change begins with our own inner work and extends into that which we see as outside of us It includes the Earth our magnificent and nurturing home in the cosmos The book is a work to be savored as it is read

[The Parents' Guide to Climate Revolution](#) Mary DeMocker, 2018-03-05 Relax writes author Mary DeMocker this isn't another light bulb list It's not another overwhelming pile of parental to-dos designed to shrink your family's carbon footprint through eco superheroism Instead DeMocker lays out a lively empowering and doable blueprint for engaging families in the urgent endeavor of climate revolution In this book's brief action packed chapters you'll learn hundreds of wide ranging ideas for being part of the revolution from embracing simplicity parenting to freeing yourself from dead end science debates to teaching kids about the power of creative protest to changing your lifestyle in ways that deepen family bonds improve moods and reduce your impact on the Earth Engaging and creative this vital resource is for everyone who wants to act effectively and empower children to do the same **The Handbook of Developmentally Appropriate Toys** Doris Bergen, 2021-03-20 The handbook is composed of chapters by authors who discuss the important features of particular types of toys provide information related to the developmental importance of this type of toy discuss social and cultural issues engendered by play with such toys and review the available research on the characteristics and potential impact on children's developmental progress of toys of that type Both traditional toys and technological toys are discussed The handbook is expected to serve

both as a reference for educators parents toy designers and other interested readers and as a catalyst for further research and ongoing toy development Its purpose includes helping readers to gain knowledge that enables them to more fully appreciate the value of children s toy play find out more about the favorite toys they had in childhood and relive those satisfying play experiences and learn how to foster the learning physical development and social emotional growth that comes from such toy play
