The Theological Imperative to Authenticity Christy Capper, 2022-11-04 From a theological viewpoint this book explores the junction between the philosophical existential idea of the authentic self and its cultural appropriation The text builds on the theology of John Macquarrie and the narrative formation of identity to construct a theological definition of authentic selfhood It then contrasts this definition with the common idea that authenticity in the moral sense can be used to justify any action The author argues that this is not genuine authenticity Instead they consider that authenticity rests upon loyalty to something greater than oneself and for Christians this is the character of the God in whose image they are created and are being formed This book is illuminating reading for students and scholars of theological anthropology pastoral theology ethics and moral philosophy

Authenticity: The Cultural History of a Political Concept Maiken Umbach, Mathew Humphrey, 2017-11-23 Authenticity is everywhere political leaders invoke the idea to gain our support advertisers use it to sell their products But is authenticity a dangerous hoax What is and is not authentic has been hotly debated ever since the concept was invented Many academics have sought to unmask authenticity claims as deceptive This book takes a different approach In chapters covering historical and contemporary examples the authors explore why authenticity real or imagined exercises such a powerful hold on our imaginations The chapters trace how invocations of authenticity borrow from one another across arenas such as philosophy and theology encounters with nature

Munca emoțională Rose Hackman, 2024-10-29 De câte ori ai folosit un ton blând pentru a aplană un conflict De câte ori ai ascuns ceva simți pentru a menaja sentimentele celui de lângă tine Munca emoțională nu ocolește aproape nicio femeie și niciun individ care aparține unui grup minoritar O bună infirmieră și o cîntăreață a unui concurs de frumusețe sunt toate nevoite să depună muncă emoțională Chiar și într-un context profesional obligația de a-i servi pe ceilalți impune adoptarea ipostazei epuizante de mamă sau de soră-mătușă sau de divă sexy și limitează drastic posibilitatea exprimării adevărului autentic Paradoxul muncii emoționale este că percepția asupra capacităților femeilor este profund devalorizantă ceea ce susține în continuare patriarhatul și duce la desconsiderarea muncii prestate de acestea Identificând cauzele inegalității de gen Rose Hackman oferă soluții viabile pentru viitor și pledează pentru o societate care să recunoască și să remunereze corect aportul emoțional al tuturor indivizilor
