Henry Miller

Wisdom Of The Heart New Directions Paperback:

The Wisdom of the Heart Henry Miller, 2016-12-20 An essential collection of writings bursting with Henry Miller's exhilarating candor and wisdom. In this selection of stories and essays, Henry Miller elucidates, revels, and soars, showing his command over a wide range of moods, styles, and subject matters. Writing from the heart, always with a refreshing lack of reticence, Miller involves the reader directly in his thoughts and feelings. His real aim, Karl Shapiro has written, is to find the living core of our world whenever it survives and in whatever manifestation in art, in literature, in human behavior itself. It is then that he sings, praises, and shouts at the top of his lungs with the uncontrollable hilarity he is famous for. Here are some of Henry Miller's best-known writings: an essay on the photographer Brassai, Reflections on Writing in which Miller examines his own position as a writer, Seraphita and Balzac, and His Double on the works of other writers, and The Alcoholic, The Veteran, Creative Death, The Enormous Womb, and The Philosopher Who Philosophizes. **Just Wild about Harry** Henry Miller, 1963 A mellow in seven scenes, Just Wild About Harry is Henry Miller's only excursion into playwriting. Harry is pure Miller, welling up from the same abundant love of life and freedom from convention that made its author the dean of writers dedicated to human liberation. Admittedly inspired by Ionesco and the Theatre of the Absurd, Miller's tragicomic slapstick is nevertheless as American as the Marx Brothers and the blues: the simple story of a heartless Harry, the one the ladies are wild about, who learns a bittersweet lesson about life, death, and love. Begun in Europe in 1960, Just Wild About Harry was first published by New Directions in 1963. **National Union Catalog**, 1968 Includes entries for maps and atlases. The Look of the Book Peter Mendelsund, David J. Alworth, 2020-10-06 Why do some book covers instantly grab your attention while others never get a second glance? Fusing word and image as well as design thinking and literary criticism, this captivating investigation goes behind the scenes of the cover design process to answer this question and more. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW. As the outward face of the text, the book cover makes an all-important first impression. The Look of the Book examines art at the edges of literature through notable covers and the stories behind them: galleries of the many different jackets of bestselling books; an overview of book cover trends throughout history; and insights from dozens of literary and design luminaries. Co-authored by celebrated designer and creative director Peter Mendelsund and scholar David Alworth, this fascinating collaboration featuring hundreds of covers challenges our notions of what a book cover can and should be. **Exhibition Catalog**, 1961 Henry Miller Lawrence J. Shifreen, 1993 Wild Dreams of a New Beginning Lawrence Ferlinghetti, 1988 Two acclaimed poetry volumes: Who Are We Now? 1976 and Landscapes of Living and Dying 1979 are brought together. **The Poetry of Miklós Radnóti** Emory Edward George, 1986 **University of California Union Catalog of Monographs Cataloged by the Nine Campuses from 1963 Through 1967: Authors & titles** University of California (System). Institute of Library Research, University of California, Berkeley, 1972 **The Moderns** Steven Heller, Greg D'Onofrio, 2017-09-19 In The Moderns we meet the men and women

who invented and shaped Midcentury Modern graphic design in America The book is made up of generously illustrated profiles many based on interviews of more than 60 designers whose magazine book and record covers advertisements and package designs posters and other projects created the visual aesthetics of postwar modernity Some were migrants from Europe others were homegrown all were intoxicated by elemental typography primary colors photography and geometric or biomorphic forms Some are well known others are honored in this volume for the first time and together they comprised a movement that changed our design world

Whispering the Strategies of Language: An Emotional Quest through **Wisdom Of The Heart New Directions Paperbook**

In a digitally-driven world wherever monitors reign great and instant communication drowns out the subtleties of language, the profound strategies and emotional subtleties concealed within phrases frequently get unheard. Yet, set within the pages of **Wisdom Of The Heart New Directions Paperbook** a fascinating literary treasure pulsating with organic thoughts, lies a fantastic quest waiting to be undertaken. Penned by an experienced wordsmith, this marvelous opus invites visitors on an introspective trip, softly unraveling the veiled truths and profound affect resonating within the fabric of each word. Within the psychological depths of this touching review, we will embark upon a genuine exploration of the book's core subjects, dissect its charming writing style, and fail to the strong resonance it evokes deep within the recesses of readers' hearts.
