Congress. House. Committee on Government Reform and Oversight, 1998 **Spatial Database for GPS Wildlife Tracking Data** Ferdinando Urbano, Francesca Cagnacci, 2014-03-12 This book guides animal ecologists biologists and wildlife and data managers through a step by step procedure to build their own advanced software platforms to manage and process wildlife tracking data This unique problem solving oriented guide focuses on how to extract the most from GPS animal tracking data while preventing error propagation and optimizing analysis performance Based on the open source PostgreSQL PostGIS spatial

database the software platform will allow researchers and managers to integrate and harmonize GPS tracking data together with animal characteristics environmental data sets including remote sensing image time series and other bio logged data such as acceleration data Moreover the book shows how the powerful R statistical environment can be integrated into the software platform either connecting the database with R or embedding the same tools in the database through the PostgreSQL extension Pl R The client server architecture allows users to remotely connect a number of software applications that can be used as a database front end including GIS software and WebGIS Each chapter offers a real world data management and processing problem that is discussed in its biological context solutions are proposed and exemplified through ad hoc SQL code progressively exploring the potential of spatial database functions applied to the respective wildlife tracking case Finally wildlife tracking management issues are discussed in the increasingly widespread framework of collaborative science and data sharing GPS animal telemetry data from a real study freely available online are used to demonstrate the proposed examples This book is also suitable for undergraduate and graduate students if accompanied by the basics of databases

Follow the Spinning Sun Leandro Thomas Gonzales, 2014-02-07 Living in one of the most beautiful places on Earth the Anasazi Indians enjoyed a good and bountiful life Yet for some reason they abandoned their village and all that remains are the ruins of Tyuoni at the Bandelier National Monument in New Mexico In this work of fiction Jopin an eighty year old elder desperate for an answer embarks on a prayer quest that takes him on a chain of events which will unveil the fate of Tyuoni Deer tracker his pre teen grandson and Knee nose a young spotted deer help Jopin deal with Chief Salamander s questionable actions and motives as the tribe journeys on a treacherous and intriguing odyssey In his story the author strives to demonstrate how a significant religious event could have influenced the people to abandon their majestic village join the Great Migration and follow the spinning sun to their new homeland even though popular belief purports that the Anasazi vanished because of war severe drought or famine The wonder of living in such an extraordinary time and place will provoke interest in the age old mystery of what really happened

What Happened at Quasi George Cary Eggleston, 1911 *Entering the Mind of the Tracker* Tamarack Song, 2013-03-24 Training methods for tracking and wilderness observation woven into extraordinary real life stories of intuitive animal reading skills Explains technical tracking methods and observational skills such as shadowing and envisioning through the innermost thoughts of an accomplished native tracker Reveals how to track by expanding your awareness and consciousness to become one with the animal you are tracking Shares stories of tracking Wolves Bears Deer Cougars and many other animals Stepping beyond the shape of a footprint and into the unseen story of the track veteran wilderness guide Tamarack Song takes you inside the eyes and mind of an intuitive tracker with intimate stories where Frogs show the way out of the woods scat reveals life histories and Bears demonstrate how to find missing people Drawing from his years of surviving in the wild apprenticing to native elders and living with a family of wolves Tamarack reveals how to achieve a level of perception like that of aboriginal trackers by

becoming one with the animal you are tracking whether Fox Deer Coyote or Cougar Sharing his innermost thoughts while following track and sign the book s adventures merge technical tracking methods with skills such as shadowing and envisioning while demonstrating animal reading skills considered outside the human realm The author explains how to expand your awareness to learn from nature by becoming nature and tap in to the intuitive tracking consciousness each of us has inherited from our Paleolithic ancestors Through his stories from the trail Tamarack shows the art of tracking not simply as a skill for hunters and naturalists but as a metaphor for conscious living By exploring the intricacies of the natural world we explore not only our connections to the world around us but also our internal landscapes We learn to better express ourselves and listen meet our needs and help others Intuitive tracking provides a path to finding ourselves becoming one with all life and restoring humanity s place in the Great Hoop of Life **Louisiana Conservationist** ,1978
